

# Hillsborough County, Florida

## Comprehensive Annual Financial Report

Fiscal Year Ended September 30, 2017

## Cover - Hillsborough County Emergency Management

This year's Comprehensive Annual Finance Report showcases Hillsborough County Emergency Management, which is responsible for planning and coordinating actions to prepare, respond, and recover from natural or man-made disasters in Hillsborough County. Emergency Management accomplishments include:

- Public Education and Outreach**
  - Reached over 15,200 individuals through public education and community outreach presentations.
  - Provided 136,000 Disaster Planning Guides (English and Spanish) to the community.
  
- Plan Reviews**
  - Reviewed over 180 health care facility plans.
  - Served as the lead agency for the coordinating the update of County departmental Continuity of Operations Plans.
  
- Innovation**
  - Implemented the new WebEOC incident management software to enhance the County's overall interoperability for internal agencies and departments as well as to communicate and collaborate in real time with surrounding jurisdictions.
  
- Disaster Response and Recovery**
  - Served as the lead agency for the County's response to Hurricane Irma.
  - Over 60 shelters were opened to house over 30,000 general and special needs populations.
  - The Emergency Operations Center maintained staffing levels to support 24 hour operations for over 4 days.
  - Four points of distribution were set up to meet community needs for food and water.
  
- Training and Exercises**
  - Hosted multiple training and exercise events to include the annual Mass Casualty Drill, annual Statewide Hurricane Exercise, All Hazards Incident Management Team training and Public Health Points of Distribution exercise.
  
- Hurricane Maria Assistance**
  - Served as the coordinator with multiple departments to assist the evacuees from Puerto Rico who were displaced from their homes by Hurricane Maria
  
- Grant Management**
  - Served as the lead agency for managing over \$455,000 in grant allocations used for staffing, hazardous material site surveys, training and public outreach.
  
- Hazardous Material Site Surveys**
  - Conducted 127 hazardous materials site visits to ensure compliance with the Superfund Amendments and Reauthorization Act (SARA Title III).

To learn more about Emergency Management and its services, visit [www.hcflgov.net](http://www.hcflgov.net).

# INTRODUCTORY SECTION

## Disaster Response and Recovery

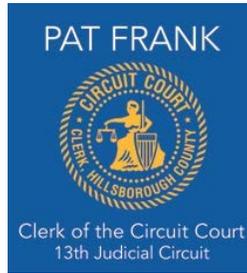

Hillsborough County Emergency Management is responsible for planning and coordinating actions to prepare, respond, and recover from natural or man-made disasters in Hillsborough County. The Office manages the County Emergency Operations Center, conducts emergency training, and helps coordinate the Citizen Emergency Response Teams and Citizen's Corps.

SM

**Hillsborough**  
**County** Florida

March 26, 2018

To the Residents of Hillsborough County, Florida:

*The Hillsborough County, Florida, Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2017*, is a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States (GAAP) and audited by independent certified public accountants in accordance with auditing standards generally accepted in the United States.

**Legal Requirements** The CAFR was prepared by the County Finance Department of the Clerk of Circuit Court in accordance with Sections 218.32 and 218.39, Florida Statutes. The Clerk of Circuit Court, as chief financial officer of Hillsborough County, assumes full responsibility for the completeness and reliability of the information presented in this report. To the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

**Internal Control** Hillsborough County has established a comprehensive internal control framework designed to ensure that the County's assets are protected from loss, theft, or misuse, and that sufficient reliable accounting information is compiled to allow for financial statement preparation in conformity with GAAP. Since the cost of internal controls should not outweigh their benefits, the County's internal controls have been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement.

**Independent Audits** The Hillsborough County financial statements were audited by Cherry Bekaert LLP, an independent certified public accounting firm, in accordance with Sections 11.45 and 125.01, Florida Statutes. The goal of the independent audit was to provide reasonable assurance that the financial statements of Hillsborough County for the fiscal year ended September 30, 2017, were free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Based on its audit, the independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the Hillsborough County financial statements, for the fiscal year ended September 30, 2017, were fairly presented in conformity with GAAP.

As a recipient of federal and state financial assistance, the County is responsible for maintaining an adequate internal control framework to ensure compliance with applicable laws and regulations related to these programs. This internal control framework is reviewed by the

County's independent auditor when it conducts the annual federal and state Single Audits, which cover major federal grant programs and state grant projects, respectively. The federal and state Single Audits were designed to meet the requirements of Title 2 US Code of Federal Regulations Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance); as well as Section 215.97, Florida Statutes, and Chapter 10.550, Rules of the Auditor General. The independent auditor's Single Audit reports, including any findings and recommendations, the Schedule of Expenditures of Federal Awards, and the Schedule of Expenditures of State Financial Assistance are available in a separately issued *Single Audit Report*.

**Management's Discussion and Analysis (MD&A)** The MD&A is a significant part of the CAFR. The MD&A is a narrative introduction, overview, and analysis of the financial statements and should be read in conjunction with this letter of transmittal. The MD&A also provides a brief overview of the CAFR's contents.

**County Profile** Hillsborough County, created in 1834 as Florida's 19<sup>th</sup> county, is located along the west coast of Florida. The County covers 1,266 square miles, of which 215 square miles cover water areas. Hillsborough County's 2017 population of 1,379,302 exceeded the population of each of the following states: Alaska, Delaware, Maine, Montana, New Hampshire, North Dakota, Rhode Island, South Dakota, Vermont and Wyoming. Hillsborough County is empowered to levy property taxes on certain real and personal property located in the county as well as to levy certain sales, fuel and communications taxes. The County also receives revenues from other sources such as state and federal grants, state revenue sharing, special assessments, licenses and permits, fines and forfeitures, investment earnings and miscellaneous revenues. During fiscal year 2017, the County's revenues from all sources were approximately \$2.0 billion.

Hillsborough County operates under a home-rule charter enacted by the voters on September 20, 1983. Charter powers address self-government and cannot conflict with general law or special law approved by the voters. The established legislative body of the County is the Board of County Commissioners (BOCC), a seven-member body elected by County voters. Specifically designated governmental functions are performed by separately elected constitutional officers who are elected at-large. These separately elected officers are the Clerk of Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector.

**Services Provided** The Hillsborough County reporting entity provides a full range of services including law enforcement, construction and maintenance of roads and bridges, animal services, social service programs, children's services, aging services, comprehensive planning and growth management, environmental protection, property assessment and tax collection, official records, a variety of court-related support functions, fire protection and emergency rescue, water, wastewater and solid waste disposal services, stormwater management, indigent health care, parks and recreational facilities, libraries and cultural events, emergency disaster planning and response, economic development and agricultural cooperative extension services.

**Financial Reporting Entity** The separately elected members of the BOCC and the Constitutional Officers together are the officials who are accountable to the residents of Hillsborough County. The officials holding these offices on September 30, 2017, are identified on the page before the table of contents. The organizations of the BOCC, the Constitutional Officers and the blended component unit together comprise the Hillsborough County primary government.

This report covers the Hillsborough County reporting entity, which includes the primary government as well as the component units. Component units are legally separate entities for which the primary government is financially accountable. Component units are classified as either blended or discretely presented component units depending on the nature of the entity's relationship with the primary government. Even though blended component units are legally separate entities, they are included as a part of the primary government because they are in financial substance a part of the primary government's operations. The Hillsborough County Civil Service Board is the County's only blended component unit. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize their legal separation from the primary government. The Hillsborough County City-County Planning Commission and Housing Finance Authority of Hillsborough County are reported as discretely presented component units.

The Tampa Sports Authority, Hillsborough Transit Authority, Hillsborough County Hospital Authority, Arts Council of Hillsborough County, Hillsborough County Aviation Authority, Tampa Port Authority, Hillsborough County School District, Children's Board of Hillsborough County, Tampa-Hillsborough County Expressway Authority, Hillsborough County Public Transportation Commission (dissolved effective December 31, 2017), other independent special districts and the neighborhood special dependent districts are not a part of the Hillsborough County reporting entity, so they are excluded from this report. More information on the financial reporting entity may be obtained in Note 1.A. of the Notes to the Financial Statements.

**Budgetary Controls** The County maintains extensive budgetary controls. The objective of these controls is to ensure compliance with the legal, legislative, and contractual provisions affecting the County, which are incorporated into the annually appropriated budget. Budgetary control for the BOCC is maintained at the character level within each department and fund. Characters are broad categories of expenditures: personal services, operating expenditures, capital outlay, debt service, and grants and aids. This level of control is greater than that required by Florida Statutes. Budgetary control includes a comparison of encumbrances, pre-encumbrances, and actual expenditures to appropriations before issuing purchase orders or payments. This control is performed by automated edit checks in the accounting system. Expenditures that exceed appropriations require the BOCC to approve a budget amendment before processing, unless immediate payment is needed for statutory or emergency operational requirements and total expenditures do not exceed the fund's budgetary total. These emergency expenditures are subsequently authorized by a budget amendment. Encumbrances are canceled at year-end and are reestablished in the new fiscal year. Expenditures by the constitutional officers are controlled by appropriations at the fund level in accordance with Florida Statutes.

The BOCC approves an annual budget for annually appropriated governmental and proprietary funds using the modified accrual basis of accounting. The BOCC maintains a five to six-year capital improvement program, which is updated and approved annually.

**Cash and Investments** At September 30, 2017, the Hillsborough County Primary Government had total cash and investments of \$2.19 billion. Most of this amount, \$2.00 billion, was in the Hillsborough County Investment Pool (Investment Pool) managed by the Clerk of Circuit Court. The objectives of the Investment Pool are safety of principal, liquidity, and return on investment, in that order. To meet these objectives, the Investment Pool is conservatively invested in high-quality investments such as: treasury securities, 53%; US government sponsored agency securities, 26%; Florida PRIME, the state of Florida's

Local Government Investment Pool, 12%; corporate notes, 4%; commercial paper notes, 3%; municipal bonds, 1%; and cash in demand deposits and money market accounts, 1% in total. At September 30, 2017, the Investment Pool's duration, which is like weighted average maturity, was a low 1.08 years.

In 2008 the Investment Pool was rated for the first time and assigned the highest rating of AAAf by Standard & Poor's Ratings Services (S&P). This rating continued each year until 2011, when it was reduced one level to AA+f due to S&P's downgrade of the United States long-term credit rating from AAA to AA+. However, short-term securities of the US government and government sponsored agency securities still carry the highest rating of A-1+ on the rating scale for short-term securities. In December 2017, S&P again awarded the Investment Pool the highest rating of AAAf. The overall effective rate of return of the Investment Pool for fiscal year 2017 was 0.97% compared to the benchmark rate of 0.59%, (a weighted average of the Merrill Lynch 3-month US Treasury Bill Index and the Merrill Lynch 1-3 Year US Treasury Note Index). The Investment Pool's rate of return for fiscal year 2016 was 0.76%.

