1. Executive Summary

COUNTY DEBT OUTSTANDING (AS OF 9/30/2022)

<u>COUNTY-ISSUED DEBT*</u>	<u>Amount Outstanding</u>	<u>Total</u>
General Obligation Bonds		
Environmental Lands Acquisition and Preservation (ELAPP)	98,075,000	
Parks Facilities	2,415,000	
Subtotal		\$100,490,000
Non-Ad Valorem Revenue Bonds and Notes		
Government Facilities except Stadium & Arena	594,119,000	
County Stadium & Arena	70,261,000	
Subtotal		664,380,000
Tax-Exempt Non-Ad Valorem Commercial Paper (TECP)		35,520,000
Taxable Non-Ad Valorem Commercial Paper (TCP)		10,100,000
Enterprise Fund Bonds		
Water/Wastewater Utility	453,935,000	
Solid Waste Disposal/Resource Recovery	84,885,000	
Subtotal		538,820,000
Tax-Exempt Enterprise Fund Lines of Credit		22,200,000
Total County-Issued Debt		\$1,371,510,000
<u>NON COUNTY-ISSUED DEBT PAID WITH COUNTY REVENUE</u>		
TSA--Raymond James Stadium Bonds		45,490,000
ALL COUNTY DEBT OUTSTANDING		<u>\$1,417,000,000</u>

*Excludes County-issued Special Assessment Revenue Bonds

All County Debt Outstanding as of 9/30/22 is \$1.42 billion^(a)

(a) Excludes County-issued Special Assessment Revenue Bonds

(b) Non-Ad Valorem debt financings include:

- (1) Commercial Paper (excluding enterprise fund issuances)
- (2) Stadium and Arena debt
- (3) Transportation, Criminal Justice, Culture and Recreation, County facility projects

DEBT SERVICE ON COUNTY ISSUED DEBT - FY2023

Non-Self Supporting Revenue Debt per Capita* (based upon pop)	<870.00	\$481.37
Non-Self Supporting Revenue as % of Taxable value* (based upon \$000.0)	<1.0%	0.58%
General Government Direct Debt per Capita (based upon pop)	<\$1,020	\$590.06
Direct Debt as a % of Taxable Value (based upon \$000.0)	<1.50%	0.71%

FY23 Debt Service* on County-issued Debt Including Special Assessment Debt and County-supported Tampa Sports Authority Debt

*Excludes budgeted debt service on commercial paper

Total Debt Service \$157.9 Million

EXECUTIVE SUMMARY

On September 30, 2022, the County's total debt outstanding was \$1,470,720,000 and consisted of \$1,425,230,000 in County-issued debt and \$45,490,000 in debt issued by the Tampa Sports Authority. The outstanding \$1,425,230,000 in County-issued debt consisted of about \$614,740,000 (43%) in enterprise fund debt, \$100,490,000 (7%) in general obligation debt, and \$710,000,000 (50%) in non-ad valorem revenue supported debt, including \$35,520,000 (2% of County-issued debt) in tax-exempt commercial paper and \$10,100,000 (<.1% of County-issued debt) in taxable commercial paper.

The County's enterprise fund and general obligation debt continue to be "self-supporting" in that this debt is secured solely by and paid from enterprise fund revenue and ad valorem taxes. Non-enterprise, non-ad valorem revenue bonds are supported by revenues specifically earmarked for such purpose, such as state shared half-cent sales tax and the Community Investment Sales Surtax¹ ("CIT").

Bonds issued to finance construction of the Amalie Arena (a multi-purpose arena and home to the NHL Lightning franchise) are repaid from the County's 5th Cent of the Tourist Development Tax (the "TDT"), which can only be used for debt service on professional sports franchise facilities and for tourism marketing costs. Bonds issued to finance construction of Raymond James Stadium (home of the NFL Buccaneers) are repaid from a portion of CIT revenues, the 4th Cent of the TDT, and payments from State of Florida sales tax rebates.

The County has significant debt capacity remaining and is in compliance with its anti-dilution test¹. However, all major County revenue streams are being used to either pay debt service or to fund County operations and reserves. Any use of these revenue streams to secure and pay additional debt could impact County operations unless additional revenue sources are identified. One exception is the CIT revenue which was originally levied in fiscal year 1997 for 30 years and may be used only for capital projects. The majority of future CIT revenue has been committed to specific capital projects. Because of the short time period remaining before the expiration of the CIT surtax, the County expects that most of these projects will be cash-funded.

The County has credit ratings on its debt from Moody's Investors Service, Standard and Poor's (S&P), and Fitch Ratings. Each of the three credit rating agencies has assigned the County general credit ratings of "Aaa", "AAA", and "AAA", respectively. These ratings represent the highest attainable credit rating assigned by each agency. According to the rating agencies, the ratings reflect the County's diverse economic base, population growth, property tax base, healthy reserves, and conservative financial management practices. The rating agencies have separately rated other bonds of the County which are secured by specific revenue pledges. These are described later in this report.

¹ An Anti-Dilution test is computed with respect to debt secured by the County's covenant to budget and appropriate from legally available non-ad valorem revenues. This test measures the extent to which the County can use non-ad valorem revenues for debt service on additional bonds in relation to general government services. The purpose of this test is to ensure that the County does not excessively leverage its non-ad valorem revenues.

When appropriate, the County utilizes its Commercial Paper program to encumber contracts and to provide short-term finance rather than issuing long-term debt. Of the \$1.43 billion in total County-issued debt outstanding on September 30, 2022, \$1.36 billion (or 95.2%) is financed with fixed interest rates and about \$67.82 million (or 4.8%) is financed with variable rate commercial paper. This represents a debt mix that is well-insulated from interest rate volatility. Depending on market conditions, the County plans to vary its short-term debt issuance to lower the County's cost of capital without overexposing the County to short-term interest rate spikes. This objective is reflected in the County's FY22-FY27 Capital Improvements Program (the "CIP") adopted by the Board in September 2021. As part of its funding plan, the CIP relies on a mix of commercial paper and bonds to meet its objectives.

SUMMARY OF RECENT AND FUTURE DEBT ISSUANCES

Capital Improvement Non-Ad Valorem Refunding Revenue Bonds: On June 17, 2021 the County entered into a \$275,541,016 revolving credit facility agreement for the purpose of providing short-term funding to a variety of capital improvement projects. This credit facility replaced an expiring and near identical facility the County had in place with a different bank.

On May 25, 2021 the County issued its \$189,290,000 Capital Improvement Program Non-Ad Valorem Revenue Bonds for the purpose of paying off commercial paper notes previously issued to fund transportation project costs, and in order to fund additional transportation project costs.

General Obligation Bonds: On July 31, 2019 the County issued its Series 2019A General Obligation Refunding Bonds (Environmental Lands Acquisition and Protection Program) in the amount of \$38,830,000 for the purpose of refunding its \$48,125,000 Series 2009B Federally Taxable, Direct Subsidy Build America General Obligation Bonds (Environmental Lands Acquisition and Protection Program), and its Series 2019B General Obligation Bonds (Environmental Lands Acquisition and Protection Program) for the purpose of financing the acquisition, preservation, protection, management and restoration of environmentally sensitive lands.

Solid Waste System Debt: On December 21, 2020 the County opened a variable rate line of credit in the amount of \$22,000,000. The line of credit was obtained for the purpose of funding certain capital improvements to the Solid Waste System, including the construction of improvements at the System's Northwest Transfer Station facility, and the purchase of a leachate evaporate concentrator.

Public Utility (Water and Wastewater) System Debt: On March 28, 2022 the County opened a variable rate line of credit in the amount of \$37,500,000 for the purpose of funding certain capital improvements to the Water and Wastewater System, including the construction of improvements at the System's future One Water Campus facility.

On July 19, 2021 the County issued its Series 2021A Utility Revenue Bonds in the amount of \$155,155,000 and its Series 2021B Utility Refunding Revenue Bonds in the amount of \$19,780,000. The 2021A Bonds were issued in order to fund several water and wastewater capital improvement projects. The 2021B Bonds were issued for the purpose of refunding all of the County's outstanding Utility Revenue Bonds, Series 2010C (Federally Taxable – Recovery Zone Economic Development Bonds – Direct Payment).

Special Assessment Bonds: On April 12, 2021 the County issued its Series 2021 Wastewater Impact Fee Assessment Special Assessment Revenue Bonds in the amount of \$58,040,000 for the purpose of partially

funding certain improvements to the Public Utilities Water/Wastewater System intended to increase capacity in southern Hillsborough County.

