The procedures and the associated findings are as follows:

No exceptions were found as a result of the procedure.

No exceptions were found as a result of the procedure.
3) We agreed the classifications of the revenue and expenditure listed on the Statement to the classifications in the County's general ledger.

No exceptions were found as a result of the procedure.
4) We compared the expenditures reported in the 2022 Statement to those reported in the 2021 Statement to determine if the County was in compliance with Section 29.008(4)(c), which requires that the level of expenditures by certain categories increase by $1.5 \%$ over the level expended in the prior fiscal year.

Independent Accountant's Report on Applying Agreed-Upon Procedures on Hillsborough County, Florida Statement of County Funded Court Related Functions, Section 29.0085, Florida Statutes, for the Fiscal Year Ended September 30, 2021

## Management Response:

The County spent $\$ 44,342,233$ for the court system during fiscal year 2022. Overall County-funded court-related costs increased by over $1.5 \%$ from the prior year. However, certain individual line items (Maintenance, Security and Total Communications Systems and Services) did not increase by 1.5\% over the prior fiscal year. A higher volume of activity conducted virtually during fiscal year 2022 may have contributed to these line items not increasing by 1.5\%.