**Property Tax Amendment to Florida Constitution** In January 2008, the voters approved a property tax amendment to the Florida Constitution. Effective October 2008, this amendment increased the homestead exemption other than for school district taxes from \$25,000 to \$50,000 for most properties, resulting in an annual savings of about \$240 per homeowner. This amendment also allowed property owners to transfer, i.e. make portable, up to \$500,000 of their homestead benefits when they move. Although an earlier "Save Our Homes" constitutional amendment capped the annual increase in assessed value for homestead property to 3% or the percentage change in the Consumer Price Index, whichever is less, it did not cap increases in non-homestead property. Effective January 2009, the amendment approved in January 2008 capped the annual increase in assessed value for non-homestead property such as businesses, industrial property, rental property, and second homes, to 10%, except for school district taxes. This amendment also provided a \$25,000 exemption for tangible personal property. The County's property tax revenues rose \$46.0 million or 7.7% due to a 7.7% increase in the taxable assessed value of real property in Hillsborough County. See Statistical section for more information on property taxes, assessed values, and exemptions.

**Federal Government's Effect on Hillsborough County** Similar to other state and local governments, the US government has a significant impact on Hillsborough County. For fiscal year 2017, the County had \$83.1 million in expenditures funded by US government grants--either directly from federal agencies or passed through state and local governmental entities. Federal grant expenditures represent 5% of the County's governmental revenues. The US government also has an indirect effect on other County revenues. For example, 42% of the County's total revenues from governmental activities came from ad valorem property taxes, which are related to the value of real estate in the County. Real estate values tend to be correlated with the availability and affordability of mortgages. The US government has created a variety of programs that assist banks that make mortgage loans, the US government sponsored agencies that buy, securitize and sell mortgage-backed securities, and taxpayers who purchase homes. The success of these programs may affect mortgage lending and real estate values, which in turn affect the ad valorem property tax revenues of Hillsborough County in the future.

At September 30, 2017, the Hillsborough County Primary Government held 79% of its investment portfolio in US government or related investments. A total of \$1.572 billion was invested in a combination of US treasury securities, US government sponsored agency securities which are supported by the US government, and government-only mutual funds. At September 30, 2017, the Hillsborough County Primary Government also held \$92 million, or 1% of its investment portfolio, in bank deposits, most of which were secured by the FDIC. The rest were secured by the state of Florida's multiple financial institution collateral pool

established under Chapter 280, Florida Statutes. The US government affects the state of Florida's multiple financial institution collateral pool because securities issued by the US treasury and government sponsored agencies are used as collateral by banks participating in the Qualified Public Depository program. See Note 3 of the Notes to the Financial Statements for more details.

The US government also has a significant impact on the local economy. Of the top 19 employers in Hillsborough County, MacDill Air Force Base, the James A Haley Veterans Administration Hospital, and US Postal Service together represent 27,875 employees or 20% of the employees at the top 19 employers. See Principal Employers in the Statistical Section of the CAFR for more details. In addition, the residents of Hillsborough County pay significant amounts of income and excise taxes to the US government and also receive significant benefits from the US government including Social Security, Medicare, and unemployment compensation. The reason for highlighting these interactions with the US government is that changes in the US government's fiscal condition could lead to changes in amounts paid to or received from the US government, which in turn could have a financial impact on Hillsborough County.

**Awards** The Government Finance Officers Association of the United States and Canada (GFOA) awarded Hillsborough County a *Certificate of Achievement for Excellence in Financial Reporting* for its CAFR for the fiscal year ended September 30, 2016. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR whose contents conform to program standards. The CAFR must satisfy both GAAP and applicable legal requirements. Hillsborough County has received a Certificate of Achievement for the last thirty-five consecutive years.

The County also received the GFOA's *Award for Outstanding Achievement in Popular Annual Financial Reporting* for its separately issued *Financial Summary Report for the Fiscal Year Ended September 30, 2016*. The *Financial Summary Report* is a simplified popular annual financial report specially designed for the general public. The receipt of this national award recognized the County's conformance with the highest standards for preparation of state and local government popular reports. Hillsborough County has received this award for the last seventeen consecutive years.

Both of these awards are valid for a period of one year. We believe that the County's fiscal year 2017 CAFR and Financial Summary Report continue to conform to award program requirements and are submitting both of them to the GFOA for evaluation.

**Acknowledgments** We would like to express our appreciation for the support provided by the Clerk of Circuit Court, each of the other Constitutional Officers, the County Administrator, the Board of County Commissioners, and their respective staffs, for their contributions to the preparation of this report. We also appreciate their efforts in ensuring the highest standards of professionalism in the financial and operational management of Hillsborough County.

Sincerely,

Timothy Simon, CPA, CFA  
Deputy Comptroller

March 26, 2018

To the Citizens of Hillsborough County:

As County Administrator, it is my privilege to provide you with the Hillsborough County, Florida Comprehensive Annual Financial Report for the fiscal year ending September 30, 2017.

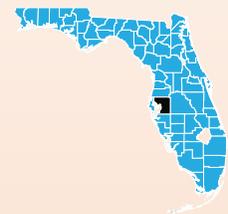

I am pleased to report that Hillsborough County's financial position in Fiscal Year 2017 (FY 17) remained strong at a time when other governments still experience challenging financial positions due to the lingering effects of the nations most recent economic downturn. During FY 17, ad valorem tax revenues rose, and other major revenues posted improvements, including the half-cent sales tax and tourist development taxes. Strategic management decisions over the past eight years have improved service delivery while reducing the per capita cost of County government by 7.4% compared to FY 10. The Board of County Commissioners (BOCC) adopted a FY 18 budget that is balanced without using reserves, reducing the workforce, or impacting service to customers.

Additionally, Hillsborough County's general obligation credit rating remains "AAA," as determined by the three national credit rating agencies. This credit rating is the highest attainable rating and is reserved for only the best-managed and financially sound governments and corporations. By contrast, the credit ratings of many other governments have declined since the global financial crisis, making Hillsborough County's rating even more notable.

### County Profile

Hillsborough County has a rich, vibrant history steeped in diverse traditions and cultures. County government fosters community prosperity for all residents by strengthening a broad range of opportunities, including agriculture, manufacturing, arts, health, sciences, technology, innovation start-ups, small businesses, and entrepreneurship. Capitalizing on these cultural and economic development opportunities preserves and enhances community assets.

The BOCCs strategic goals focus on continued job creation and economic competitiveness, both as a community and as a region. Success toward achieving these goals is evident in an expanding skyline, major tourist destinations, world-class entertainment venues, a nationally recognized airport, one of the largest shipping ports in the country, major educational institutions, a bustling agricultural industry, professional sports teams, and more. Residents can live in high-energy urban environments, suburban planned communities, or rural landscapes. Notable national and international

Hillsborough was established as Florida's 19<sup>th</sup> county in 1834. Hillsborough's boundaries encompass 1,051 square miles of land, 24 square miles of inland water, and 76 miles of coastline.

events – including four Super Bowls with a fifth scheduled for 2021, NCAA hockey and basketball championships, the Republican National Convention, the 2014 International Indian Film Academy’s Awards, the 2017 College Football Playoff National Championship, and the 2018 National Hockey League All-Star Game – have heightened global attention and continue to bring many visitors to our doorstep. People of all ages and diverse backgrounds, and companies representing an array of industries, choose to make Hillsborough County their home.

As County Administrator, I am appointed by the seven-member, elected BOCC to run the day-to-day operations of County government. I remain committed to fostering community prosperity through excellence in meeting the service needs of residents and businesses. In the unincorporated area of the county, those services include construction permitting, water and wastewater service, solid waste collection and disposal, recreational activities, economic development programs, and code enforcement, as well as maintenance of vital infrastructure, such as roads and public buildings. In addition, libraries, pet resources, and social services for children, seniors, and low-income residents are provided to over 1.3 million people countywide.

### Economic Conditions

The Tampa Metropolitan Statistical Area had an annual gain of 29,100 jobs in December 2017. Professional and business services, education and health services, finance, and leisure and hospitality led this broad-based job growth. Tourism in the Tampa Bay region has been exceptionally strong in recent years, with tourist development tax collections increasing 5% in FY 17. Nationally, job markets and wage growth showed notable improvement in 2017, and job growth is expected to continue in 2018. This growth will continue to support improved consumer spending and confidence.

The local housing market continues to post gains. Foreclosures fell 25.1%, and home prices rose 7.4% in Hillsborough County during 2017. Existing unsold housing inventory is at its lowest level since 2005. In 2017, home sales were up 7.8% over the previous year. The continued housing recovery supported a fifth consecutive year of property tax revenue growth for FY 18.

### Relevant Financial Policies

I am responsible for the financial planning for County government, including operating, capital, and debt service budgets, as well as the allocation of resources to accomplish BOCC goals. I also am responsible for recommending long-range financial planning strategies to the BOCC, including reserve policies and financial forecasting.

To maintain sound financial management, it is important to have policies and procedures that complement the statutory requirements and professional standards of local government. The BOCC has adopted a series of financial policies that suggest and encourage a comprehensive approach to financial management. These policies are available online in the adopted budget document at [HCFLGov.net](http://HCFLGov.net).

The County's December 2017 unemployment rate of 3.3% was below the national average of 3.9%.

In FY 17, \$120 million in new corporate capital investment helped create 3,000 new jobs.

Consumer spending drove a 4.1% increase in taxable sales in FY 17 amid steady economic growth.

Hillsborough tourist development tax collections rose in FY 17 to a record high \$31.1 million.

In 2017, home sales increased 7.8%, and the average home price rose 7.4%.

## Major Initiatives

The BOCC has consistently stated that the highest priority is economic development (jobs, capital investment, and wealth creation) for all residents of Hillsborough County. Key initiatives in support of this priority include: improving access to qualified workers by local businesses, expanding access to contracting and certification opportunities for disadvantaged businesses, and improving the return-on-investment and metrics associated with the County's support of tourism-related activities.

As companies expand, the characteristics that make a community attractive to business investment are shifting from cost concerns to quality concerns. Infrastructure investments made by the County to revitalize areas of the community and position top sites for business growth can have a major impact on private capital investment and rising prosperity. By making strategic investments, Hillsborough County benefits from increased job-generating projects that bring higher-than-average wages and private capital investment to diversify the County's tax base.

Hillsborough County is committed to leveraging limited financial resources to solve complex public problems and achieve shared community goals. Through dynamic collaborations, the County continues to seek and foster public-private partnerships that achieve common goals and provide cost-effective solutions to meet growing community service and demand. During FY 16, the BOCC adopted a transportation funding policy that commits \$812 million in new transportation expenditures over the next 10 years. In FY 17, transportation received \$36.7 million in additional funding over FY 16. Additionally, other economic development initiatives were funded to further enhance job creation.