PLANNED FUTURE BOND ISSUANCES:

In early 2023, the County intends to issue approximately \$32 million in general obligation bonds for the purpose of acquiring environmentally sensitive lands for inclusion in its Environmental Lands Acquisition and Protection Program.

In early 2023, the County intends to issue approximately \$466 million in rate-backed revenue bonds for the purpose of funding certain improvements to the Public Utilities Water/Wastewater System intended to increase capacity in southern Hillsborough County, and to refinance the System's \$37.5 million variable rate line of credit.

In early 2023, the County intends to issue approximately \$86 million in rate-backed revenue bonds for the purpose of partially funding certain improvements to the Solid Waste and Resource Recovery System, and to refinance the System's \$22 million variable rate line of credit.

In mid to late 2023, the County intends to issue approximately \$2.6 million in special assessment-backed debt for the purpose of funding capital improvements constructed in connection with Ordinance No. 14-31 and Resolution No. R19-002.

SUMMARY OF DEFEASANCE AND REDEMPTION OF DEBT:

On July 19, 2021, the County defeased all outstanding maturities of its Utility Revenue Bonds, Series 2010C (Federally Taxable – Recovery Zone Economic Development Bonds – Direct Payment) using proceeds from the issuance of its Utility Refunding Revenue Bonds, Series 2021B. The outstanding Bonds had a par value of \$21,700,000 at the time of refunding.

On September 1, 2020, the County repaid the outstanding balance on its Series 2013 Solid Waste and Resource Recovery Bond (AMT) using cash reserves from the System's Rate Stabilization Fund. The outstanding balance on the Bond was \$10,603,000 at the time of final payment.

On July 31, 2019, the County defeased all outstanding maturities of its Taxable General Obligation Bonds (Environmental Lands Acquisition and Protection Program), Series 2009B using proceeds from the issuance of its General Obligation Refunding Bonds (Environmental Lands Acquisition and Protection Program), Series 2019A. The outstanding Bonds had a par value of \$48,125,000 at the time of refunding.

CONCLUSION

The County issues debt in accordance with its Debt Policy, adopted by the County Commission, which governs the type and amount of borrowings that are best suited to achieving its financing objectives. On a per capita basis, Hillsborough County debt is comparable to similarly sized counties.

To address short-term capital project funding requirements, the County utilizes its Commercial Paper program. Under this program the Board authorizes short-term borrowings when needed to provide adequate cash flow for active projects. This approach ensures that long-term debt is issued only when

needed and is only issued in appropriate amounts. Furthermore, tax exempt short-term debt tends to be the lowest cost financing tool available to local governments resulting in substantial savings to the County. Upon completion of capital projects, the County either uses available cash or issues long-term debt at favorable interest rates to pay off outstanding short-term notes, unless there is an interest rate advantage in keeping short-term, variable rate notes outstanding. The County actively and aggressively monitors market opportunities to restructure, to defease, or to redeem its outstanding debt to reduce debt service interest costs. When legally and economically feasible, County management will use lower interest rate debt or available cash reserves to redeem outstanding debt, thereby increasing revenue to fund County operating activities.

In summary, as confirmed by its credit ratings, the County's financial condition is characterized by strong debt service coverage from pledged revenue, a broad and varied local economy, and strong financial management.

COUNTY CREDIT RATINGS

The County has credit ratings on its debt from Moody's Investors Service ("Moody's"), Standard & Poor's Ratings Services ("S&P"), and Fitch Ratings ("Fitch") and has general credit ratings of Aaa/AAA/AAA. As stated in Moody's credit report for Hillsborough County, an improved credit rating reflects continued health, diversity and growth in the County's economy, strong tax base expansion, strong financial administration, and a manageable debt position. The County's strategic goal is to maintain general credit ratings of at least A2/AA/AA. All the County's credit ratings as of September 30, 2022, are shown in the following table. The County's high credit ratings are a notable achievement since they generally lead to lower interest costs on debt financings. The County's debt obligations are issued and administered in such a manner as to ensure and sustain long-term financial integrity of the County, and to achieve the highest possible credit ratings.

Hillsborough County, Florida Credit Ratings as of September 30, 2022			
<u>Type of Debt Issue</u>	Moody's	S&P	Fitch Ratings
General Obligation Bonds	Aaa	AAA	AAA
Revenue Bonds supported by the County's share of the Community Investment Tax (CIT)	A1	AA	AA

Fiscal Year Ended September 30, 2022

PAGE INTENTIONALLY BLANK.

COUNTY DEBT

As of the fiscal year ending September 30, 2022, the County had total indebtedness of \$1,417,000,000 including County-supported debt issued by the Tampa Sports Authority but excluding County-issued Special Assessment Revenue Bonds (described at the end of this section).

All County Debt is divided into seven categories consisting of:

	Fiscal Year Ended September 30,				
	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>
<u>Governmental</u>					
General Obligation	\$56,435,000	\$109,490,000	\$106,805,000	\$103,725,000	\$100,490,000
Non-Enterprise/Non-Ad Valorem	497,502,000	605,341,000	564,964,000	711,999,000	664,380,000
Taxable Commercial Paper	5,507,000	5,507,000	4,507,000	22,107,000	10,100,000
Tax-Exempt Commercial Paper	<u>22,853,000</u>	<u>33,238,000</u>	<u>68,200,000</u>	<u>34,925,000</u>	<u>35,520,000</u>
Total Governmental Debt	\$582,297,000	\$753,576,000	\$744,476,000	\$872,756,000	\$810,490,000
<u>Enterprise²</u>					
Water & Wastewater	\$342,565,000	\$339,760,000	\$314,505,000	\$461,005,000	\$454,135,000
Solid Waste	<u>119,443,000</u>	<u>111,828,000</u>	<u>96,040,000</u>	<u>101,200,000</u>	<u>106,885,000</u>
Total Enterprise Debt	\$462,008,000	\$451,588,000	\$410,545,000	\$562,205,000	\$561,020,000
Total County Issued Debt	<u>\$1,044,305,000</u>	<u>\$1,205,164,000</u>	<u>\$1,155,021,000</u>	<u>\$1,434,961,000</u>	<u>\$1,371,510,000</u>
<u>Non County-Issued Debt Paid with County Revenue</u>					
Tampa Sports Authority (TSA)	\$76,605,000	\$69,725,000	\$62,030,000	\$53,955,000	\$45,490,000
Total County Debt	\$1,120,910,000	\$1,274,889,000	\$1,217,051,000	\$1,488,916,000	\$1,417,000,000

¹ Includes commercial paper notes and debt issued by Tampa Sports Authority. Excludes general government other long-term debt (arbitrage rebate, accreted interest, landfill closure and remediation, CAU & RWIU special assessment debt as reflected in the Audited Statements).

² Includes line of credit facilities associated with the Water & Wastewater System, and with the Solid Waste & Resource Recovery System

Hillsborough County, Florida County-Funded Debt

Hillsborough County, Florida Non-Ad Valorem Supported Debt and General Government Other Long-term Debt

* Unaudited

**Adopted Budget

¹ Excludes commercial paper.

² Excludes County-issued Special Assessment Revenue Bonds.

³ Excludes Principal Payments on Defeased Debt.

⁴ Includes Capitalized Interest.

⁵ For a more complete description of Tampa Sports Authority debt see the section titled "Revenue Bonds: Debt Issued by Independent Authorities".

3. Debt Capacity of Selected Revenues

PAGE INTENTIONALLY BLANK.

DEBT CAPACITY OF SELECTED REVENUES

The Florida Constitution does not limit the amount of ad valorem taxes a county may levy for the payment of bonds authorized by voter referendum. The County is limited by Article VII, Section 9 of the Florida Constitution, however, to a maximum levy of 10 mills per \$1,000 of the assessed value of real estate and tangible personal property for county purposes other than the payment of voted bonds. The countywide millage rate for calendar year 2022 (fiscal year 2023) is 5.7309 mills.

Debt related to rate-based County services, such as water/wastewater utilities and solid waste collection and disposal, does not affect operations because pledges are made only on net revenues (i.e., total revenue minus operating and maintenance costs of the systems). Therefore, debt capacity for these enterprise operations is a function of the adequacy of rates and fees to support outstanding and additional debt.

The County has considerable debt capacity remaining. However, in as much as all County revenues are being used to pay debt service, fund County operations, or increase reserves, any use of County revenues to secure and pay additional debt could impact County operations unless additional revenue sources are identified.

Appendix B of this report shows calculations of the debt capacity of the County's major non-ad valorem revenues in relation to current outstanding general fund debt of the County. These calculations serve three major purposes. First, they enable the County to determine its ability to pledge the revenues for additional projects. Secondly, they are used to determine the general debt capacity of the non-ad valorem revenues of the County taking into consideration the constraints of the anti-dilution test required by the County's outstanding bond issues and interlocal agreements. Finally, the debt capacity calculation provides an indication of the financial condition of the County.

