Independent Auditor's Report

Board of County Commissioners Hillsborough County, Florida

Report on Compliance for Each Major Federal Program and Each Major State Financial Assistance Project

Opinion on Each Major Federal Program and Each Major State Financial Assistance Project We have audited Hillsborough County, Florida's (the County) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the *Department of Financial Services' State Projects Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs and major state financial assistance projects for the year ended September 30, 2022. The County's major federal programs and major state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and major state financial assistance projects for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program and Each Major State Financial Assistance Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the audit requirements of Chapter 10.550, *Rules of the Auditor General* (Chapter 10.550). Our responsibilities under those standards, the Uniform Guidance, and Chapter 10.550 are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and each major state financial assistance project. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the County's federal programs and state financial assistance projects.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program and each major state financial assistance project as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550 we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, but
 not for the purpose of expressing an opinion on the effectiveness of the County's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state financial assistance project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance sa reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state financial assistance project *in internal control over compliance* of a federal program or state financial assistance project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiencies, in internal control over compliance is a deficiencies, in internal control over compliance is a deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state financial assistance project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance and Schedule of State Financial Assistance Required by Chapter 10.550, *Rules of the Florida Auditor General*

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We have issued our report thereon dated, June 6, 2023, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are presented for purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550. Rules of the Auditor General and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves. and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Independent Auditor's Report

The Board of County Commissioners Hillsborough County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Hillsborough County, Florida (the County) as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 6, 2023.

Our report includes a reference to another auditor who audited the financial statements of the Housing Finance Authority of Hillsborough County, a discretely presented component unit, as described in our report on the County's financial statements. This report does not include the results of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by that auditor.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001, that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001.

County's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

HILLSBOROUGH COUNTY, FLORIDA Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance

For the fiscal year ended September 30, 2022

Note 1 - Financial Reporting Entity

The Hillsborough County (County") reporting entity is defined in Note 1 of the County's Basic Financial Statements. For purposes of the Schedules of Expenditures of Federal Awards and State Financial Assistance (the Schedules), only the primary government is included in the reporting entity; discretely presented component units are not included.

These notes provide additional information on the accompanying Schedules. The first schedule presents expenditures related to federal awards that were provided directly by federal agencies as well as federal awards that were passed through other government agencies. The second schedule presents expenditures related to state awards that were provided directly by state agencies as well as state awards that were passed through other governmental agencies. Because the Schedules present only a selected portion of the operations of the County, they are not intended to and do not present the financial position, changes in net position, or where applicable, cash flows of the County.

Note 2 - Basis of Accounting

Expenditures reported on the Schedules are reported using the modified accrual basis of accounting for governmental funds and using the accrual basis of accounting in the proprietary funds. In the accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance only the Palm River Water and Sewer Expansion project (CSFA Number 37.039) is reported on the accrual basis of Accounting. For more information on the basis of accounting, see Note 1.C. of the County's Basic Financial Statements.

Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), wherein certain types of expenditures are not allowable or are limited as to reimbursement. The information in this Schedule is presented in accordance with the requirements of the Uniform Guidance, and Chapter 10.550, Rules of the Auditor General. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

Note 3 - Negative Figures on the Schedules of Expenditures and Assistance

Negative expenditures reported in the Schedules of Expenditures of Federal Awards and State Financial Assistance may be the result of a correction of an expenditure which was originally posted in a prior fiscal year, such as the recording of a refund for goods or services not received. Although the current expenditures on a grant may be negative, the total of all expenditures on the grant is expected to be positive over its entire period of performance.

HILLSBOROUGH COUNTY, FLORIDA Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance

For the fiscal year ended September 30, 2022

Note 4 – Capital Equipment Purchased with Grant Funds

Capital Equipment purchased, which was \$5,000 or more and expected to last 1 year or longer, in the amount of \$189,268 was provided by various grants as noted below:

ALN	Grantor Agency	Amount		
66.001	Environmental Protection Agency	\$ 33,929		
97.067	Homeland Security	\$ 108,632		
97.044	Homeland Security	\$ 46,708		
	Total	<u>\$ 189,269</u>		

Note 5 - Sales Tax Rebate for Professional Sports Franchise Facilities

The County receives a sales tax rebate from the state of Florida under Sections 212.20 and 288.1162, Florida Statutes, for a professional sports franchise facility. The County serves as a conduit passing the entire amount on through to the Tampa Sports Authority for debt service on its stadium bonds. Starting with fiscal year 2002, these rebates were designated by the state of Florida to be financial assistance subject to the state Single Audit (CSFA Number 73.016).

Note 6 - Relationship to Grant Reports

Amounts reported in the accompanying schedules are consistent with the amounts reported in separately issued final grant reports to federal, federal pass-through, state, and state pass-through grantors as of September 30, 2022.

Note 7 – Indirect Costs

Grant agreements that do not prohibit the inclusion of indirect (facilities and administrative) costs may include such costs. The approval of indirect cost rates are usually formalized by a rate agreement signed by the federal awarding agency and the county administrator, who is the authorized organizational representative for the County. However, the County's cognizant agency (US Department of Health and Human Services) does not provide a "negotiated indirect cost rate agreement," but simply requires the County to have an annual Cost Allocation Plan prepared which describes how the County derives its indirect cost rates.

See the Indirect Cost Allocation Plan at: <u>http://www.hillsboroughcounty.org/en/government/budget/budget-information/cost-allocation-plans</u>. The County does not utilize 10% de minimus indirect cost rate.

Finding No. 2022-001 – Compliance with Florida Statute 218, Local Government Prompt Payment Act

Material Weakness

<u>Criteria</u>: Florida Statute 218.47(2) states that the payment due date for a local government entity for the purchase of goods and services other than construction services is 45 days after the date specified in Florida Statute, 218.73. Florida Statute 218.73(1) indicates the calculation to start with the date on which a proper invoice is received by the chief disbursement officer of the local government entity.

<u>Condition</u>: During our audit, we identified purchases of goods and services that were not paid within the time requirements established by Florida Statute 218, *Local Government Prompt Payment Act*.

<u>Effect</u>: The effect, by opinion unit, is shown below. The noncompliance resulted in vendors not being paid timely and within statute requirements.

	Total Disbursements		C	Questioned
Total Disbursements Tested	Tested	Compliant	Costs	
General Fund	26	3	\$	389,000
Countywide Special Purpose Fund	14	5		300,312

Local Housing Assistance Fund	3	3		53,082
Solid Waste Fund	7	4		543,974
Water Fund	15	6		5,849,345

<u>Cause</u>: The County's control procedures and staffing levels were not sufficient in order to mitigate the above condition.

Repeat Finding: This is not a repeat finding.

<u>Recommendation</u>: We recommend Hillsborough County strengthen the internal control environment surrounding ensuring timely payment in accordance with the Criteria above.

<u>View of Responsible Officials and Planned Corrective Actions</u>: Management agrees with the finding. See Corrective Action Plan.