## Long-Term Prospects

County government is committed to remaining financially sound and sustainable by maintaining strong reserves, ensuring sustainable resources and services, investing in key infrastructure and community assets, and retaining and attracting a diverse and skilled workforce. By succeeding in this endeavor, we will continue to create a prosperous community that is a great place to grow a family and a business.

Sincerely,

Michael S. Merrill

County Administrator

## Our strategic goals:

A strong and sustainable local economy

Enhanced public safety

Life enrichment and recreational opportunities

Self-sufficient individuals and families

High-quality community assets

## Report of Independent Auditor

To the Board of County Commissioners of  
Hillsborough County, Florida

### **Report on Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Hillsborough County, Florida (the "County"), as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Housing Finance Authority of Hillsborough County, a discretely presented component unit, which represents 95.9% of the assets, 100% of the net position and 45.8 % of the revenues of the discretely presented component units. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Housing Finance Authority of Hillsborough County, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions**

In our opinion, based on our report and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County, as of September 30, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison information for the General, Countywide Special Purpose, Sales Tax Revenue, Intergovernmental Grants, County Transportation, Local Housing Assistance, and Infrastructure Surtax Projects Funds, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matters***Change in Accounting Principle*

As discussed in Note 1. I. and 9 to the financial statements, the County adopted the provisions of Governmental Accounting Standards Board ("GASB") Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* during the year ended September 30, 2017. Our opinion is not modified with respect to this matter.

*Prior Period Restatement*

As discussed in Note 5 to the financial statements, the County had understated its mortgages receivable and related deferred inflows of resources for the year ended September 30, 2016. Accordingly, the County has restated the 2016 ending balances to reflect the correction of this error. Our opinion is not modified with respect to this matter.

**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, infrastructure condition and maintenance data, changes in Hillsborough County net postemployment benefits other than pensions ("OPEB") liability and related ratios, schedule of contributions OPEB plan, schedule of Hillsborough County's proportionate share of the Florida Retirement System net pension liabilities for the pension plan and health insurance subsidy program, and the schedule of contributions Florida Retirement System pension plan and health insurance subsidy program, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements as a whole. The introductory section, combining and individual fund statements and schedules, statistical section, and schedule of receipt and expenditures of funds related to the Deepwater Horizon oil spill lawsuit proceeds are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules and schedule of receipt and expenditures of funds related to the Deepwater Horizon oil spill lawsuit proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules and schedule of receipt and expenditures of funds related to the Deepwater Horizon oil spill lawsuit proceeds are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2018, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

Our discussion and analysis provides an overview of the financial activities of Hillsborough County, Florida (the County) for the fiscal year ended September 30, 2017 using the reporting model required by Governmental Accounting Standards Board (GASB) Statement No. 34. The reporting model is described in the following narrative as well as in the Notes to the Financial Statements. We encourage reading this narrative with the transmittal letters starting on the first page of this document.

## Financial Highlights

- At September 30, 2017, the County's net position was about \$8.819 billion. Net position is defined as "assets and deferred outflows of resources" less "liabilities and deferred inflows of resources." Of this amount, \$7.709 billion was the net investment in capital assets, and \$634 million was restricted by law, grant agreements, debt covenants, or for capital projects. As a result, \$476 million of unrestricted net position was available at year-end to meet the County's ongoing obligations to residents, creditors, and enterprise fund customers. This amount represents a \$35.8 million increase from the prior year's unrestricted net position of \$440 million after restatement. This increase is explained below.
- During the year, the County's net position increased \$199.3 million. Of this amount, governmental activities were responsible for the increase in net position of approximately \$151.8 million and business-type activities were responsible for an increase in net position of about \$47.5 million. The total net investment in capital assets increased \$132 million or 1.7% from the prior year.
- At September 30, 2017, the General Fund's fund balance was \$339.5 million, representing an increase of \$39.8 million or 13.3% from the previous year. The County's governmental funds in total, reported a combined fund balance at year-end of \$1.029 billion, an increase of \$84.4 million or 8.9% from the previous year.
- The County's Water Enterprise Fund had an increase in net position of \$33.9 million over the beginning balance primarily due to: capital contributions from developers of \$36.4 million; net interest revenues of \$3.3 million; operating income of \$3.3 million; partially offset by a combination of nonoperating revenues and loss on disposal of capital assets of \$3.1 million; net transfers out of \$0.2 million; and a restatement of \$5.8 million. The County's Solid Waste Enterprise Fund had a net increase in net position of \$8.0 million from the previous year primarily due to: operating income of \$8.1 million; a combination of nonoperating revenues and gain on disposal of capital assets of \$1.4 million; offset by net interest expense of \$0.4 million and a restatement of \$1.1 million.
- The County's total liabilities increased by \$199.0 million, from the September 30, 2016 balance of approximately \$2.446 billion to the September 30, 2017 balance of \$2.645 billion. This change was primarily due to the following: The net pension liability rose \$99.8 million. Total OPEB liability increased by \$69.7 million mainly due to a beginning balance restatement. Accounts and contract payable increased by \$45.8 million. These increases were primarily offset by the decrease in bonds payable of \$22.2 million.
- Effective October 1, 2016, the County elected to early implement GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. See Note 9, Other Postemployment Benefits (OPEB), for more information. The County also implemented GASB Statement No. 77, Tax Abatement Disclosures, for fiscal year 2017. Under this statement, the County discloses the nature of its tax abatement programs and amounts paid to qualified participants. See Note 18, Tax Abatements, for more information.

More information on these financial highlights is found in the narrative that follows.

## Overview of the Financial Statements

This Comprehensive Annual Financial Report consists of the Basic Financial Statements, which are high-level summary statements, as well as other statements and schedules with more detailed information. The tables and narratives that follow below provide an overview of the Basic Financial Statements and how they relate to other parts of this report.

Description of Government-wide and Fund Financial Statements				
	Government-wide	Fund Financial Statements		
	Financial Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds
<b>Scope</b>	Entire County except for Fiduciary Funds	Activities that are not Proprietary or Fiduciary	Activities operated similar to private businesses	Assets held on behalf of other entities
<b>Financial Statements</b>	<ul style="list-style-type: none"> <li>Statement of Net Position</li> <li>Statement of Activities</li> </ul>	<ul style="list-style-type: none"> <li>Balance Sheet</li> <li>Statement of Revenues, Expenditures, and Changes in Fund Balances</li> <li>Statement of Revenues, Expenditures, and Changes in Fund Balances -- Budget and Actual</li> </ul>	<ul style="list-style-type: none"> <li>Balance Sheet</li> <li>Statement of Net Position</li> <li>Statement of Revenues, Expenses, and Changes in Net Position</li> <li>Statement of Cash Flows</li> </ul>	<ul style="list-style-type: none"> <li>Statement of Fiduciary Assets and Liabilities - Agency Funds</li> </ul>
<b>Basis of Accounting</b>  Timing of when revenues expenses or expenditures are recognized	Accrual accounting  <i>Revenues are recorded when earned. Expenses are recorded when the liabilities are incurred.</i>	Modified accrual accounting Revenues recorded when measurable and available. <i>Expenditures recognized when incurred with certain exceptions.</i>	Accrual accounting Revenues are recorded when earned. Expenses are recorded when the liabilities are incurred.	Accrual accounting Increases or decreases in assets and liabilities are recorded when incurred.
<b>Measurement Focus</b>  Types of resources being measured	Economic resources:  All assets and deferred outflows of resources less all liabilities and deferred inflows of resources	Financial resources:  Current assets and deferred outflows of resources less current liabilities and deferred inflows of resources	Economic resources:  All assets and deferred outflows of resources less all liabilities and deferred inflows of resources	<i>Not applicable</i>

**Government-wide financial statements** The government-wide financial statements provide an overview of the County's financial position using the accrual basis of accounting, which is similar to the accounting used by private-sector businesses. The Statement of Net Position presents information on the assets, deferred outflows of resources, liabilities and deferred inflows and the net position of the County as a whole. Assets and deferred outflows of resources less both liabilities and deferred inflows of resources are reported as net position. Changes in net position serves as an indicator of whether the financial position of the County is improving or deteriorating. The Statement of Activities presents information showing how the County's net position changed during the fiscal year. Changes in net position are reported as soon as the underlying economic transactions occur, regardless of when cash is received or paid. Therefore, some of the revenues or expenses reported in the Statement of Activities will have cash flows in future fiscal periods. For example, certain sales taxes are shown as revenues although cash receipts will be received in the following fiscal year. An increase in unused vacation leave is recorded as an expense even though related cash outflows will occur in the future.

The government-wide financial statements show a distinction between *governmental activities*—activities that are supported primarily by taxes and intergovernmental revenues versus *business-type activities*—activities that are supported by the recovery of all or most of their costs through user fees and charges. The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, and culture and recreation functions. The business-type activities of the County are the Water Enterprise and Solid Waste Enterprise operations.

The government-wide financial statements include not only the County (known as the *primary government*), but also the legally separate entities for which the County is financially accountable (known as *component units*). The Housing Finance Authority of Hillsborough County and Hillsborough County City-County Planning Commission are the only discretely presented component units of the County. The financial activities of these component units are reported separately from the financial information of the primary government. Separate financial statements are not prepared for the Hillsborough County City-County Planning Commission, but financial and other information including budget and actual comparisons are available. For more information, see Note 1.A. *Financial Reporting Entity*, in the *Notes to the Financial Statements* portion of the *Basic Financial Statements*. The Hillsborough County Civil Service Board, although also legally separate, is included as a part of the primary government because it is fiscally dependent on the County and it provides services almost entirely to the primary government.

**Fund financial statements** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to demonstrate and ensure compliance with legal, legislative, contractual, and other finance-related provisions. All of the County's funds may be divided into three categories: governmental, proprietary, and fiduciary funds.

**Governmental funds** Most of the County's basic services are reported in governmental funds, which focus on how money or other spendable resources flow into and out of those funds and the level of balances remaining at year-end that are available for expenditure. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund financial statements provide a detailed short-term view of the County's general governmental operations. Governmental fund information helps determine the extent to which financial resources are available for expenditure on County programs. Reconciliations of the differences between the government-wide and fund financial statements are provided immediately after the Balance Sheet - Governmental Funds and Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds, respectively, in the Basic Financial Statements.

Funds that are significant in terms of revenues, expenditures, assets or liabilities, or are restricted to be separately reported are identified as major funds in the Basic Financial Statements. Budget and actual comparison statements are also presented in the Basic Financial Statements for the General Fund and each major special revenue fund with a legally adopted annual budget. The County's nonmajor funds, and budget and actual comparison schedules for any nonmajor governmental funds with annually appropriated budgets, are presented in the Combining and Individual Fund Statements and Schedules section.