A graph of the debt capacity of major revenues is illustrated below:

The County currently has twelve major non-ad valorem revenues as follows:

- the local government half-cent sales tax,
- the guaranteed entitlement,
- the communications services tax,
- the local option infrastructure surtax for community reinvestment (the “Community Investment Tax or CIT”),
- the voted fuel tax (9th ¢),
- the local option fuel tax (1-6¢),
- the county fuel tax (7th ¢),
- the constitutional fuel tax,
- the 4th cent tourist development tax,
- the 5th cent tourist development tax,
- traffic surcharge revenues, and
- the Indigent Care half-cent sales tax

In addition, the County has a mix of other non-ad valorem revenues. However, these revenues on a stand-alone basis are difficult to pledge as security for a bond issue due to the volatility and uncertainties of collections on an annual basis. Therefore, the debt capacity analysis primarily provides information on the above referenced major non-ad valorem revenue sources.

Many of the non-ad valorem revenues discussed here are limited as to use. For example, the county fuel tax and local option fuel tax are limited to transportation and road improvement related costs, including debt service payments on transportation bonds; the 4th and 5th cents of the tourist development tax are limited to capital construction and maintenance of tourist-related facilities such as convention centers, sports arenas and stadiums; and the indigent care half-cent sales tax is limited to indigent care services. The primary, unrestricted direct revenue sources available as security for a non-ad valorem/non-enterprise bond issue are the local government half-cent sales tax, the guaranteed entitlement, the communication services tax, the community investment tax, and the constitutional fuel tax.

Description of Types of Debt Issued by the County

There are several different types of debt incurred by cities and counties in Florida, including general obligation debt, revenue debt, long-term leases, and government loans. To date, Hillsborough County has used the methods summarized below. For a more detailed discussion, see Appendix A.

General Obligation Debt

General obligation ("G.O.") bonds of municipalities, counties, school districts and states are backed by a pledge of the full faith and credit of the issuing entity. This pledge generally is supported by a commitment of the issuer to levy and to collect ad valorem taxes, without limitations as to millage rate or amount, for the payment of principal and interest on its bonds. With the County's excellent "Aaa/AAA/AAA" credit rating, G.O. debt offers the lowest interest cost of any form of county debt. The County is limited by Article VII, Section 9 of the Florida Constitution, however, to a maximum levy of 10 mills per \$1,000 of the assessed value of real estate and tangible personal property for county purposes other than the payment of voted bonds. Because of the impact on property owners, the issuance of general obligation debt in Florida requires the consent of the voters through a referendum. The Florida Constitution does not limit the amount of ad valorem taxes a county may levy for the payment of bonds authorized by voter referendum.

Revenue Debt: Bonds, Notes, and Intergovernmental Loans

Most, if not all, state constitutions authorize either explicitly or implicitly the issuance of revenue debt. Revenue debt may be issued without voter referendum because of a public policy called the "special fund doctrine". The essence of revenue debt is that a particular stream of revenue is designated as the sole source of repayment of the debt. This revenue source may be derived from a specific project or enterprise, a loan program or even a special tax. In the event that such a source proves inadequate or default is otherwise threatened, the issuer is under no obligation to repay the debt from its other general governmental funds.

Debt related to rate-based County services, such as water and wastewater utilities, does not affect system operations because the initial size of the borrowing as well as the related debt service payments are structured around net system revenues.

Fixed Rate Compared to Variable Rate Debt

Historically, short-term variable interest rates ("short-term rates") tend to be lower than long-term fixed interest rates ("long-term rates"). Short-term rates promote the assets/liabilities matching principle. However, long-term rates provide debt service certainty and protect against short-term spikes in interest rates. Of the \$1.43 billion in total County-issued debt outstanding on September 30, 2022, about \$1.36 billion is financed with fixed interest rates and about \$67.82 million with variable interest rates (i.e. tax-exempt and taxable commercial paper notes), resulting in a debt portfolio mix of 95.2% long-term fixed rate and 4.8% short-term variable rate debt, which is conservative and well-insulated from interest rate volatility. Depending on market conditions, the County plans to achieve a more moderate debt portfolio mix in the future by increasing its short-term debt issuance. The objective will be to further lower the County's cost of capital without overexposing the County to short-term spikes in interest rates.

GENERAL OBLIGATION BONDS

General Obligation Bonds are secured by a pledge of the full faith and credit of the County to levy sufficient ad valorem taxes to pay the debt service on the bonds. The County has three series of general obligation bonds outstanding. The \$18,540,000 Series 2002 General Obligation Refunding Bonds (Parks) were issued to refund the Series 1993 and Series 1996 Bonds, each of which was issued in the original par amount of \$10,000,000 to fund the acquisition and development of parks.

The \$38,830,000 Series 2019A General Obligation Refunding Bonds (ELAPP) and \$64,950,000 Series 2019B General Obligation Bonds (ELAPP) were issued to refund the Series 2009B Taxable General Obligation Bonds (ELAPP – Federally Taxable Build America Bonds – Direct Subsidy), and to continue the ELAPP program in accordance with the 2008 referendum authorization. The total amount of debt authorized by the referendum was \$200 million, which would leave \$71.6 million available for future issuances. The final maturity date of the outstanding 2019A Bonds is July 1, 2039 and the final maturity date of the 2019B Bonds is July 1, 2049.

5. Revenue Bonds:
Non-Enterprise/Non-Ad Valorem

PAGE INTENTIONALLY BLANK.

REVENUE BONDS: NON-ENTERPRISE/NON-AD VALOREM

Debt classified as “non-enterprise/non-ad valorem” is supported by a variety of fees, taxes, and other revenues of the County, excluding enterprise system revenues and ad valorem taxes. All currently outstanding debt in this category is tax-exempt. The following overview provides a description of each outstanding issue, the original amount and purpose of the issue, and a description of pledged revenues.

The tax-exempt debt issued under the County’s **Commercial Paper Program** (the “Program”), established in April 2000, is payable from and secured by the County’s covenant to budget and appropriate from non-ad valorem revenues. The County’s borrowings under the Program are also secured by a \$275 million revolving credit agreement from Wells Fargo Bank, NA. Since its inception, the Program has provided cost-efficient, short-term financing for projects until such time as final project costs are known, sufficient revenue is available to support a long-term financing, multiple projects can be combined into a single long-term financing of adequate dollar size, or a favorable interest rate environment exists.

The **Series 2012A Community Investment Tax Refunding Revenue Bonds** were issued in the amount of \$38,130,000 on May 23, 2012. The Series 2012A Bonds were issued to refund a portion of the outstanding CIT Revenue Bonds, Series 2001A (Jail Project), and a portion of the outstanding CIT Revenue Bonds, Series 2001B (Stormwater Project). The Series 2012A Bonds are payable solely from and secured by the CIT Revenues. The CIT Revenues securing the Series 2012A Bonds are on a parity and equal status with the County’s outstanding CIT Revenue Bonds, Series 2007; the CIT Refunding Revenue Bonds, Series 2012B; the CIT Refunding Revenue Bonds, Series 2015; and the Court Facilities Refunding Revenue Note, Series 2015.

The **Series 2012B Community Investment Tax Refunding Revenue Bonds** were issued in the amount of \$51,625,000 on May 23, 2012. The Series 2012B Bonds were issued to refund a portion of the outstanding CIT Revenue Bonds, Series 2004. (The final remaining unrefunded portion of the series 2004 CIT Bonds was paid off during fiscal 2015) The Series 2012B Bonds are payable solely from and secured by the CIT Revenues. The CIT Revenues securing the Series 2012B Bonds are on a parity and equal status with the County’s outstanding CIT Revenue Bonds, Series 2007; the CIT Refunding Revenue Bonds, Series 2012A; the CIT Refunding Revenue Bonds, Series 2015; and the Court Facilities Refunding Revenue Note, Series 2015.

The **Series 2015 Communications Services Tax Revenue Bonds** were issued in the amount of \$67,800,000 on April 16, 2015. The series 2015 Bonds were issued in order to provide funds sufficient to finance, refinance and/or reimburse the acquisition, construction and equipping of a new Public Safety Operations Complex (“PSOC”), new Sheriff’s facilities, improvements to various existing fire stations and to new fire stations, and various parks, recreation and other public facilities improvements. The Bonds are secured by and will be repaid from Communication Services Tax revenues.

