

**HILLSBOROUGH COUNTY CLERK OF THE CIRCUIT COURT
ELECTRONIC RECORDING
BUSINESS RULES**

As Clerk of the Circuit Court for Hillsborough County, it is our intent to accept electronically transmitted documents submitted for recording through Hillsborough County's Official Records system. What follows are the Business Rules which have been established to comply with the rules prescribed by the Department of State and recommended by the Florida Electronic Recording Advisory Committee.

The following Business Rules remain in effect until notice is given of a pending change. This office will generally provide at least 30 days notice of any changes.

1. Electronic Recording:

ERecording is a concept of using electronic media for recording. The Hillsborough County Clerk of the Circuit Court will accept 2 Models for this process noted below.

Model 1: Submitting organizations transmit scanned images of ink signed documents or an electronic document electronically signed and notarized, along with data necessary for processing, indexing, and returning the document, to the Official Records Department. The Official Records Department of Hillsborough County Clerk of the Circuit Court staff performs an electronic examination of the imaged document and indexing data, and then completes the recording process using the imaged copy and electronic indexing information. The electronic version of the recorded document is returned to the eRecording Provider, together with the recording endorsement data.

Model 2: Submitting organizations transmit documents which have been created, signed and notarized electronically containing the electronic indexing information, or SMART™ documents which are a single object containing the electronic version of the document in such a way that enables the electronic extraction of data from the object. SMART™ documents are required to be signed and notarized electronically. Electronic signatures must comply with the Florida Uniform Electronic Transaction Act (UETA). The Official Records of Hillsborough County Clerk of the Circuit Court staff performs an examination of the electronic documents and indexing information, and then completes the recording process using the electronic documents. Images of electronic and SMART™ documents are made, and returned to the submitting organization, along with recording endorsement data.

a. Format of the Transmitted File

Property Records Industry Association (PRIA)/Mortgage Industry Standards Maintenance Organization (MISMO) file format standards will be used. The file format shall be TIFF or PDF, and must be so specified.

b. Communications Protocol and Options

Transmission Control Protocol/Internet Protocol (TCP/IP), HTTP and HTTPS will be used.

c. Security Framework

Encryption will be a minimum 128 bit file and image encryption. Secure Socket Layer (SSL) and user login/password will be employed. User passwords are controlled by the ERecording Provider and should be monitored/or changed periodically to ensure security. Computers on which documents originate must have all critical operating system patches applied, must have a firewall (hardware or software) installed, and must have up to date virus scan software.

d. Returned File Format

Property Records Industry Association (PRIA)/Mortgage Industry Standards Maintenance Organization (MISMO) file format standard will be used. Documents will be returned in the file format (TIFF or PDF) specified by the submitter.

e. Electronic Signatures and Use of Digital Certificates

The use of Electronic Signatures and Digital Certificates will need to adhere to the guidelines set out in any applicable Florida Statutes and Florida Department of State administrative rules.

f. Imaging Standards

Documents must be scanned at a minimum of 300 dpi and must be transmitted in portrait mode. Document images will be captured on single pages (or specified multi page) storage format. Scanned documents will be legible and reproducible – including signatures and notary seals. Document details, such as margins, font size, and other similar requirements, must meet all applicable state or local standards. Documents must be scanned to original size.

2. Program Eligibility:

eRecording requires a close working relationship as well as mutual trust between this office and the submitting entity. All parties to the eRecording transaction desire to operate and maintain a secure recording system that safeguards parties to recordation from deceit, fraud and forgery. These Business Rules outline the procedures and practices for the trusted relationship between the Clerk’s Office and all eRecording Providers. Participation in the eRecording program is voluntary and the decision to do so is a business judgment.

3. County Requirements:

The eRecording Program of Hillsborough County Clerk of the Circuit Court is defined by the requirements included in these Business Rules, and by our Recording System software provider, Aptitude Solutions 866-278-4765.

4. eRecording Payment Requirements

It is the Hillsborough County Clerk of the Circuit Courts decision to accept Automated Clearing House (ACH) Debit transactions as the payment method for an eRecording transaction. The eRecording Provider must sign an authorization form, allowing Automated Clearing House (ACH) the ability to remove funds from the account to pay for the recording of the document transactions fees. It is the eRecording Provider's responsibility to inform the Hillsborough County Clerk of the Circuit Court of any

changes to their ACH account at least 10 days prior to the change. The Hillsborough County Clerk of the Circuit Court may terminate the eRecording Provider's authorization for failure to report changes in ACH, or for non-availability of funds. The eRecording Provider will not be able to access the eRecording system, if applications have been accepted and the funds are not sufficient for recording fees.