**Proprietary funds** The County uses Enterprise and Internal Service proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its Water Enterprise and Solid Waste Enterprise operations. Both of these operations are considered to be major proprietary funds of the County. Internal service funds are used to accumulate and allocate costs internally among the County's other functions. The County uses internal service funds to account for self-insurance, fleet management, and the Sheriff's risk management programs. These programs are included within governmental activities in the government-wide financial statements because they predominantly benefit governmental rather than business-type functions. The three internal service funds are combined into a single presentation in the proprietary fund financial statements. Information on individual internal service funds is provided in the Combining and Individual Fund Statements and Schedules section of this report. The proprietary fund financial statements are found in the Basic Financial Statements.

**Fiduciary funds** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Agency funds are the only type of fiduciary fund used by the County. The amounts in these agency funds are not included in the government-wide financial statements because the resources of these funds are not available to support the County's own programs. However, the Statement of Fiduciary Assets and Liabilities—Agency Funds in the Basic Financial Statements is provided for information on the agency funds. In addition, the individual agency funds are presented in the Combining and Individual Fund Statements and Schedules section.

**Notes to the financial statements** The notes provide additional information for a more complete understanding of the information in the government-wide and fund financial statements.

**Other information** In addition to the Basic Financial Statements and accompanying notes, this report also presents *Infrastructure Condition and Maintenance Data, Schedule of Changes in Hillsborough County's Net OPEB Liability and Related Ratios, Schedule of Contributions OPEB Plan, Schedule of Hillsborough County's Proportionate Share of the Florida Retirement System Net Pension Liabilities for the Pension Plan and Health Insurance Subsidy Program, and Schedule of Contributions, Florida Retirement System Pension Plan and Health Insurance Subsidy Program*, located immediately after the *Notes to the Financial Statements*. In addition, the *Statistical Section* is located at the end of this report. The combining statements for the nonmajor funds, internal service funds, and agency funds, as well as individual fund budget and actual comparison schedules are found in the *Combining and Individual Fund Statements and Schedules* section of this report. The Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill is presented in *Other Supplementary Information*.

## Government-wide Financial Analysis

Over time, *net position* may serve as the most useful indicator of a government's financial position. At September 30, 2017, the County's total net position, i.e. total assets and deferred outflows of resources less liabilities and deferred inflows of resources, was \$8.819 billion. As shown on the chart on the following page, the County reported positive balances at September 30, 2017, in all three categories of net position for governmental activities, business-type activities, and the County as a whole.

A significant portion of the County's net position (87.4%) is identified as net investment in capital assets, which is capital assets such as land, buildings, equipment, and infrastructure, less related debt outstanding that was used to acquire or construct those assets and accumulated depreciation. Since the County uses capital assets to provide services to its residents, the net position identified as "net investment in capital assets" is not available for future spending. In fact the payment of maintenance and debt service costs on those capital assets will themselves require governmental resources. Another portion of the County's net position is restricted net position, which is assets plus deferred outflows of resources less liabilities and less deferred inflows of resources subject to external constraints such as from debt covenants, grantors, laws or regulations, or restrictions through enabling legislation. Unrestricted net position (or total assets plus deferred outflows of resources less total liabilities less deferred inflows of resources less restricted net position) represents net position available to meet the County's ongoing obligations to residents, creditors, and enterprise fund customers. Significant changes between years are described later.

There was a \$151.8 million increase in the County's net position represented by governmental activities. The growth in net position from governmental activities represented 76.2% of the County's total growth in net position of \$199.2 million. Governmental revenues rose \$124.5 million from the prior year. Expenses rose \$40.1 million compared to the prior year. The chart on the following page describes changes in net position between the current and prior fiscal years. Key net position changes during fiscal year 2017 are described below. Expense variance explanations are provided on the next few pages.

### Governmental Activities

- **Charges for services** increased \$16.2 million or 7.4% primarily due to the following: There was an increase in school impact fee revenues of \$4.4 million as well as an increase in building permit fees of \$3.4 million partially offset by decreases in other impact fees and special assessments of \$0.3 million and \$1.2 million respectively. \$5.1 million was attributable to an increase of indirect cost revenue in the Countywide General Fund. Fines and forfeitures increased by \$3.3 million due to an increase in ordinance violation fees, fines ordered by traffic court and confiscated property.
- **Operating grants and contributions** increased \$1.5 million or 1.7%. This increase in operating grants and contributions revenue was primarily concentrated in the following areas: Human Services increased \$2.2 million; General government increased \$2.2 million; offset by decreases in Physical environment of \$1.1 million and Economic environment of \$2.2 million.
- **Capital grants and contributions** increased \$32.2 million or 68.2%. There was a \$24.6 million increase in infrastructure contributions from real estate developers. Total infrastructure contributions for fiscal year 2017 were \$50.8 million, representing long-term investments by real estate development companies. This increase was partially offset by a decrease in capital grant revenues, mostly in the general government function.

- Property tax revenues** increased \$47.7 million or 7.4% due to a \$5.56 billion or 8.4% increase in the taxable assessed value of real property in Hillsborough County for 2016. The change in assessed values of real estate in fiscal year 2016 affected property tax revenues in fiscal year 2017 because there is a lag from the time of assessment to the time taxes are due. This increase in assessed values for fiscal year 2016 was the result of real property market values rising \$6.5 billion, offset by property tax exemptions rising only \$0.94 billion (since market values less exemptions equal assessed values).

- **Sales tax revenues and state shared revenues**, as a combined category, increased \$20.6 million or 4.6% from the prior year due to higher retail sales brought about by a stronger economy. The discretionary sales surtax for the healthcare of low-income residents increased \$4.2 million. The Community Investment Tax, a discretionary sales surtax for infrastructure capital projects, increased \$4.3 million. The local government half-cent sales tax, a state shared revenue, increased \$3.0 million. Fuel taxes increased \$0.8 million. Other state shared revenues rose \$8.3 million.
- **Other taxes** increased \$0.8 million or 1.5% primarily due a \$1.5 million increase in tourist development taxes from the greater use of hotels during the year as a result of a stronger economy. This gain was partly offset by a \$0.4 million decline in Communications Services Tax revenues due to a lower rate set by the state of Florida.
- **Investment earnings**, which is the sum of actual interest and changes in the fair value of the investment portfolio, rose \$0.4 million or 3.5% from the previous year. The overall investment portfolio earnings rate rose from 0.76% for fiscal year 2016 to 0.97% for fiscal year 2017. The benchmark interest rate for fiscal year 2017 was 0.42% (a weighted average of the Merrill Lynch 3-month US Treasury Bill Index rate of 0.61% and 1-3 Year US Treasury Note Index rate of 1.14%).
- **Other revenues** declined \$4.0 million or 15.2% due to a combination of factors. The County recorded \$8.5 million of miscellaneous revenue during fiscal year 2016 when the BOCC approved an agreement between the Tampa Sports Authority and the Tampa Bay Buccaneers, whereby the Buccaneers relinquished any and all legal rights to certain funds in connection with a practice field allowance. As a result this contingent liability was removed. This one-time inflow did not repeat in 2017. This decrease was partially offset by an increase in revenue of \$4.6 million due to prior year expenditure refunds and loan repayments.
- **Pension expense** beginning with the fiscal year 2017 pension expenses are allocated to individual government functions rather than shown separately.
- **General government** expenses decreased \$10.1 million. There was a total \$8.3 million decrease in a variety of areas including payroll costs, health care insurance charges and operating expenses in the General Fund. There was a \$28.1 million decrease due to payments to the School Board for new school construction (from impact fees) that took place in fiscal year 2016 in the Countywide Special Purpose Fund. These large payments did not repeat in 2017. These decreases were partially offset by the following: There was a \$13.6 million increase due to pension expense that was previously reported separately and a \$2.7 million increase due to the change in compensated absences. In addition there was \$5.1 million increase in operating costs in the Countywide Special Purpose Fund attributable mainly to maintenance costs and computer/hardware support agreements. There was also a \$5.1 million increase caused by the removal of the indirect cost allocation.
- **Public safety** expenses increased \$42.4 million or 7.6% primarily due to the following: The Sheriff's General Fund, The Unincorporated Area portion of the General Fund and Unincorporated Area Special Revenue Fund had a combined \$15.2 million increase primarily due to personnel costs. \$23.9 million of the increase was attributable to pension expense which was previously reported separately. Depreciation expense increased \$1.2 million due to higher depreciable assets and a higher proportion of depreciation allocated to public safety expenditures.

- **Physical environment** expenses decreased by \$7.1 million or 13.2% primarily due to: There was an \$11.4 million loss from disposal of land that was added to expenses in accordance with governmental accounting standards in fiscal year 2016, which did not repeat in 2017. This decrease was primarily offset by increases in the following areas: General Fund expenditures increased by \$1.6 million attributable mainly to personnel costs and professional services. Pension expense increased by \$1.4 million as it was previously reported separately.
- **Transportation** expenses increased \$13.1 million or 13.6% due to items such as the following: There was a \$6.7 million increase in infrastructure disposals. Pension expense increased by \$3.1 million which was previously reported separately. A \$6.3 million increase in the General Fund was associated with an increase in impact fee offsets buy backs. These increases were partially offset by a \$4.0 million decrease in non-capitalizable infrastructure preservation expenses.
- **Economic environment** expenses increased \$8.5 million or 13.4% primarily due to an \$18.0 million Yankee spring training Stadium project as well as an increase in pension expense of \$2.7 million which was previously reported separately. This increase was partially offset by a \$12.5 million decrease in funding to Tampa Bay Arena, L.P. for improvements to the Amalie Arena using Fifth Cent Tourist Development Tax proceeds.
- **Human services** expenses increased \$25.9 million or 12.3% primarily due to the following: There was an \$11.4 million increase in Countywide Special Purpose Fund due to an \$11.1 million increase in grants and aids and a \$0.4 million increase in personnel costs. In addition, there was a \$2.5 million increase in intergovernmental grants as well as a \$9.4 million increase in pension expense that was previously reported separately.
- **Culture and recreation** expenses increased \$5.0 million or 6.9% due to a variety of factors such as the following: There was a \$5.5 million increase in the Library Fund associated mainly with an increase of personnel and indirect administrative costs. There was an increase of \$3.5 million in pension expense that was previously reported separately. In addition there was an increase in the General Fund of \$3.0 million which was mainly caused by increases in personnel costs, indirect administrative costs and maintenance costs, which were partially offset by a decrease in grants and aids. These expense increases were partially offset by a reduction in expense caused by the removal of indirect cost allocations.
- **Interest on long-term debt** decreased \$4.6 million or 20.6% primarily due to the following: In 2017, interest expense increased by \$4.2 million due to deferred refunding loss amortization. These increases were primarily offset by bond cost amortization which reduced interest expense by \$8.3 million.