The **Series 2015 Community Investment Tax Refunding Revenue Bonds** were issued in the amount of \$139,215,000 on July 29, 2015. The Series 2015 Bonds were issued in order to refinance \$49,500,000 of outstanding commercial paper notes, and \$103,745,000 of outstanding Community Investment Tax Revenue Bonds, Series 2007. The Series 2015 Bonds are payable solely from and secured by the CIT Revenues. The CIT Revenues securing the 2015 Series Bonds are on a parity and equal status with the County’s outstanding Court Facilities Refunding Note, Series 2015; CIT Revenue Bonds, Series 2007 (unrefunded portion), Series 2012A and CIT Revenue Bonds Series 2012B.

The **Series 2015 Tampa Bay Arena Refunding Revenue Note** was issued in the amount of \$11,176,000 on November 5, 2015. The Series 2015 Note was issued in order to refund all of the outstanding 2005 Tampa Bay Arena Refunding Revenue bonds originally issued to refund the Tampa Sports Authority taxable 1995 Special Purpose Bonds and to pay the cost of terminating a forward interest rate swap agreement. The Bonds are secured by a pledge of Non-Ad Valorem Revenues but are being repaid from 5th Cent Tourist Development Tax Revenues.

The **Series 2015 Court Facilities Refunding Revenue Note** was issued in the amount of \$19,756,000 on November 5, 2015. The Series 2015 Note was issued to refund the Court Facilities Series 2005 Bonds, which were issued to refund the Court facilities Series 1999 Bonds, which were issued to finance capital improvements to the court system facilities of the County and to refund the Courthouse Annex Note and the 700 Twiggs Street Commercial Paper Loan. The Bonds are secured by a pledge of Non-Ad Valorem Revenues and are being repaid from Traffic Surcharge Revenues.

The **Series 2016 Capital Improvement Program Refunding Revenue Bonds** were issued in the amount of \$18,185,000 on July 14, 2016. The Series 2016 Bonds were issued to refund all the outstanding 2006 Capital Improvement Program Refunding Revenue Bonds, which were issued to refund the Series 1996 Capital Improvement Program Refunding Revenue Bonds (Steinbrenner/Legends Field and 800 MHz Radio Communication System). The Bonds are secured by the half-cent sales tax revenues, but may also be repaid in part by 4th Cent Tourist Development Tax Revenues and revenues collected under F.S. 318.21(9).

The **Series 2016 Fifth Cent Tourist Development Tax Refunding Revenue Bonds** were issued in the amount of \$39,075,000 on October 25, 2016. The Series 2016 Bonds were issued to refund the 2006A Fifth Cent Tourist Development Tax Refunding Revenue Bonds (Ice Palace Project) and redeem outstanding Commercial Paper related to Amalie Arena, formerly known as the Tampa Bay Times Forum, St Pete Times Forum and as the Ice Palace. The 5th Cent Tourist Development Tax Revenues are the sole payment source for the Series 2016 Bonds.

The **Series 2017A Fourth Cent Tourist Development Tax Refunding and Improvement Revenue Bonds** were issued in the amount of \$12,875,000. The Series 2017A Bonds were issued to refund the County's outstanding Fourth Cent Tourist Development Tax Refunding and Improvement Revenue Bonds, Series 2006, which were issued to refund Tampa Sports Authority Tourist Development Tax Revenue Bonds (Stadium Project), Series 1997B, which in turn were issued to fund the acquisition and/or construction of various capital improvements to the County-owned Steinbrenner Field (fka Legends Field) baseball stadium, and the City-owned Tampa Convention Center. The 4th Cent Tourist Development Tax is the sole payment source for the Series 2017A Bonds.

The **Series 2017B Fourth Cent Tourist Development Tax Refunding and Improvement Revenue Bonds** were issued in the amount of \$22,020,000. The 2017B Bonds were issued to fund certain cost reimbursements for various improvements to George M. Steinbrenner Field (fka Legends Field), a professional spring training baseball facility. The 4th Cent Tourist Development Tax is the sole payment source for the Series 2017B Bonds.

The **Series 2017 Capital improvement Non-Ad Valorem Refunding Revenue Note** was issued in the amount of \$11,749,000 on September 26, 2017. The Series 2017 Note was issued in order to refinance \$11,420,000 of outstanding Capital Improvement Non-Ad Valorem Refunding Revenue Bonds, Series 2008 which were issued to refund the County's Capital Improvement Non-Ad Valorem Revenue Bonds, Series 1998 which were issued to 1) fund the acquisition and construction of a combined warehouse and operations center for various County agencies and two regional substations for the County sheriff's department, and 2) redeem an outstanding note to the Florida Local Government Finance Commission. The Note is secured by a pledge of Non-Ad Valorem Revenues but is being repaid from Half-Cent Sales Tax Revenues.

The **Series 2017 Capital Improvement Program Refunding Revenue Note** was issued in the amount of \$27,216,000, on December 21, 2017. The Series 2017 Note was issued to refinance a portion of the outstanding Capital Improvement Program Refunding Revenue Bonds, Series 2012, which were issued to pay off \$50 million of outstanding commercial paper and to fund approximately \$29 million of capital improvement projects approved as part the adopted CIP. The Note is secured by Half-Cent Sales Tax Revenues.

The **Series 2018 Community Investment Tax Refunding Revenue Bonds** were issued in the amount of \$61,135,000 on July 24, 2018. The Series 2018 Bonds were issued for the purpose of refunding \$51,610,000 of outstanding commercial paper notes, together with financing the design, engineering, acquisition, construction and reconstruction of certain transportation and other capital improvements in the County. The Bonds are secured by CIT Revenues.

The **Series 2019 Capital Improvement Non-Ad Valorem Revenue Bonds** were issued in the amount of \$142,720,000 on June 20, 2019. The Series 2019 Bonds were issued to fund the acquisition, construction, reconstruction, expansion, replacement and/or equipping of various fire stations, court facilities, parks, recreation facilities, operations centers, maintenance facilities, emergency generators and solar and LED lighting, including capital improvements related to the hardening of certain facilities for hurricane resiliency and used by the County for emergency preparedness and post-disaster response. The Bonds are secured by a pledge of Non-Ad Valorem Revenues but are being repaid from Half-Cent Sales Tax Revenues.

The **Series 2021 Capital Improvement Program Non-Ad Valorem Revenue Bonds** were issued in the amount of \$189,290,000 on May 25, 2021. The Series 2021 Bonds were issued in order to redeem commercial paper notes previously issued for the purpose of funding transportation projects, and in order to provide long-term funding for additional transportation project costs.

PURPOSE

To finance, refinance and/or reimburse costs of acquisition, construction, reconstruction, expansion, replacement and/or equipping of various County facilities including fire stations, court facilities, parks, recreation facilities, operations centers, maintenance facilities, emergency generators and solar and LED lighting, including land acquisition, retrofitting and hardening of certain facilities for hurricane resiliency and used by the County for emergency preparedness and post-disaster response.

SECURITY

Covenant to budget and appropriate from legally available Non-Ad Valorem revenues. (Local Government Half-Cent Sales Tax revenues are the repayment source for debt service on the Bonds.)

6. Revenue Bonds: Enterprise Funds

REVENUE BONDS: ENTERPRISE FUNDS

WATER AND WASTEWATER

The County's water/wastewater bonds are secured solely by a pledge of the revenues of the water and wastewater utility system (the "Utility System"). Utility System debt outstanding as of September 30, 2022, is \$454,135,000.

The **Series 2016 Utility Revenue Bonds**, issued in the amount of \$207,795,000, funded the cost of design and acquisition of various capital improvements to the County's water and wastewater utility system. The Bonds are being repaid from water and wastewater utility system revenues.

The **Series 2019 Utility Refunding Revenue Bonds**, issued in the amount of \$90,375,000. The Series 2019 Bonds were issued to refund the County's outstanding Series 2010B Utility Revenue Bonds (Federally Taxable – Build America Bonds), which were issued to provide funding for the Utility System's capital improvement program. The Series 2019 Bonds will be repaid from water and wastewater system revenues.

The **Series 2021A Utility Revenue Bonds**, issued in the amount of \$155,155,000, provided \$166,513,292 in project funding for the Utility System's capital improvement program, and the **Series 2021B Utility Refunding Revenue Bonds**, which were issued in the amount of \$19,780,000 in order to refund the County's outstanding Series 2010C Utility Revenue Bonds (Federally Taxable – Recovery Zone Economic Development Bonds). The Series 2010C Bonds were issued to provide funding for the Utility System's capital improvement program. The Series 2021 Bonds will be repaid from water and wastewater system revenues.