5. eRecording Provider Client's Responsibilities:

eRecording Provider Clients are expected to abide by Florida law. eRecording allows submitters to prepare, sign and/or transmit documents and business records in electronic formats. The electronically transmitted documents will be considered the "original record" of the transaction in substitution for, and with the same intended effect as paper documents.

eRecording Provider Clients are expected to be diligent in ensuring that documents submitted for eRecording have been checked before submission for errors, omissions, scanning defects, illegible areas, and other deficiencies that would affect the Hillsborough County Clerk of the Circuit Court's ability to record the document and the public record to be created.

eRecording Provider Clients and/or their employees attest to the accuracy and completeness of the electronic records and acknowledge responsibility for the content of the documents. Should a dispute or legal action arise concerning an electronic transaction, the Hillsborough County Clerk of the Circuit Court will be held harmless and not liable for any damages.

eRecording Provider Clients are responsible for the costs of the system or services provided by a third party that enables them to meet the requirements of eRecording.

eRecording Provider will immediately notify the Hillsborough County Clerk of the Circuit Court of any security incident, including but not limited to attempts to or actual unauthorized access to its pathway, which could compromise or otherwise adversely affect the Hillsborough County Clerk of the Circuit Court's data systems.

eRecording Provider will work to ensure that all security measures and credentials implemented are protected. Documents are to be authenticated and transmitted without modification. eRecording Providers are expected to maintain an audit trail of all activity, available to the Hillsborough County Clerk of the Circuit Court, upon request, to resolve issues or investigate potential fraudulent activity. The audit trail must contain, at a minimum.

- eRecording Provider Clients ID
- eRecording Provider Clients content at point of receipt from Company
- eRecording Provider Clients content as at point of delivery to Hillsborough County Clerk of the Circuit Court
- Dates and times submitted

- Size of File
- Number of pages
- Check-sum

eRecording Providers are responsible for coordinating all technical problems and issues through the Hillsborough County Clerk of the Circuit Court MIS Group.

6. Hillsborough County Clerk of the Circuit Court Responsibilities:

Hillsborough County Clerk of the Circuit Court will attempt to protect the integrity of the recording process through ongoing monitoring of documents received and recorded through eRecording methods.

Hillsborough County Clerk of the Circuit Court will test and maintain eRecording software and hardware required to operate the eRecording capability. Hillsborough County Clerk of the Circuit Court, however, shall be held harmless and not liable for any damages resulting from software or equipment failure and assumes no contractual liability for any damages whatsoever, via any part of this document.

Hillsborough County Clerk of the Circuit Court will apply the same level of diligence in handling documents submitted electronically as those submitted through the normal hard copy process.

7. General Understandings:

The Hillsborough County Clerk of the Circuit Court will not incur any liability for the information electronically transmitted by eRecording Providers, including but not limited to, any breach of security, fraud or deceit.

The Hillsborough County Clerk of the Circuit Court and eRecording Providers will attempt in good faith to resolve any controversy or claim arising out of or relating to eRecording through negotiation prior to initiating litigation.

The Hillsborough County Clerk of the Circuit Court may terminate any eRecording Provider authorization to eRecord for any reason.

Documents may be rejected in accordance with Florida law, including, but not limited to the following reasons:

- Document not authorized to be recorded as per F.S 28.222
- Failure to pay fees as prescribed by law
- Document fails to meet any other applicable legal requirement

8. Personally Identifying Information:

The eRecording Provider agrees that all personally identifying information which is considered privileged and confidential under Florida law contained within the documents

will not be released by the eRecording Provider to any individual or other legal entity who would not otherwise have access to such information. Any release of information by the eRecording Provider to any unauthorized individual or other legal entity may result in the Hillsborough County Clerk of the Circuit Court terminating the eRecording Provider authorization to eRecord.

9. Terminations:

The Hillsborough County Clerk of the Circuit Court may cease eRecording at any time for any reason as long as 15 days notice is provided.

The person executing this acknowledgement is presumed by the Hillsborough County Clerk of the Circuit Court to be authorized to do so, on behalf of the eRecording Provider.

10. Amendment to ERecord Business rules

Any amendments or modifications to these Business Rules will generally be sent providing at least 30 days notice prior to the change.