## Business-type activities

The **Water Enterprise** provides potable water as well as the collection, treatment, and environmentally safe disposal of wastewater for the County's unincorporated area residents. The Water Enterprise's principal assets consist of four water and eight wastewater treatment plants. Water program revenues rose \$14.4 million or 6.5% from the previous year primarily due to these factors: Water, wastewater and reclaimed water charges increased \$14.0 million and customer billing charges increased \$0.3 million. Water program expenses increased by \$5.6 million primarily due to the following: \$7.9 million increase in depreciation expense; \$0.9 million increase in pension expenses; and \$0.8 million increase in personnel services. These increases were offset by a decrease in contractual services of \$4.1 million.

The **Solid Waste Enterprise** primarily provides solid waste collection and disposal services to the County's unincorporated area residents and businesses. The Solid Waste System's principal assets include a waste-to-energy plant, a 1,500-acre sanitary landfill, and neighborhood refuse collection sites. The Solid Waste Enterprise's program revenues were up \$3.4 million or 3.3% compared to the prior year due to an increase in residential disposal and collection assessments, recycling revenues, commercial and municipal disposal fees. Solid Waste program expenses were down \$1.6 million primarily due to a decrease in contractual services partially offset by increases in costs associated with landfill closure and long term care expenses as well as repairs and maintenance and depreciation expenses.

## Fund Financial Analysis

The County uses fund accounting to demonstrate and ensure compliance with legal, legislative, contractual, and other finance-related provisions.

**Governmental funds** The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information is useful in determining the County's financial resources. Unreserved fund balance at year-end is a good measure of a government's net resources available for expenditure.

At September 30, 2017, the County's governmental funds reported combined ending fund balances of \$1,030.0 million, an increase of \$85.1 million from the previous year. This increase was the result of a combination of changes in fund balances such as the following:

The fund balance of the Countywide Special Purpose Revenue Fund increased by \$52.3 million. This increase was mainly due to a decrease in expenditures related to aids to other governments. The fund balance of the General Fund increased by \$39.8 million. This increase was driven by the increase in ad valorem property tax revenue. These increases were offset by the decrease in the fund balance of the Environmentally Sensitive Lands Acquisition Fund. The decrease in this fund was attributable to an increase in capital outlay.

About \$337.0 million or 32.7% of ending combined fund balances, consisted of unassigned fund balances, which are available for spending at the government's discretion. The remainder of the funding is categorized as nonspendable, restricted, committed or assigned in accordance with the GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. See Note 13 for more information.

**Proprietary funds** The proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Water Enterprise Fund's charges for services revenues were \$235.1 million. This was a \$14.4 million or 6.5% increase from fiscal year 2016. At September 30, 2017, unrestricted net position of the Water Enterprise Fund was \$354.3 million, a decrease of \$19.1 million from the prior year.

The Solid Waste Enterprise Fund's charges for services revenues were \$105.7 million. This was a \$3.4 million or 3.3% increase from fiscal year 2016. The revenue increase was primarily due to increases in residential disposal and collection assessments, recycling revenues, commercial and municipal disposal fees. At September 30, 2017, unrestricted net position of the Solid Waste Enterprise Fund was \$98.3 million, an increase of \$7.5 million over the prior year. See previous section on business-type activities for more information.

## General Fund Budgetary Highlights

Budget and actual comparison statements are provided in the *Basic Financial Statements* for the General Fund and all major special revenue funds with legally adopted annually appropriated budgets. Budget and actual comparison schedules are also provided in the *Combining and Individual Fund Statements and Schedules* section for all nonmajor funds with legally adopted annually appropriated budgets. The budget and actual comparison statements and schedules show the original adopted budget, the final revised budget, and actual results.

Since the constitutional officers are considered a part of the Hillsborough County Primary Government, the General Fund includes the general operating funds of the Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections, and Clerk of Circuit Court. 2017, total General Fund expenditures on the budgetary basis budget and actual statement were \$7.0 million lower than the previous year, and \$94.6 million lower than the final budget due to a significantly higher level of expenditures budgeted compared to the prior year.

After the original budget is approved, it may be revised for a variety of reasons such as unforeseen circumstances, corrections of errors, new bond or loan proceeds, or new grant awards. During fiscal year 2017, supplemental appropriations to the Board of County Commissioners' budget, excluding component units, were approximately \$456.6 million or 9.3% of the original legally adopted budget. Supplemental appropriations to the General Fund budget were approximately \$0.7 million on the budgetary basis.

## Capital Assets and Debt Administration

**Capital assets** At the end of fiscal year 2017, the County's governmental activities had \$7.336 billion in a broad range of capital assets, including land, equipment, buildings, construction in progress, and infrastructure. Infrastructure consists of roads, streets, bridges, sidewalks, stormwater systems, and related assets. See the following table for more information.

**Hillsborough County, Florida**  
**Capital Assets Net of Accumulated Depreciation at Year-End**

<i>in thousands</i>	Governmental Activities		Business-type Activities		Total Primary Government	
	2017	2016	2017	2016	2017	2016

Infrastructure	5,991,021	5,941,280	--	--	5,991,021	5,941,280
Construction in progress	117,869	104,589	238,654	166,158	356,523	270,747
<b>Totals</b>	<b>\$ 7,335,610</b>	<b>7,240,075</b>	<b>1,321,875</b>	<b>1,276,197</b>	<b>8,657,485</b>	<b>8,516,272</b>

Infrastructure is not depreciated since the County has an asset management system in place and has made a commitment to incur the maintenance expenses necessary to preserve (a) infrastructure assets at or above a condition of fair, on a scale from failed, poor, fair and good, to excellent, and (b) to preserve its paved roadway lane miles at or above a condition of 55 or more on the American Society for Testing and Materials (ASTM) pavement condition index from 0 to the highest level of 100. Both of these target condition levels were achieved with actual infrastructure condition at fair or above and paved roadway miles at 60.85. The actual fiscal year 2017 maintenance expenditures for the preservation of infrastructure were \$115.8 million versus \$149.8 million estimated. Actual fiscal year 2017 maintenance expenditures were 12.1% higher than actual fiscal year 2016 expenditures. The County continued to meet infrastructure preservation goals, including goals for paved roadway lane miles. See the Infrastructure Condition and Maintenance Data section in Required Supplementary Information for more information. The \$95.5 million increase in net capital assets of governmental activities during fiscal year 2017 was attributed to the following:

- Land, rights-of-way, and infrastructure asset contributions received from real estate developers and others, as well as equipment donated to the County were responsible for \$61.8 million of the increase in capital assets.
- Capital outlay expenditures of \$151.6 million accounted for the largest part of the total increase in capital assets during the fiscal year. Although there were total capital outlay expenditures of \$151.6 million, only \$114.4 million of it resulted in capital asset additions because \$37.2 million of capital outlay costs were not capitalized as will be explained later. Total capital outlay expenditures of \$151.6 million consisted of: County transportation construction projects, \$45.8 million; Community Investment Tax-funded infrastructure capital projects, \$19.0 million; unincorporated area capital projects, \$19.0 million; Sheriff Law Enforcement capital projects, \$13.0 million; intergovernmental grants, \$9.2 million; library construction, \$7.4 million; Public Safety Operations Center capital project, \$6.8 million; Countywide special purpose projects, \$4.1 million; countywide capital projects, \$3.4 million; Unincorporated Area capital projects, \$2.9 million; capital projects funded by the commercial paper program, \$4.9 million; Next Generation 911 capital projects, \$2.3 million; acquisition of environmentally sensitive lands, \$2.3 million; Clerk of Circuit Court public records modernization and other projects, \$3.4 million; court facilities not funded by bonds, \$2.3 million; Supervisor of Elections projects, \$1.9 million; Tax Collector capital projects, \$1.4 million; and all other remaining funds, \$2.5 million. Capital asset acquisitions of the Internal Service Funds accounted for an additional \$18.4 million of the increase in capital assets.
- The \$37.2 million capital outlay expenditures that did not lead to capital asset additions were for infrastructure preservation costs and library books. Infrastructure preservation costs, which totaled \$34.7 million, were not capitalized under the modified approach for infrastructure asset accounting. Library book purchases that did not meet the \$1,000 capitalization threshold, totaling \$2.4 million, were not capitalized. Both infrastructure preservation costs and library book purchases were treated as expenses in the Statement of Activities because they did not increase capital assets.
- Depreciation expense accounted for \$83.5 million of the reduction in capital assets. Infrastructure disposals accounted for \$17.3 million of the reduction. Non-infrastructure disposals and other write offs of capital assets including Internal Service Fund disposals during the year accounted for an additional \$1.1 million of reduction.
- The internal service funds accounted for a total increase of capital assets of \$5.9 billion, due to purchases of equipment.

The \$45.7 million increase in net capital assets of business-type activities during fiscal year 2017 was primarily attributed to additions of \$120.4 million and contributions from developer and others of \$17.6 million, offset by depreciation/amortization expense of \$85.2 million. See Note 6, Capital Assets, in the Notes to the Financial Statements for more information.

**Long-term liabilities** At September 30, 2017, the County had 20 bonded debt issues outstanding. These issues included \$59.0 million in general obligation bonds, \$463.7 million in revenue bonds, and \$500.8 million in Enterprise Fund revenue bonds. At September 30, 2017, all \$123.0 million of notes payable were classified as general government notes payable. There were no notes payable in the Enterprise Funds. The County's short-term commercial paper note program is supported by a third-party letter of credit. See the chart of long-term liabilities outstanding at year-end below.

The County follows GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This statement requires public sector employers to expense the cost of other (i.e. non-pension) postemployment benefits (OPEB) over the active service lives of their employees rather than using a "pay-as-you-go" basis. The County's total OPEB liability at September 30, 2017, was \$76.6 million.

\* Bonds are presented net of deferred losses on bond refundings, and unamortized bond discounts and premiums.

\*\* The Hillsborough County Health Care Program for low-income residents had an "insurance claims payable, current" liability reported for claims incurred but not reported and reported but not paid, which is shown in the Statement of Net Position and Balance Sheet -- Governmental Funds. The liability of \$4,468,000 is not included in the chart above because it is not a long-term liability.

\*\*\*The beginning balance shown for total OPEB liability is different than the ending balance reported in prior year due to the implementation of GASB Statement No. 75 regarding OPEB.

The County has been assigned the highest possible credit ratings on its general creditworthiness by all three credit rating agencies. The County's high credit ratings are a notable achievement since they generally lead to lower interest costs on debt issuances. The County's debt obligations are issued and administered in a manner that helps achieve the highest possible credit rating while sustaining the long-term financial integrity of the County.