The **2022 Non-Revolving Credit Agreement** was opened in March 2022 with a credit line of \$37,500,000. The line of credit was obtained for the purpose of providing short-term funding for certain capital improvements to the Water and Wastewater System, including the construction of improvements at the System's future One Water Campus facility. The credit line is being serviced with water/wastewater system revenues and will be refinanced in 2023 as part of a long-term bond issuance (budgeted at \$466 million).

WATER AUTHORITY

In September 1998, a new regional water authority was created. This authority, Tampa Bay Water (TBW), replaced the previous West Coast Regional Water Supply Authority ("WCRWSA") and issued \$372.25 million in bonds to retire the debt of the WCRWSA. In the years since then, TBW has completed a number of additional financings and, as of September 30, 2020, has debt outstanding, including accreted interest on capital appreciation bonds, in the amount of \$897,550,822. The County's current proportionate obligation to TBW is treated as a current operating and maintenance expense of the County's water and wastewater system and is not reflected as a debt of the County.

SOLID WASTE

Solid Waste and Resource Recovery Revenue Bonds are secured solely by a pledge of the revenues of the solid waste system. Solid waste system debt outstanding as of September 30, 2022, is \$106,885,000.

The **Series 2016A (AMT) Solid Waste and Resource Recovery Revenue Bonds** issued in the amount of \$89,010,000 and the **Series 2016B (NON AMT) Solid Waste and Resource Recovery Revenue Bonds** issued in the amount of \$25,220,000. The Series 2016A Bonds were issued to refund the County's outstanding Solid Waste Resource Recovery Bonds, Series 2006A (AMT) which were issued to fund the costs of design, acquisitions, construction and equipping of solid waste disposal and resource recovery facilities owned by the County. The Series 2016B Bonds were issued to refund the County's outstanding Solid Waste and Resource Recovery Revenue Bonds, Series 2006B (NON-AMT) which were issued to fund the

costs of design, acquisition, construction and equipping of solid waste disposal and resource recovery facilities owned by the County. The Series 2016 Bonds will be repaid from solid waste system revenues.

The **2020 Non-Revolving Credit Agreement** was opened In December 2020 with a credit line of \$22 million. The credit facility was obtained for the purpose of obtaining funds to purchase and install a new leachate evaporate concentrator, and to construct various capital improvements at the Northwest Transfer Station facility. The credit line is being serviced with solid waste system revenues and will be refinanced in 2023 as part of a long-term bond issuance (budgeted at \$86 million).

7. Revenue Bonds:
Debt Issued by Independent Authorities

PAGE INTENTIONALLY BLANK.

REVENUE BONDS: DEBT ISSUED BY INDEPENDENT AUTHORITIES

The Tampa Sports Authority (TSA) has issued debt to finance a multipurpose arena (Amalie Arena, formerly known as the Tampa Bay Times Forum, St. Pete Times Forum and as the Ice Palace) and a community stadium (“Raymond James Stadium”). This debt is primarily secured by certain revenues of the County as described in more detail below. As of September 30, 2022, \$45,490,000 of TSA-issued bonds related to these facilities is outstanding.

ARENA BONDS

Currently the TSA does not have any debt outstanding related to Amalie Arena (the multipurpose arena). However, the County issued direct debt (refunding revenue bonds) to defease TSA bonds related to the arena in order to achieve debt service savings. That debt is still outstanding and is described more fully in the section of this report titled “Revenue Bonds: Non-Enterprise/ Non-ad Valorem”. A history of all financing transactions related to the arena is presented here for informational purposes:

The TSA issued its \$27,685,000 Special Purpose Bonds, Series 1995 (the 1995 County-supported Bonds), and its \$17,020,000 Taxable Surcharge Bonds, Series 1995 (the 1995 Surcharge Bonds) in order to finance a portion of the cost to construct the multipurpose arena then known as the Ice Palace. The 1995 Surcharge Bonds were subsequently refunded for debt service savings by the County’s Arena Refunding Revenue Bonds, Series 2005 (the 2005 Bonds), which were then refunded by the Tampa Bay Arena Refunding Revenue Note, Series 2015. The 2015 Note is secured by a covenant to budget and appropriation of County non-ad valorem revenues. The 5th Cent Tourist Development Tax is the primary payment source for the Series 2015 Bonds.

The 1995 County-supported Bonds were refunded for debt service savings by TSA’s \$30,185,000 County Interlocal Payments Refunding Revenue Bonds, Series 1998 (the 1998 Bonds). The 1998 bonds were, in turn, refunded by the County-issued Fifth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2006A (the Series 2006A Bonds). In addition, on December 19, 2006, the County also issued new money bonds, the Fifth Cent Tourist Development Tax Improvement Revenue Bonds, Series 2006B (the Series 2006B Bonds), to pay for certain capital improvements to the arena. In 2016 the county refunded the outstanding Series 2006A Bonds with the Fifth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2016 (the “Series 2016 Bonds”) for debt service savings. The Series 2016 Bonds are secured solely by the 5th Cent Tourist Development Tax. The above referenced Series 2006B Bonds have been paid off.

The County expects that the 5th Cent Tourist Tax will produce sufficient revenues to pay debt service on the outstanding Series 2015 Note and 2016 bonds.

STADIUM BONDS

Currently, the TSA has two debt issues outstanding, both issued in 2015, that are related to Raymond James Stadium (the community stadium): the **Series 2015 Tampa Sports Authority Florida Sales Tax Payments Refunding Revenue Bonds (Stadium Project)** (the “2015 FST Bonds”), and the **Series 2015 Tampa Sports Authority Local Option Sales Tax Refunding Revenue Bonds** (the “2015 LOST Bonds”). In addition, the County has issued direct debt to refund a portion of the TSA’s outstanding stadium debt and to raise money for certain other capital projects. A history of the TSA transactions related to the stadium is presented here for informational purposes.

On July 10, 1997, the TSA issued three series of bonds as part of the plan of finance for the construction of a new professional sports franchise community stadium: the Series 1997 Local Option Sales Tax Revenue Bonds (Stadium Project) (the “1997 LOST Bonds”), the Series 1997 Florida Sales Tax Payments Revenue Bonds (Stadium Project) (the “1997 FST Bonds”), and the Series 1997B Tourist Development Tax Revenue Bonds (Stadium Project) (the “1997B TDT Bonds”). The

1997 LOST Bonds, the 1997 FST Bonds, and the 1997B TDT Bonds have since been refunded. (The TSA also issued its Series 1997A Tourist Development Tax Revenue Bonds on July 10, 1997, for the purpose of refunding its outstanding Series 1977 Refunding Revenue Bonds. The Series 1997A Bonds were **not** issued as part of the plan of finance for the construction of the new community stadium.)

The 1997 LOST Bonds were issued in the amount of \$148,945,000 to partially fund the acquisition, construction and equipping of a new professional sports franchise stadium and related parking facilities, as well as demolition of the then-existing stadium. The Bonds were secured by and repaid from CIT revenues. The 1997 LOST Bonds were subsequently refunded in November 2005 by the TSA Series 2005 LOST Bonds in the amount of \$114,865,000 (the "2005 LOST Bonds"); the 2005 LOST Bonds were subsequently refunded in January 2015 by the TSA Series 2015 LOST Bonds in the amount of \$63,020,000.

The 1997 FST Bonds were issued in the amount of \$30,010,000 to partially fund the acquisition, construction and equipping of a new professional sports franchise stadium and related parking facilities. The Bonds were secured by and repaid from sales tax revenues distributable to the County by the State of Florida pursuant to Sections 288.1162 and 212.20(6)(g)5.a, Florida Statutes, as amended. The 1997 FST Bonds were subsequently refunded in November 2005 by the TSA Series 2005 FST Bonds in the amount of \$27,015,000; the 2005 FST Bonds were subsequently refunded in January 2015 by the TSA Series 2015 FST Bonds in the amount of \$19,240,000.

The 1997B TDT Bonds were issued in the amount of \$11,190,000 to partially finance the acquisition, construction and equipping of a new professional sports franchise stadium and related parking facilities, as well as demolition of the then-existing stadium. The Bonds were secured by and repaid from an additional one percent tourist development tax levied by the County pursuant to Section 125.0104(3)(l), Florida Statutes (the 4th Cent of the County's levied. Tourist Development Tax). The 1997B TDT Bonds were subsequently refunded in December 2006 by the County's Series 2006 Fourth Cent Tourist Development Tax Refunding and Improvement Revenue Bonds in the amount of \$18,270,000 (the "2006 TDT Bonds"). In addition to providing the funds necessary to refund the 1997B TDT Bonds, the 2006 TDT Bonds provided the County with funding necessary to finance the acquisition and/or construction of certain capital improvements to Steinbrenner Field (formerly known as "Legends Field") and to fund a grant to the City of Tampa to pay for certain capital improvements to the Tampa Convention Center. The 2006 TDT Bonds were subsequently refunded by the 2017A TDT Bonds in January 2017. The 4th Cent Tourist Development Tax is the sole security pledge and payment source for the 2017A TDT Bonds. Please see Revenue Bonds: Non-Enterprise/Non-Ad Valorem for more details on the 2017A TDT Bonds.

