

Hillsborough County, Florida Financial Summary Report

Fiscal Year Ended September 30, 2009

To the Residents of Hillsborough County:

I am pleased to provide you with the Hillsborough County, Florida Financial Summary Report for the Fiscal Year Ended September 30, 2009. It presents the County's fiscal year 2009 financial activity in a concise and easy to read format. This year's cover presents photographs of Lettuce Lake Park donated to the Hillsborough County Parks, Recreation and Conservation Department by renowned photographer Johnny Alterman.

The information in this Financial Summary Report was derived from the Hillsborough County, Florida Comprehensive Annual Financial Report for the Fiscal Year Ended September 30, 2009 (CAFR). The CAFR consists of 250 pages of detailed financial statements, notes, schedules, and reports. The CAFR is posted at www.hillsclerk.com (select "Clerks in the Sunshine" and then "Financial Reports - County"). It is also available at the Finance Department, County Center 12th Floor, 601 E. Kennedy Blvd, Tampa, FL 33602 or by calling (813) 276-8100 ext. 3766. The Financial Summary Report presents the financial information of all County government operations, including those of the Board of County Commissioners, Clerk of Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector, but excludes discretely presented component units. Since the Financial Summary Report contains simplified information, it does not conform to Generally Accepted Accounting Principles (GAAP) for governmental entities. As the Chief Financial Officer of Hillsborough County, I am fully responsible for the accuracy of these financial reports. I hope that you find this report interesting and informative.

Sincerely,

Pat Frank

Pat Frank

Total business-type activities	 347	357	(10)	-3 %
Total revenues	\$ 1,878	2,057	(179)	-9 %

Governmental Activities are activities supported primarily by taxes, state shared revenues, charges for service, or federal and state grants. Governmental activities consist of all activities not included in the business-type activities category.

Business-type Activities are activities supported by fees and user charges that are set to recover the cost of services provided. Business-type activities consist of the Water Resource Services System and the Solid Waste Resource Recovery System.

Property taxes fell \$47.5 million or 6% due to a 13.9% decrease in the taxable assessed value of real property in Hillsborough County. Taxable assessed value is market value less property tax exemptions. This decline was the net result of market values of real property falling \$11.9 billion, offset by property tax exemptions falling \$1.3 billion (since a decrease in exemptions increases taxable assessed values).

Sales taxes consist of discretionary sales surtaxes such as the Community Investment Tax and Health Care Sales Surtax. **State shared revenues** consist of revenues received from the state of Florida such as the Local Government Half-Cent Sales Tax, state revenue sharing proceeds, the Constitutional Fuel Tax, and County Fuel Tax. The \$21.5 million decrease was due to a lower level of economic activity which resulted in decreases in: the Health Care Sales Surtax of \$9.4 million; Community Investment Tax sales surtax of \$9.3 million; Local Government Half-Cent Sales Tax of \$8.7 million; and state revenue sharing proceeds of \$2.8 million. These declines were partly offset by a new state shared revenue of \$7.3 million to fund the Clerk of Circuit Court's court-related operations since new legislation required the Clerk's court-related fines, fees, and service charges to be sent to the state of Florida.

Overall **investment earnings** decreased \$17.9 million due to a steep decline in shortterm interest rates earned on US treasury securities and other high quality investments.

Grants and **contributions** decreased \$31.5 million primarily due to: a \$36.3 million decrease in the receipt of infrastructure contributions such as roads and sidewalks from real estate developers; and a \$3.8 million decrease in grants received for the construction or acquisition of capital assets; offset by a net \$8.6 million increase in operating grants received for economic development (housing), human services, public safety, and physical environment.

Other Revenues decreased \$42.5 million due to: a \$16.7 million decline in developer contributions for the widening of US Highway 301; a \$7.8 million decrease in impact fees; a \$6.4 million decline from street lighting assessments being moved to the Charges for Services category in FY 2009; a \$9.8 million reduction in reimbursements from the state for the US Highway 301 widening project; and a \$1.3 million reduction in miscellaneous revenues received in the Sheriff's Law Enforcement and Jail Inmate Canteen Funds.

Expenses

Total expenses fell \$18 million or 1% from the previous year while the County's population rose 1% during the same period.

Amounts in Millions	Fiscal Yr 2009	Fiscal Yr 2008	Increase (Decrease)	Percent Change
Governmental Activities:

Total business-type activities	300	288	12	4 %
Total expenses	\$ 1,768	1,786	(18)	-1 %

General government expenses include categories such as administrative, financial, court administration and court-related, budgeting and accounting, property appraisals, tax collection, master planning, zoning, and economic development. General government expenses decreased \$7.4 million primarily due to: a \$4.3 million decrease in Community Investment Tax revenues resulting in lower distributions to other governments; a \$6.5 million increase in new school land and construction; a \$6.8 decrease due to lower court-related funding from the state of Florida; a \$1.8 million decrease in public records modernization expenditures; and a \$1.5 million reduction from prior year bond issuance costs not repeated in FY 2009.

Public safety expenses are related to providing security for people and property. This category includes costs of the Sheriff, Fire Rescue, the Medical Examiner, Consumer Affairs, building inspections, and emergency and disaster relief services.

Physical environment expenses are associated with conserving and managing natural resources such as air, water, soil, wildlife, as well as controlling pollution.

Transportation expenses are related to maintaining county roads, bridges, street lighting, stormwater systems, other infrastructure, and highway safety projects. Expenses fell \$39.8 million primarily due to: a \$59.0 million decrease in payments to the state of Florida for advance funding of the US Highway 301 widening project; an \$11.1 million increase from higher infrastructure asset disposals; a \$6.9 million increase for road resurfacing costs; and a \$3.0 million increase in payments to the city of Tampa for the 40th Street Corridor Enhancement project.

Economic environment expenses are related to: new business promotion and development; disadvantaged minority, women and small business enterprise programs; and housing assistance and rehabilitation programs. Expenses increased \$6.4 million primarily due to: a \$11.9 million increase in industry incentive payments to the H. Lee Moffitt Cancer Center and Research Institute for the Moffitt Genetics Project (M2Gen) with Merck & Co; a \$3.1 million reduction in the Sales Tax Revenue Fund due to reduced level of tourist development taxes received; a \$2.9 million decrease in the Community Development Block Grant and other grants; an increase of \$1.4 million in Section 8 housing grants; and a \$1.8 million decrease in rehabilitation and First Time Home Buyers down payment loans.

Human services expenses are related to providing services such as health care for the poor, public assistance, care for the elderly, social services, as well as animal and mosquito control. Expenses increased \$12.0 million primarily due to a \$12.5 million increase in medical payments for low-income residents because the number of individuals served increased 6% to about 27,400.

Culture and recreation expenses are associated with libraries, parks, and recreational facilities.