Credit ratings assigned to the County's debt at September 30, 2017 by Moody's Investors Service (Moody's), Standard and Poor's Ratings Services (S&P), and Fitch Ratings are shown below:

**Hillsborough County, Florida, Credit Ratings at September 30, 2017**

Type of Debt Issue	Moody's	S&P	Fitch Ratings
General obligation bonds (i.e. general credit ratings)	Aaa	AAA	AAA
Revenue bonds supported by the County's share of the Community Investment Tax (CIT)	A1	AA	AA
Revenue bonds supported by a covenant to budget and appropriate legally available non-ad valorem revenue	Aa1	AA+	AA+
Revenue bonds supported by the County's share of the Half-Cent Sales Tax from state of Florida	Aa2	AA+	AA+
Revenue bonds supported by Water and Wastewater System Enterprise System revenue	Aaa	AA+	AAA
Revenue bonds supported by Solid Waste Resource System Enterprise Fund	A1	AA+	A+

P-1, P-2, P-3 (Moody's); A-1+, A-1, A-2, A-3 (S&P); F1+, F1, F2, F3 (Fitch)

For more information on long-term liabilities see Note 7, *Long-Term Liabilities*, in the *Notes to the Financial Statements*.

## Economic Factors

Local, national, and international economic factors influence the County's revenues in a variety of ways. Positive economic growth is correlated with increased revenues from property taxes, sales taxes, fuel taxes, charges for services, and state revenue sharing, as well as state and federal grants. Economic growth may be measured by a variety of indicators such as employment growth, employment diversity, unemployment rate, new construction and assessed values, diversity of the property tax base, and Enterprise Fund revenue and net position growth.

- Ad valorem property taxes represented 42% of total revenues from governmental activities for fiscal year 2017. These revenues are based on assessed values (market value less exemptions). After reaching an all-time high of \$80.05 billion in fiscal year 2007, the assessed value of real estate in the County fell over several years to reach a low of \$53.57 billion in 2012, a decline of 33% from its peak. These declines in assessed values were due to a combination of lower market values and higher exemptions set by state law. Assessed values then rose to \$77.93 billion in 2017, a rise of 45.5% from its low, due to a strong real estate market.
- The fact that the ten largest property taxpayers in the County represent only 5.89% of the total ad valorem property tax levy indicates that the County has a diversified tax base. Hillsborough County's diversified property tax base should continue to provide a stabilizing effect on property tax revenues in the future.
- Sales-related taxes such as fuel taxes, discretionary sales surtaxes, communications services taxes, and state shared revenues represented 32% of total revenues from governmental activities for fiscal year 2017. Sales-related taxes and state shared revenues are linked to employment within the County. Hillsborough County's annual average unemployment rate in 2016 was 4.7% compared to 4.8%, in the prior year. The County's 2016 unemployment rate was 0.4 percentage points lower than the Florida rate of 5.1% and 0.1 percentage points lower than the national rate of 4.8%.
- Hillsborough County also has a diversified employment base. The top 19 employers in the County employ only 20.7% of the total employees within the County. In addition, employment within the County is spread among a wide variety of categories including education, health, restaurants and entertainment, professional and business services, government, finance/insurance/real estate, construction, transportation, communications, wholesale/retail trade, and manufacturing. The County's diversified employment base provides a stabilizing effect on the County's sales-related revenues.

The economic factors described above show that the County's general, i.e. non-program, revenue of \$1.247 billion is well proportioned between property tax revenues of \$688 million and sales-related revenues of \$523 million. In addition, there is wide variety in the principal property tax taxpayers and employers in Hillsborough County both of which tend to stabilize County's revenues. More information on economic factors is provided in the Statistical Section.

## To Obtain Further Information

This financial report was designed to provide an overview of the County's finances. If you have any questions concerning the Basic Financial Statements or other accounting information in this report, please contact the finance director or assistant finance director. If you have any questions concerning budgets, long-term financial planning, future debt issuances, or the management of County operations, please contact the county administrator. Contact information is shown below:

The accompanying notes are an integral part of these financial statements.

## DESCRIPTIONS OF MAJOR FUNDS - GOVERNMENTAL ACTIVITIES

### BOARD OF COUNTY COMMISSIONERS:

**General Fund** – To account for all financial resources of the general government except those required to be accounted for in other funds. The General Fund is subdivided into the following categories: Countywide, Unincorporated Area, Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections, and Clerk of Circuit Court.

**Countywide Special Purpose Revenue Fund** – To account for special purpose revenues used to provide services for residents throughout the County. Examples include state revenue sharing, the discretionary sales surtax for indigent health care, the 911 emergency telephone system, pollution settlement and recovery, and state contraband forfeitures.

**Sales Tax Revenue Fund** – To account for the local government infrastructure discretionary sales surtax known as the Community Investment Tax, the local government half-cent sales tax distributed by the state of Florida which is transferred to other funds for various program expenditures; the 5% tourist development tax designated to promote tourism in the County; and the professional sports franchise sales tax revenues.

**Intergovernmental Grants Fund** – To account for federal, state, local government, or other grants for programs including aging services, children's services, social services, transportation, public assistance, housing, public safety, physical environment, and capital projects.

**County Transportation Fund** – To account for motor fuel taxes, state revenue sharing, and various grant funds designated to finance road and street construction, maintenance, and other transportation projects.

**Local Housing Assistance Program Fund** – To account for State Housing Initiatives Partnership (SHIP) program moneys received from the state of Florida. This program makes loans to low and moderate income persons, first time home buyers, builders and others for funding home purchases, new home construction, existing home renovation, and for the payment of matching funds needed to obtain grants.

**Infrastructure Surtax Projects Fund** – To account for capital projects associated with use of the County's share of the voter-approved local government infrastructure discretionary sales surtax levied per Section 212.055, Florida Statutes. This sales tax, commonly known as the Community Investment Tax, may be used to purchase or construct equipment or infrastructure related to jails, criminal justice computer systems, fire stations, streets and traffic intersections, stormwater systems, parks, and libraries. This tax is shared with the Hillsborough County School Board, the Tampa Sports Authority, and the three municipalities located in the County.

## DESCRIPTIONS OF MAJOR FUNDS - BUSINESS-TYPE ACTIVITIES

### BOARD OF COUNTY COMMISSIONERS:

**Water Enterprise Fund** – To account for the operations of the Water Enterprise Fund, a division of the Public Utilities Department, which provides water and wastewater-related services in the unincorporated areas of the County. Water and wastewater fees are determined annually by rate studies and are set at levels to recover operating expenses, including debt service, in a manner similar to private business enterprises. Activities necessary to provide water and wastewater service are accounted for in this fund, including customer service, engineering, operations, and maintenance.

**Solid Waste Enterprise Fund** – To account for the operations of the Solid Waste Enterprise Fund, a division of the Public Works Department, which provides solid waste disposal services on a countywide basis. Refuse generated in the unincorporated areas of the County is collected by franchised and non-franchised collectors serving residential and commercial customers and by private companies serving their own customers. Refuse dumping fees are reviewed annually and are set at levels sufficient to recover operating and debt service expenses, and to also account for landfills owned and operated by the Solid Waste Fund as well as monitoring closed landfills.

**Hillsborough**  
**County** Florida

**HILLSBOROUGH COUNTY, FLORIDA**  
**Reconciliation of the Balance Sheet -- Governmental Funds**  
**to the Statement of Net Position -- Governmental Activities**  
**September 30, 2017**  
**(amounts in thousands)**

Fund balances reported on the Balance Sheet - Governmental Funds		\$ 1,029,430
Differences between the amounts reported on the Balance Sheet - Governmental Funds and the governmental activities reported on the Statement of Net Position were as follows:		
Capital assets used in governmental activities were not financial resources and, therefore, were not reported in the governmental funds:		
Total capital assets, see Note 6	7,335,610	
Less: Internal Service Fund capital assets	<u>(39,883)</u>	7,295,727
Other assets or liabilities shown in governmental activities were not financial resources and, therefore, were not reported in the governmental funds:		
Accounts receivable for Build America Bonds interest subsidy from the US Treasury.		234
Elimination of the operating income (loss) earned by the internal service funds through transactions with business-type activities.		(1,965)
Deferred outflows of resources from bond refunding losses are presented in governmental activities on the Statement of Net Position, but are not reported in the governmental funds.		8,322
Deferred outflows of resources from pensions are presented in governmental activities on the Statement of Net Position, but are not reported in the governmental funds.		373,666
Internal service funds were used to charge self-insurance and fleet management costs to individual funds. The assets and liabilities of the internal service funds were included in the governmental activities portion of the Statement of Net Position.	275,233	
Less: Internal Service Fund deferred outflows of resources	(1,759)	
Add: Internal Service Fund deferred inflows of resources	<u>340</u>	273,814
Compensated absences of the Planning Commission component unit was offset by amount "due from other governmental units," which corresponded to amount "due to other governmental units" on the governmental activities portion of the Statement of Net Position.		(525)
Long-term liabilities, including bonds payable were not due and payable in the current period and therefore were not reported in the governmental funds.		
Total long-term liabilities, see Note 7	(1,678,127)	
Add: interest payable due to interest accruals	(8,923)	
Less: Internal Service Fund insurance claims payable	34,118	
Less: Internal Service Fund compensated absences	229	
Less: Internal Service Fund net pension liability	4,401	
Less: Internal Service Fund OPEB liability, see Note 9	<u>588</u>	(1,647,714)
Deferred inflows of resources from pensions and OPEB are presented in governmental activities on the Statement of Net Position, but are not reported in the governmental funds.		(64,771)
There was a deferred inflow of resources for unavailable revenues, offset by an asset for delinquent ad valorem taxes receivable, in the fund financial statements. However, this deferred inflow was not included in the Statement of Net Position because the revenue was recognized in the Statement of Activities.		3,165
SHIP related revenue was a deferred inflow in the fund financial statements, but increased net position on the Statement of Net Position.		<u>4,211</u>
Net position reported for governmental activities on the Statement of Net Position		<u>\$ 7,273,594</u>

The accompanying notes are an integral part of these financial statements.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Reconciliation of the Statement of Revenues, Expenditures and**  
**Changes in Fund Balances of Governmental Funds to the Statement of Activities**  
**For the fiscal year ended September 30, 2017**  
**(amounts in thousands)**