8. Special Assessment Revenue Bonds

PAGE INTENTIONALLY BLANK.

SPECIAL ASSESSMENT REVENUE BONDS

During fiscal 2021, the County issued its Wastewater Impact Fee Assessment Special Assessment Revenue Bonds, Series 2021 in order to provide funding for certain improvements to the Public Utilities Water/Wastewater System intended to increase capacity in southern Hillsborough County. Special assessment debt is not considered to be “County debt” because it is secured solely by special assessments and liens on the property comprising the respective assessment districts which benefit from the improvements funded by the debt. Accordingly, special assessment debt is not included in any of the debt summaries presented earlier in this report.

WATER AND WASTEWATER

The Wastewater Impact Fee Assessment Special Assessment Revenue Bonds, Series 2021 were issued in the amount of \$58,040,000 on April 12, 2021. The Series 2021 Bonds were issued to provide funding for certain improvements to the Public Utilities Water/Wastewater System intended to increase capacity in southern Hillsborough County. The Series 2021 Bonds are payable solely from non-ad valorem assessments levied and collected annually in conjunction with real property taxes.

Appendix A:
Terminology of Debt Types Issued by the County

PAGE INTENTIONALLY BLANK.

TYPES OF DEBT ISSUED BY THE COUNTY

REVENUE DEBT: BONDS, NOTES AND GOVERNMENTAL LOANS

The issuance of revenue debt is usually subject to fewer, less severe restrictions than are imposed on general obligation debt. This is because the purpose of such restrictions is to minimize the loss of popular control over the public purse (i.e., to protect future taxpayers against heavy tax burdens they must bear without their consent). Since the County cannot be compelled to levy taxes or fees, other than those specific taxes or fees pledged to revenue debt, future taxpayers are not burdened with the debt service associated with revenue debt. Therefore, the same level of restrictions is not necessary. Nevertheless, in the case where a revenue source such as a sales tax or franchise fee flows to the General Fund to offset operating expenses, the utilization of such revenues as a security pledge for bond indebtedness will have a direct impact on General Fund revenues. Thus, in order to maintain the same level of general services, the issuer may need to identify other supplemental revenues or reduce operating costs.

Self-Supporting Revenue Debt. The source of funds securing an issuance of self-supporting revenue debt is usually the receipts from the operation of a facility or enterprise (e.g. a solid waste resource recovery facility or utility system) built with bond proceeds. As such revenues are received, they immediately become subject to the pledge established by the indenture or resolution that such revenues are received by the issuer to: (i) be held in trust for the benefit of the bond or note holder; and, (ii) be applied solely as specified in the indenture or resolution. In accordance with this quasi-fiduciary relationship, it is provided that, upon receipt of the revenues, they are to be deposited into a Trust Fund which is usually deemed the "Revenue Fund."

As stated above, repayment of revenue debt is dependent upon a particular source of funds, not upon any general governmental commitment to provide the amount needed for payment. Therefore, it is essential that the funds flowing from such a revenue source be allocated exclusively for such payment, for building required reserves, and for operating the project or program which generated the funds. Surplus funds may be applied for other uses. Such exclusive allocation is achieved by means of: (1) formally pledging all funds flowing from the source as security for the bonds or notes; (2) specifying the manner of its application, including restrictions on the alternative application of any surplus; and, (3) covenanting not to apply any such funds except as so specified. Most bond or note resolutions include a requirement that the issuer (such as the County's water/wastewater utility system) charge rates high enough to produce system revenues sufficient to pay not only operating expenses and debt service, but also to provide an adequate margin to protect bond or note holders should there be an unforeseen revenue shortfall. Most such margins are in the range of 25% to 40% of annual debt service, depending primarily on the strength of the revenue source.

Commercial Paper (CP). The most common type of Commercial Paper (CP) is short-term, unsecured promissory notes issued by organizations of recognized credit quality. While corporations usually issue CP on an unsecured basis, legal differences normally require that municipal issuers secure CP with a specific pledge. CP is issuable in virtually any amount at any time on very short notice. The dollar amount of each maturity is usually tailored to the needs of the issuer on the date the notes are brought to market. Virtually all municipal CP is supported by a credit facility from a commercial bank (e.g. letter of credit). The funds available under this credit facility are generally sufficient to pay the outstanding principal of and interest on the CP. Bank-support facilities can take various forms.

Credit ratings by at least one of the major rating agencies (Moody's, Standard & Poor's, Fitch) are essential to enable a CP issuer to reach a broad range of investors, obtain competitive interest rates and be able to issue CP in amounts consistent with its overall program. The best or "prime" ratings are P-1 by Moody's, A-1+ by Standard & Poor's and F-1+ by Fitch, which are the ratings of the County's CP.

CP has many advantages when used in a suitable borrowing situation. Relative to other short-term financing options, the short average maturity of CP results in significant interest rate savings in most economic environments. The effect of this lower average interest rate is a decrease in the overall borrowing costs of the County. Principal amounts and maturities ranging from 1 to 270 days can be tailored to meet the County's changing financial needs in amounts up to the Board authorized limit established by the CP resolution. Finally, CP has the lowest issuance costs of any long- or short-term, public or private placement financing alternative.

Table 1

**Hillsborough County
Debt Capacity Analysis
Non Enterprise Debt Secured by Major Revenues
(Amounts in 000s)
General Governmental Use**

Description	Local Government Half Cent Sales Tax ^(1,7)	Guaranteed Entitlement ⁽²⁾	Communications Services Tax ⁽⁸⁾	County Share Community Investment Tax (CIT) ^(1,3)
FYE 9/30/22 Revenues	\$ 151,094	\$ 6,752	\$ 18,842	\$ 76,821
Existing Debt (Maximum Annual Debt Service)				
\$38,130,000 Series 2012 A CIT Refunding Revenue Bonds	-	-	-	3,967
\$51,625,000 Series 2012 B CIT Refunding Revenue Bonds	-	-	-	5,923
\$67,800,000 Series 2015 CST Revenue Bond	-	-	4,052	-
\$139,215,000 Series 2015 CIT Refunding Bonds	-	-	-	20,351
\$18,185,000 Series 2016 Capital Improvement Program Refunding Revenue Bonds	2,746	-	-	-
\$27,216,000 Series 2017 CIP Revenue Note	6,666	-	-	-
\$61,135,000 Series 2018 CIT Refunding Bonds	-	-	-	28,700
Total Maximum Annual Debt Service	\$ 9,412	\$ -	\$ 4,052	\$ 58,940
Available Revenues ⁽⁴⁾	\$ 141,682	\$ 6,752	\$ 7,725	\$ 17,881
Estimated Unused Revenue Debt Capacity ^(5,6)	\$ 1,525,311	\$ 89,217	\$ 46,778	\$ 46,426

(1) Assumes a 1.35 X Coverage Requirement.

(2) Assumes a 1.10 X Coverage Requirement; Pursuant to the Revenue Sharing Act, commencing July 1, 2004, the County can assign, pledge or set aside as a trust for debt service on bonds or other indebtedness, an amount up to 50% of its Revenue Sharing Moneys received in the prior state fiscal year.

(3) The County's share of such revenues is determined by Florida Statutes 218.62 to be about 73.8525% of collections after the following deductions: 25% of total collections are paid to the Hillsborough County School District and, on average, about \$8,750,000 is paid to the Tampa Sports Authority, all as set forth in the Interlocal Agreement for Distribution of Community Investment Tax dated July 17, 1996 between the County, the School District, and the Cities of Tampa, Temple Terrace and Plant City.

(4) Revenues less Maximum Annual Debt Service.

(5) Assumes AAA/AAA rated debt with average interest rate of 5.5%. Estimated Unused Revenue Debt Capacity is determined by dividing Available Revenues by the applicable coverage factor, and then calculating the amount of debt which can be supported by those revenues assuming the 5.5% average interest rate and a 30 year amortization of debt for Half-Cent Sales Tax, Communication Services Tax and for Guaranteed Entitlement, and 4 years for CIT.

(6) Capacity exceeds amount available to fund projects by amount necessary to pay financing costs and fund reserve accounts.