Net change in fund balances reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds	83,857
Differences between amounts reported on Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds and governmental activities reported on the Statement of Activities were as follows:	
Capital assets - related items	
Capital outlay expenditures represented an increase to capital assets on the Statement of Net Position.	151,555
Depreciation expense was a reduction of net position on the Statement of Activities.	(70,722)
Infrastructure preservation costs, which were included in capital outlay expenditures shown above, were not capitalized, so they decreased net position under the modified approach.	(34,722)
Library books under the capitalization threshold were included in capital outlay expenditures shown above, but were not capitalized. As a result it decreased net position on the Statement of Activities.	(2,440)
Contributions of infrastructure assets received from developers increased net position on the Statement of Activities.	63,206
Contributions of capital assets received from the Constitutional Officers, Planning Commission and others increased net position.	1,072
Loss on sale of capital assets was not reported in the fund financial statements, but was reported in the Statement of Activities. Therefore, the book value of assets disposed was a reduction of net position.	(751)
Loss on disposal of infrastructure, which was reported as an expense, represented a reduction of net position.	(17,277)
Long-term liability-related items	
Proceeds from the issuance of new long-term debt were in "other financing sources" on the fund financial statements but did not increase net position on the Statement of Activities.	(101,121)
Repayments of long-term liabilities represented expenditures on the fund financial statements, but did not decrease net position on the Statement of Activities.	101,544
The decrease in net long-term debt due to amortization of premiums and discounts increased net position on the Statement of Activities.	7,449
The increase in net pension liability decreased net position on the Statement of Activities.	(95,672)
Less: increase in internal service fund net pension liability included in figure above.	402
The net reduction in interest accruals and other interest related entries increased net position on the Statement of Activities.	1,396
The decrease in compensated absences liabilities increased net position on the Statement of Activities.	380
Less: decrease in internal service fund compensated absences included in the figure above	(43)
The decrease in total OPEB liability increased net position on the Statement of Activities.	855
Less: decrease in internal service fund total OPEB liability	(6)
The decrease in compensated absences liabilities of the Planning Commission corresponded to a decrease in the "due to other governmental units" on the Statement of Net Position.	77
Eliminations of inter-organizational items	
The operating gain incurred on transactions with business-type activities was eliminated for the Statement of Activities.	1,292
Revenues and receivables-related items	
Net increase in net position of the Self-Insurance and Fleet Internal Service Funds increased net position since it was reported in the governmental activities section of the Statement of Activities.	20,536
The increase in delinquent taxes receivable had no effect on fund balance in the fund financial statements, but it increased net position in the Statement of Activities.	306
SHIP related revenue is unavailable revenue in fund financial statements, but is recognized as revenue in the Statement of Activities.	4,211
Other reconciling items	
The increase in inventory and prepaid items on the fund financial statements increased net position on the Statement of Activities.	585
The decrease in deferred outflows decreased net position on the Statement of Activities.	(56,253)
Add: decrease in internal service fund deferred outflows included in figure above.	264
The decrease in deferred inflows increased net position on the Statement of Activities.	92,165
Less: decrease in internal service fund deferred inflows included in the figure above.	(372)
Change in net position reported on the governmental portion of the Statement of Activities.	<u>\$ 151,773</u>

## COMPONENT UNITS

**Housing Finance Authority of Hillsborough County** – To account for the general fund of the Housing Finance Authority of Hillsborough County (Authority). The purpose of this Authority is to encourage the investment of private capital in, and the construction of, residential housing for low and moderate income families through public financing. Bonds issued by the Authority are special obligations of the Authority payable solely from revenues, receipts and resources of the Authority pledged under a related trust indenture. These bonds do not constitute a debt, liability, general or moral obligation or pledge of the faith or credit of the Authority, Hillsborough County, the state of Florida or any of its political subdivisions. Accordingly, the Authority has determined that the obligations of its bond programs should not be presented in the Authority's financial statements. To also account for the Single Family Bond Program of the Housing Finance Authority of Hillsborough County.

**Hillsborough County City-County Planning Commission** – To account for the revenues and expenditures of the Hillsborough County City-County Planning Commission. The Planning Commission performs long-range comprehensive planning and makes recommendations to the County and city governments concerning the orderly growth and development of Hillsborough County.

# HILLSBOROUGH COUNTY, FLORIDA

# HILLSBOROUGH COUNTY, FLORIDA

## Notes to Financial Statements

### Note 1 Summary of Significant Accounting Policies

The financial statements of the Hillsborough County, Florida reporting entity (County) have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County's more significant accounting policies are described below.

#### A. Financial Reporting Entity

Hillsborough County is a political subdivision of the state of Florida. It is guided by an elected Board of County Commissioners (BOCC), which is governed by Florida Statutes and a home-rule charter enacted by the voters. In addition, there are five elected Constitutional Officers: the Clerk of Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. The BOCC and the Constitutional Officers together comprise the *Hillsborough County primary government*.

As required by GAAP, these financial statements cover the *Hillsborough County reporting entity*, which includes the Hillsborough County primary government as well as its component units. Component units are legally separate entities for which the primary government is financially accountable. The following criteria determines whether an entity is a component unit of the reporting entity:

The definition of the reporting entity is based primarily on the concept of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of the separate organization's governing body and either is able to impose its will on that organization or there is the potential for the organization to provide specific financial benefits to, or specific financial burdens on, the primary government. A primary government is financially accountable for governmental organizations that are fiscally dependent on it and also meet a financial benefit or a burden relationship criterion.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, activities of, or the level of services performed or provided by the organization. A financial benefit or burden relationship exists if the primary government is entitled to the organization's resources; is legally obligated or has otherwise assumed the obligations to finance the deficits of, or provide financial support to, the organization; or is obligated in some manner for the debt of the organization.

Some organizations are included as component units because of their fiscal dependency on the primary government. An organization is fiscally dependent on the primary government if it is unable to adopt its own budget, levy taxes, set rates or charges, or issue bonded debt without approval by the primary government. In addition, any entity for which the primary government is not financially accountable, but for which exclusion would cause the primary government's financial statements to be misleading, should be included as a component unit.

Based on the criteria specified above, the Hillsborough County reporting entity includes both blended and discretely presented component units.

#### Blended Component Unit

Component units that meet the criteria for blended presentation are reported in a manner similar to that of the primary government itself. Accordingly, the data of blended component units is presented as a part of the primary government throughout this report.

The financial statements of the entity discussed below are included in the financial reporting entity as a blended component unit because, despite being legally separate from the primary government, it is so intertwined with the primary government that it is in substance, the same as the primary government. This entity, and the nature of its relationship with the County, is described in the following paragraph.

## **HILLSBOROUGH COUNTY, FLORIDA**

### **Notes to Financial Statements**

The Hillsborough County Civil Service Board (CSB), a blended component unit, is housed in the County's administrative offices and is accounted for as a nonmajor Special Revenue Fund of the Hillsborough County primary government. Separate financial statements are not required for it. The CSB administers a uniform classified merit employment system. CSB responsibilities include developing personnel rules, records, and reports related to employees and positions; handling recruitment functions; coordinating an employee performance management system; and conducting other programs to ensure compliance with the Civil Service Act and other statutory requirements. Although the CSB is legally separate, it is fiscally dependent on the primary government and provides services almost entirely to the primary government.

#### **Discretely Presented Component Units**

Component units that meet the criteria for discrete presentation in accordance with GASB Statement Number 61 are presented in a separate component units column in the government-wide financial statements in order to clearly distinguish the balances and transactions of these component units from those of the primary government. The component units listed below are discretely presented and are identified as *component units* throughout this report. The Component Units are presented as governmental fund types.

#### **Housing Finance Authority of Hillsborough County**

The purpose of the Housing Finance Authority of Hillsborough County (HFA) is to use public financing to encourage private investment in, and construction of, residential housing for low and moderate income families. The HFA is a discretely presented component unit because the BOCC appoints the members of the HFA governing body and because the BOCC is able to impose its will on the HFA. The County Ordinance which created the HFA provides that the BOCC may remove members of the HFA's governing body without cause, and may change the structure, organization, or activities of the HFA, including terminating the HFA. The HFA does not have a financial benefit/ burden relationship with the BOCC. Bonds issued by the HFA are special obligations of the HFA payable solely from revenues, receipts and resources of the HFA pledged under related trust indentures. These bonds do not constitute a debt, liability, general or moral obligation or pledge of the faith or credit of the HFA, Hillsborough County, the state of Florida or any of its political subdivisions. Accordingly, the HFA has determined that the obligations of its bond programs should not be presented in the HFA's basic financial statements.

#### **Hillsborough County City-County Planning Commission**

The Hillsborough County City-County Planning Commission (PC) performs long-range comprehensive planning and makes recommendations to the County and city governments concerning the orderly growth and development of Hillsborough County. The PC is legally separate. The BOCC appoints only four of the ten members of the PC's governing body, which does not represent a voting majority. However, the PC is a component unit of the BOCC because the PC is fiscally dependent on the primary government for its funding and there is a financial benefit/burden relationship with the BOCC. The BOCC provides the budget for PC operations and owns the assets purchased using BOCC funding. In addition, the PC cannot have a deficit because it is not possible for expenditures to exceed the budget unless additional budget is authorized by the BOCC. As a result, the PC is a component unit of the Hillsborough County primary government. The PC is reported as a discretely presented component unit because it provides services to the cities of Tampa, Temple Terrace, and Plant City, in addition to the primary government.

#### **Additional Information on Discretely Presented Component Units**

Separate financial statements are not prepared for the PC, but financial data including budget and actual comparisons may be obtained from:

County Finance Department, County Center, 12<sup>th</sup> Floor,  
P.O. Box 1110, Tampa, Florida 33601-1110

Financial statements of the discretely presented HFA, including budget and actual comparisons, may be obtained directly from that entity. For a nominal photocopying charge, the HFA financial statements may also be obtained from:

Board of County Commissioner Records, County Center, 12<sup>th</sup> Floor  
601 East Kennedy Boulevard, Tampa, Florida 33602

# HILLSBOROUGH COUNTY, FLORIDA

## Notes to Financial Statements

### Related Organizations

The BOCC appoints a voting majority of the governing bodies of certain entities for which the County is not financially accountable. These entities are classified as related organizations. In accordance with governmental accounting standards, related organizations are excluded from the financial reporting entity, but their relationships with the County are disclosed.

Hillsborough County Hospital Authority (HCHA) was created to operate a hospital. Although the BOCC appoints a voting majority of the HCHA's governing body, the BOCC does not have the ability to impose its will on the HCHA, nor does it have a financial/benefit burden relationship with the HCHA. The HCHA has the autonomous authority to establish its own budget, set rates for medical services, and issue its own revenue bonds. The outstanding debt of the HCHA is not an obligation of the County.

Arts Council of Hillsborough County (AC) was created for developing and promoting the performing and visual arts in Hillsborough County. The BOCC appoints a voting majority of the AC's governing body, but each appointment may be made only from a list of candidates nominated by the existing governing body of the AC. The BOCC does not have the ability to impose its will on the AC, nor does it have a financial benefit/burden relationship with the AC. The AC has the autonomous authority to set fees and issue its own debt. The outstanding debt of the AC is not an obligation of the County.

The Hillsborough County Industrial Development Authority (IDA) was created to finance or refinance industrial capital projects. The BOCC appoints the board members of the IDA. The BOCC does not have the ability to impose its will on the IDA, nor does it have a financial/benefit burden relationship with the IDA. The IDA is neither financially accountable to, nor fiscally dependent on, the BOCC.