(7) Local government half-cent sales tax revenues are used to pay debt service on other debt including bonds secured by the County's covenant to budget and appropriate from non-ad valorem revenues, such as: the Capital Improvement Non-Ad Valorem Refunding Revenue Note, Series 2017 (Warehouse and Sheriff's Facilities Project) and Tax-Exempt Commercial Paper notes.

(8) Assumes a 1.50 X Coverage Requirement; only 62.5% of the Communications Services Tax is available for additional bonding capacity given 37.5% of it has been committed for public safety uses.

2021 Capital Improvement Non-Ad Valorem Revenue Bonds				9,404	9,404
Total	6,021	15,393	15,393	25,481	24,990
Debt Service Coverage	19.81 x	8.01 x	7.58 x	5.58 x	7.24 x

- (1) Does not include the Community Investment Tax proceeds which are payable to the County nor any indebtedness pledging the Community Investment Tax proceeds. The County has, by ordinance, limited the use of such funds to projects expressly approved by the Board as specified in the procedure set forth in the enacting ordinance.
- (2) The amounts shown are the county's major sources of Non-Ad Valorem Revenues that are available for the payment of debt service on the outstanding Bonds. In addition, the County has other significant non-ad valorem revenue sources, however, these revenues are either volatile on an annual basis or limited as to their use.
- (3) The amount shown as "Available" Communications Service Tax are 62.5% of total CST collections with the remaining specifically allocated to public safety.
- (4) The Clerk of the Circuit Court has no expectation that this revenue source will continue in the future.
- (5) The amount shown is total Fifth Cent TDT collections less maximum annual debt service on Fifth Cent TDT pledged bonds. This excess may not be used to pay any of the items in the "Non-Ad Valorem Maximum Annual Debt Service" section of the table except for the 2015 Arena Refunding Revenue Note and is not legally available to pay debt service on the Capital Improvement Non-Ad Valorem Refunding Revenue Bonds (Warehouse and Sheriff's Facilities Project), or the 2017 Capital Improvement NAV Refunding Revenue Note.
- (6) Upon the issuance of the 2005 Arena Refunding Revenue Bonds (which were subsequently refunded by the 2015 Arena note) the surcharges were included as part of the lease payments paid to the County for use of the Arena. Due to a cap on the amount of surcharges that may be collected without impacting the tax exempt status of the 2005 Bonds and 2015 Note, the County anticipates cessation of such payments by the TSA in the future, the timing of which depends on the rate of receipt of such revenues. The Surcharge has been revenue of the TSA and thus is not shown in the County's audited Financial Statements.
- (7) Consists of County debt issues that are secured by a covenant to budget and appropriate legally available County Non-ad Valorem revenue, which include the County's obligations under certain Interlocal Agreements. Debt service coverage for the year ended September 30, 2016 is not materially affected by debt service on bonds delivered after September 30, 2017 either to refund any of this debt, to refund debt for which debt service has been netted from major non-ad valorem revenue shown above, or to repay debt issued to fund new projects.
- (8) The 2008 Capital Improvement Non-Ad Valorem Refunding Revenue Bonds (Warehouse and Sheriff's Facilities Projects) were refunded in September 2017 by the 2017 Capital Improvement NAV Refunding Revenue Note.
- (9) For the purpose of calculating maximum annual debt service, outstanding commercial paper is amortized over 30 years utilizing the Bloomberg MuniBond 30 Year Yield.
- (10) The 1995 Bonds were refunded in June 2005 by the 2005 Tampa Bay Arena Refunding Revenue Bonds, which in turn were refunded in November 2015 by the 2015 Note.
- (11) The 2017 Capital Improvement NAV Refunding Revenue Note, was issued in September 2017 for the purposes of refunding the 2008 Capital Improvement Non-Ad Valorem Refunding Revenue Bonds.

Appendix E
Rating Definitions

PAGE INTENTIONALLY BLANK.

Fitch Ratings – Rating Definitions

Fitch investment grade bond ratings provide a guide to investors in determining the credit risk associated with a particular security. The ratings represent Fitch’s assessment of the issuer’s ability to meet the obligations of a specific debt issue or class of debt in accordance with the terms on which they invested.

The rating takes into consideration special features of the issue, its relationship to other obligations of the issuer, the current and prospective financial condition and operating performance of the issuer and guarantor, as well as the economic and political environments that might affect the issuer’s future financial strength and credit quality.

Fitch ratings do not reflect any credit enhancement that may be provided by insurance policies or financial guaranties unless otherwise indicated.

Bonds that have the same rating are of similar but not necessarily identical credit quality since the rating categories do not fully reflect small differences in the degree of credit risk.

Fitch ratings are not recommendations to buy, sell or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor, or the tax-exempt nature or taxability of payments made in respect of any security.

Fitch ratings are based on information obtained from issuers, other obligors, underwriters, their experts, and other sources Fitch believes to be reliable. Fitch does not audit or verify the truth or accuracy of such information. Ratings may be changed, suspended or withdrawn as a result of changes in, or the unavailability of, information or for other reasons.

	Fitch Investment Grade Bond Ratings:
AAA/ F1+	Bonds considered to be investment grade and of the highest credit quality. The obligor has an exceptionally strong ability to pay interest and repay principal, which is unlikely to be affected by reasonably foreseeable events. Short-term debt of this grade is rated “F1+”.
AA/ F1+	The obligor’s ability to pay interest and repay principal is very strong, although not quite as strong as bonds rated ‘AAA’. Bonds rated in the ‘AAA’ and ‘AA’ categories are not significantly vulnerable to foreseeable future developments. Short-term debt of this grade is generally rated “F1+”.
A/F1	Bonds considered to be investment grade and of high credit quality. The obligor’s ability to pay interest and repay principal is considered to be strong, but may be more vulnerable to adverse changes in economic conditions and circumstances than bonds with higher ratings. Short-term debt of this grade is rated “F1”.
BBB/F2 or F3	The obligor’s ability to pay interest and repay principal is considered to be adequate. Adverse changes in economic conditions and circumstances, however, are more likely to have adverse impact on these bonds and, therefore, impair timely payment. The likelihood that the ratings of these bonds will fall below investment grade is higher than for bonds with higher ratings. Short-term debt of this grade is rated “F2” or “F3”.
+/-	Plus and minus signs are used with a rating symbol to indicate the relative position of a credit within the rating category. Plus and minus signs, however, are not used in the ‘AAA’ category.
NR	Indicates that Fitch does not rate the specific issue.
Suspended	A rating is suspended when Fitch deems the amount of information available from the issuer to be inadequate for rating purposes.
Withdrawn	A rating will be withdrawn when an issue is no longer rated by Fitch. This occurs when an issue matures, or is called or refinanced, or when certain other credit events occur. When a public rating is withdrawn, Fitch will issue a Rating Action Commentary that details the current rating and Outlook or Watch status (if applicable), a statement that the rating is withdrawn and the reason for the withdrawal.
Ratings Outlook	An outlook is used to describe the most likely direction of any rating change over the intermediate term. It is described as Positive or Negative. The absence of a designation indicates a stable outlook.

Moody's Investors Service – Rating Definitions

Moody's long-term issue credit ratings evaluate the relative credit risk of credit obligations with an original maturity of at least one year. These ratings address the possibility that an issuer (Hillsborough County for purposes of this report) will not honor the obligation as promised, and reflect both the likelihood of default and any financial loss suffered in the event of default.

Short-term ratings evaluate the ability of issuers to honor credit obligations which generally have an original maturity of no more than 13 months. Unlike long-term ratings, which are credit-specific, Moody's short-term ratings evaluate an issuer's ability to repay its short-term obligations in aggregate. The rating is global in scope and applies to all of an issuer's senior, unsecured short-term obligations. Not than an exception to the global nature of this type of rating would occur if an issuer's rating is supported by another entity through vehicles such as letters of credit or guarantees.

Long-term Issue Credit Ratings

Moody's has nine basic rating categories for long-term obligations. They range from Aaa (highest quality) to C (lowest quality).

Moody's applies numerical modifiers 1, 2, and 3 in each generic rating classification from Aa to Caa. The Modifier 1 indicates that the issue ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates that the issue ranks in the lower end of its generic category. Advance refunded issues that are secured by escrowed funds held in cash, held in trust, reinvested in direct non-callable United States government obligations, or non-callable obligations unconditionally guaranteed by the United States government are identified with a # (number) symbol, e.g. # Aaa.

Aaa. Bonds that are rated Aaa are judged to be of the best quality. They carry the smallest degree of investment risk and are generally referred to as "gilt-edged". Interest payments are protected by a large or exceptionally stable margin, and principal is secure. While the various protective elements are likely to change, such changes as can be visualized are most unlikely to impair the fundamentally strong position of such issues.

Aa. Bonds are rated Aa are judged to be of high quality by all standards. Together with the Aaa group, they comprise what are generally known as high grade bonds. They are rated lower than the best bonds because margins of protection may not be as large as in Aaa securities, or fluctuation of protective elements may be of greater amplitude, or there may be other elements present that make the long-term risks appear somewhat larger than in Aaa securities.

A. Bonds that are rated A possess many favorable investment attributes and are to be considered as upper medium grade obligations. Factors giving security to principal and interest are considered adequate, but elements may be present that suggest a susceptibility to impairment at some time in the future.

Baa. Bonds that are rated Baa are considered to be medium grade debt obligations, i.e., they are neither highly protected nor poorly secured. Interest payments and principal security appear adequate for the present but certain protective elements may be lacking or may be characteristically unreliable over any great length of time. Such bonds lack outstanding investment characteristics and in fact have speculative characteristics as well.

Ba. Bonds that are rated Ba are judged to have speculative elements; their future cannot be considered as well-assured. Often the protection of interest and principal payments may be very moderate and thereby not well-safeguarded during both good and bad times over the future. Uncertainty of position characterizes bonds in this class.

B. Bonds that are rated B generally lack characteristics of the desirable investment. Assurance of interest and principal payments or maintenance of other terms of the contract over any long period of time may be small.

Caa. Bonds that are rated Caa are of poor standing. Such issues may be in default or there may be present elements of danger with respect to principal or interest.

Ca. Bonds that are rated Ca represent obligations that are speculative in a high degree. Such issues are often in default or having other marked shortcomings.

C. Bonds that are rated C are the lowest-rated class of bonds, and issues so rated can be regarded as having extremely poor prospects of ever attaining any real investment standing.

Con. (...) Bonds for which the security depends upon the completion of some act or the fulfillment of some condition are rated conditionally. These bonds are secured by: (a) earnings of projects under construction, (b) earnings of projects unseasoned in operating experience, (c) rentals that begin when facilities are completed, or (d) payments to which some other limiting condition attaches. Parenthetical rating denotes probable credit stature upon completion of construction or elimination of basis of condition.

Short-Term Issue Credit Ratings

P-1. Issuers (or supporting institutions) rated Prime-1 have a superior ability to repay short-term debt obligations.

P-2. Issuers (or supporting institutions) rated Prime-2 have a strong ability to repay short-term debt obligations.

P-3. Issuers (or supporting institutions) rated Prime-3 have an acceptable ability to repay short-term debt obligations.

NP. Issuers (or supporting institutions) rated Not Prime do not fall within any of the Prime rating categories.

Standard & Poor's Ratings Service – Issue Credit Ratings

A Standard & Poor's issue credit rating is a current opinion of the creditworthiness of an obligor with respect to a specific financial obligation, a specific class of financial obligations, or a specific financial program (including ratings on medium-term note programs and commercial paper programs). It takes into consideration the creditworthiness of guarantors, issuers, or other forms of credit enhancement on the obligation and takes into account the currency in which the obligation is denominated.

Issue credit ratings can be either long-term or short-term. Short-term ratings are generally assigned to obligations with an original maturity of no more than 365 days – including commercial paper. Medium-term notes are assigned long-term ratings.

Long-term Issue Credit Ratings

Issue credit ratings are based, in varying degrees, on the following considerations:

1. Likelihood of payment – capacity and willingness of the obligor to meet its financial commitments on an obligation in accordance with the terms of the obligation;
2. Nature and provisions of the obligation;
3. Protection afforded by, and relative position of, the obligation in the event of bankruptcy, reorganization, or other arrangement under the laws of bankruptcy and other laws affecting creditors' rights.

The issue rating definitions are expressed in terms of default risk. As such, they pertain to senior obligations of an entity. Junior obligations are typically rated lower than senior obligations, to reflect the lower priority in bankruptcy, as noted above. (Such differentiation applies when an entity has both senior and subordinated obligations, secured and unsecured obligations, or operating company and holding company obligations.) Accordingly, in the case of junior debt, the rating may not conform exactly to the category definition.

AAA. An obligation rated 'AAA' has the highest rating assigned by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is extremely strong.

AA. An obligation rated 'AA' differs from the highest rated obligations only in small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong.

A. An obligation rated 'A' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong.

BBB. An obligation rated 'BBB' exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

Obligations rated 'BB', 'B', 'CCC', 'CC', and 'C' are regarded as having significant speculative characteristics. 'BB' indicates the least degree of speculation and 'C' the highest. While such obligations will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposures to adverse conditions.

BB. An obligation rated 'BB' is less vulnerable to nonpayment than other speculative issues. However, it faces major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation.

B. An obligation rated 'B' is more vulnerable to nonpayment than obligations rated 'BB', but the obligor currently has the capacity to meet its financial commitment on the obligation. Adverse business, financial, or economic conditions will likely impair the obligor's capacity or willingness to meet its financial commitment on the obligation.

CCC. An obligation rated 'CCC' is currently vulnerable to nonpayment, and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation. In the event of adverse business, financial, or economic conditions, the obligor is not likely to have the capacity to meet its financial commitment on the obligation.

CC. An obligation rated 'CC' is currently vulnerable to nonpayment. A default has not yet occurred but is regarded as a virtual certainty, regardless of the anticipated time to default.

C. A subordinated debt or preferred stock obligation rated 'C' is CURRENTLY HIGHLY VULNERABLE to nonpayment, and the obligation is expected to have lower relative seniority or lower ultimate recovery compared with obligations that are rated higher.

D. An obligation rated 'D' is in payment default or in breach of an imputed promise. The 'D' rating category is used when payments on an obligation are not made on the date due or within a stated grace period. The 'D' rating will also be used upon the filing of a bankruptcy petition or the taking of similar action and where default on an obligation is a virtual certainty. A rating is lowered to 'D' if it is subject to a distressed exchange offer.

Plus (+) or minus (-). The ratings from 'AA' to 'CCC' may be modified by the addition of a plus or minus sign to show relative standing within the major rating categories.

R. An obligor rated 'R' is under regulatory supervision owing to its financial condition. During the period of the regulatory supervision, regulators may have the power to favor one class of obligations over others, or pay some obligations and not others.

SD and D. An obligor is rated 'SD' (selective default) or 'D' if a default has occurred on one or more of its financial obligations, including short-term, long-term, rated, and unrated obligations (excluding certain hybrid instruments). A 'D' rating is assigned when it is believed that the default will be a general default and that the obligor will fail to pay all or substantially all of its obligations as they come due. An 'SD' rating is assigned when it is believed that the obligor has selectively defaulted on a specific issue or class of obligations but it will continue to meet its payment obligations on other issues or classes of obligations in a timely manner. A rating on an obligor is lowered to 'D' or 'SD' if it is conducting a distressed exchange offer.

Short-Term Issue Credit Ratings

A-1. A short-term obligation rated 'A-1' is rated in the highest category by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong.

A-2. A short-term obligation rated 'A-2' is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories. However, the obligor's capacity to meet its financial commitment on the obligation is satisfactory.

A-3. A short-term obligation rated 'A-3' exhibits adequate capacity. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation.

B. A short-term obligation rated 'B' is regarded as having significant speculative characteristics. The obligor currently has the capacity to meet its financial commitment on the obligation; however, it faces major ongoing uncertainties which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation.

C. A short-term obligation rated 'C' is currently vulnerable to nonpayment and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation.

R. The obligor is under regulatory supervision due to its financial condition. Regulators may have the power to favor one class of obligations over others, or pay some obligations and not others, for the duration of the supervisory period.

SD and D. An obligor is rated 'SD' (selective default) or 'D' if a default has occurred on one or more of its financial obligations, including short-term, long-term, rated, and unrated obligations (excluding certain hybrid instruments). A 'D' rating is assigned when it is believed that the default will be a general default and that the obligor will fail to pay all or substantially all of its obligations as they come due. An 'SD' rating is assigned when it is believed that the obligor has selectively defaulted on a specific issue or class of obligations but it will continue to meet its payment obligations on other issues or classes of obligations in a timely manner. A rating on an obligor is lowered to 'D' or 'SD' if it is conducting a distressed exchange offer.

Local Currency and Foreign Currency Risks

Country risk considerations are a standard part of Standard & Poor's analysis for credit ratings on any issuer or issue. Currency of repayment is a key factor in this analysis. Foreign currency issuer ratings are distinguished from local currency issuer ratings to identify those instances where sovereign risks make them different for the same issuer.