### Tampa Bay Water Joint Venture

On May 1, 1998, the member governments of the West Coast Regional Water Supply Authority (WCRWSA) reorganized the WCRWSA in accordance with Section 30, Chapter 97-160, Laws of Florida, and Chapter 373, Florida Statutes. The purpose of the reorganization was to meet the region's current and future water supply requirements. The reorganization also resulted in a new forty-year master regional water supply contract and interlocal governance agreement. The WCRWSA was dissolved and a new organization named Tampa Bay Water (TBW) was created. The new regional water supply agreement became effective on September 29, 1998 to coincide with TBW's issuance of Series 1998A and 1998B Utility System Revenue Bonds.

A joint venture is a legal entity resulting from a contractual arrangement that is governed by two or more participants in which the participants retain either an ongoing financial interest or an ongoing financial responsibility. The County is one of six participants governing Tampa Bay Water and has an ongoing contractual responsibility to purchase water solely from TBW.

TBW sets water rates to produce sufficient revenue from the participants to meet its operating costs and debt service requirements. TBW's audited financial statements for the fiscal year ended September 30, 2017 may be obtained from:

Director of Finance and Administration  
Tampa Bay Water  
2575 Enterprise Road  
Clearwater, Florida 33763-1102

### B. Basic Financial Statements

The County's Basic Financial Statements contain three components: government-wide financial statements, fund financial statements, and notes to the financial statements.

**Government-wide financial statements** The government-wide financial statements provide an overview of the County's financial position using the accrual basis of accounting, which is similar to the accounting used by private-sector businesses. The government-wide financial statements include not only the County itself (the primary government), but also its component units, the legally separate entities for which the County is financially accountable. The Statement of Net Position presents information on all of the assets, deferred outflows of financial resources, liabilities and deferred inflows of financial

## HILLSBOROUGH COUNTY, FLORIDA

### Notes to Financial Statements

resources of the County as a whole. The difference between "assets and deferred outflows of resources" and "liabilities and deferred inflows of resources" is reported as net position. Changes in net position may serve as an indicator of whether the financial position of the County is improving or deteriorating. The Statement of Activities presents information showing how the County's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying economic transactions occur, regardless of when cash is received or paid. Therefore, some of the revenues or expenses reported in the statement of activities will have cash flows in future fiscal periods. For example, uncollected taxes are shown as revenues although cash receipts will occur in the future. Unused vacation leave is recorded as an expense even though related cash outflows will occur in the future. See Note 1.H., *Deferred Outflows of Resources and Deferred Inflows of Resources*, for more information.

The government-wide financial statements show a distinction between activities that are supported primarily by taxes and intergovernmental revenues (governmental activities) and activities that are intended to recover all or most of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, and culture and recreation functions. The business-type activities of the County include the Water Enterprise and Solid Waste Enterprise operations.

Program revenues include charges for services, operating grants and contributions, capital grants and contributions, and restricted interest earnings. The charges for services category encompasses revenues from licenses and permits, fines and forfeitures, and special assessments, as well as charges for service transactions. Restricted interest is interest related to specific programs within business-type activities.

Revenue and expense transactions respectively, for services provided by the internal service funds to other funds, were not eliminated in the government-wide statement of activities so that amounts in the applicable functions would not be distorted. The government-wide financial statements are presented as if the internal service activities took place in governmental activities rather than in the internal service funds. As a result internal service fund assets, liabilities, revenues, and expenses were added to the applicable governmental activities. Internal service fund transactions between the governmental activities and business-type activities were eliminated. Any revenues and expenditures remaining after eliminations, are presented in the governmental activities columns of the government-wide financial statements.

Administrative overhead charges are allocated in BOCC accounting records using a "cost allocation plan." For example, the costs of Business and Support Services (procurement and budget), Facilities Management, Human Resources, Administrative Services, County Attorney, and other "indirect" activities are allocated to benefiting functions. Such administrative overhead charges are included with other direct expenses categorized by function on the Statement of Activities.

**Fund financial statements** A *fund* is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with legal, legislative, contractual, and other finance-related provisions. All of the County's funds may be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds** Most of the County's basic services are reported in governmental funds, which focus on how money or other spendable financial resources flow into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's general governmental operations and the basic services it provides. The measurement focus is based upon determination of changes in financial position. Governmental fund information helps determine whether financial resources that can be spent in the near future to finance the County's programs have increased or decreased. The Balance Sheet – Governmental Funds is followed by a reconciliation to the Statement of Net Position and the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds is followed by a reconciliation to the Statement of Activities. The following is a description of the County's major governmental funds:

The **General Fund** is the County's primary operating fund. It is used to account for all financial resources of the general government except those required to be accounted for in other funds. The General Fund is subdivided into the following categories: Countywide, Unincorporated Area, Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections, and Clerk of Circuit Court.

## HILLSBOROUGH COUNTY, FLORIDA

### Notes to Financial Statements

The **Countywide Special Purpose Revenue Fund** is used to account for special purpose revenues used to provide services for residents throughout the County, including expenditures of a discretionary sales surtax for a healthcare program for low-income residents.

The **Sales Tax Revenue Fund** is used to account for the 5% tourist development tax designated for the promotion of tourism in the County, the local government half-cent sales tax, the discretionary sales surtax for infrastructure (Community Investment Tax), and state shared revenues, which are transferred to other funds for various program expenditures.

The **Intergovernmental Grants Fund** is used to account for federal, state, local governmental or non-governmental grants and state shared revenues for programs including aging services, children's services, social services, public assistance, housing, and capital projects.

The **County Transportation Fund** is used to account for motor fuel taxes, state revenue sharing, and various grant funds designated to finance road and street construction, maintenance, and other transportation projects.

The **Local Housing Assistance Program Fund** is used to account for State Housing Initiatives Partnership (SHIP) program moneys received from the state of Florida. This program makes loans to low and moderate income persons, first time home buyers, builders and others for funding home purchases, new home construction, existing home renovation, and for the payment of matching funds needed to obtain grants.

The **Infrastructure Surtax Projects Fund** is used to account for capital projects associated with the County's share of the voter-approved local government infrastructure discretionary sales surtax levied per Section 212.055, Florida Statutes. This sales tax, which is commonly known as the Community Investment Tax, is authorized to purchase equipment, or purchase or construct infrastructure related to jails, criminal justice computer systems, fire stations, streets and traffic intersections, stormwater systems, parks, and libraries. This tax is shared with the Hillsborough County School Board, the Tampa Sports Authority, and the three municipalities located in the County.

“Other Governmental Funds” is a summarization of all nonmajor governmental funds, which are shown separately in the “Combining and Individual Fund Statements and Schedules” Section.

The County maintains two different types of **Proprietary Funds**. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its Water Enterprise Fund and Solid Waste Enterprise Fund operations. Both of these operations are considered to be major proprietary funds of the County. Internal service funds are used to accumulate and allocate costs internally among the County's other functions. The County uses internal service funds to account for Self-Insurance, Fleet Management, and Risk Management programs. These programs are included within governmental activities in the government-wide financial statements because they predominantly benefit governmental rather than business-type functions. The three internal service funds are combined into a single column on the proprietary fund financial statements. In proprietary funds, operating revenues and expenses are distinguished from nonoperating revenues and expenses. Operating revenues and expenses are those transactions related to a proprietary fund's principal ongoing operations. Operating revenues consist of charges for services. Operating expenses include such items as personnel and contractual services, costs of services provided, and depreciation on capital assets. Nonoperating revenues and expenses are those transactions that are not directly related to a proprietary fund's principal activities. Nonoperating revenues and expenses include operating grants, investment earnings, and interest expense. The County's two major proprietary funds are described below:

The **Water Enterprise Fund** is used to account for the operations of the water and wastewater system in the unincorporated areas of the County. Water and wastewater fees are determined annually by rate studies and are set at levels to recover the expenses of operations, including debt service, in a manner similar to private business enterprises. Activities necessary to provide water and wastewater service are accounted for in this fund, including customer service, engineering, operations, and maintenance.

The **Solid Waste Enterprise Fund** is used to account for countywide solid waste management operations. Refuse generated in the unincorporated areas of the County is collected by franchised and non-franchised collectors serving residential and commercial customers and by private companies serving their own customers. Refuse tipping fees are reviewed annually and are set at levels sufficient to recover operating and debt service expenses. The Solid Waste Fund also owns and operates landfills and monitors closed landfills.

## HILLSBOROUGH COUNTY, FLORIDA

### Notes to Financial Statements

**Fiduciary funds** are used to account for resources held for the benefit of parties outside the primary government. Fiduciary funds are specifically used for purposes such as: holding bond proceeds and related bonds payable liabilities of the reclaimed water improvement units and capacity assessment units which are not obligations of Hillsborough County; payroll deductions payable, performance bonds, the Clerk of Circuit Court's tax accounts; forfeited bond accounts, fines and forfeiture accounts; and various other agency accounts. Agency funds are fiduciary funds used to account for assets that the County holds on behalf of others as their agent. Fiduciary funds are not included in the government-wide financial statements because the resources of these funds are not available to support County programs.

#### **Reconciling Government-wide Financial Statements to Fund Financial Statements**

The differences between the government-wide financial statements and the fund financial statements are identified in the following sections of the Basic Financial Statements: Reconciliation of the Balance Sheet – Governmental Funds to the Statement of Net Position – Governmental Activities; Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities; the reconciliation at the bottom of the Balance Sheet, Proprietary Funds; and the reconciliation at the bottom of the Statement of Revenues, Expenses, and Changes in Fund Net Position, Proprietary Funds.

#### **C. Measurement Focus and Basis of Accounting**

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the types of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets less all liabilities). The basis of accounting indicates the timing of transactions or events for recognition in the financial statements. For example, under the accrual basis of accounting, transactions are recognized when the transactions take place, whereas on the cash basis of accounting, transactions are recognized when cash is received or paid.

The proprietary fund financial statements and the government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The governmental fund financial statements are presented using the current financial resources measurement focus and modified accrual basis of accounting. The agency fund financial statements are presented using the accrual basis of accounting. Since agency funds do not show revenues or expenditures, a measurement focus is not applicable for agency funds.

With the economic resources measurement focus, all assets and liabilities associated with the operation of these funds are included on the balance sheet. With the accrual method of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Government-wide financial statements and proprietary fund financial statements show increases (revenues) and decreases (expenses) in net position.

Governmental fund financial statements are presented using the current financial resources and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds show increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, that is, when they become both measurable and available to pay liabilities of the current period. Revenues not considered available are recorded as *unavailable revenue*, a deferred inflow of resources. See Note 1.H., *Deferred Outflows of Resources and Deferred Inflows of Resources*, for more information. Expenditures are recorded when a liability is incurred except for (a) unmatured interest on general long-term debt, which is recorded when due, and (b) the noncurrent portion of accrued compensated absences, which is recorded in long-term debt on the government-wide financial statements.

In applying the susceptible to accrual concept to intergovernmental revenues, there are essentially two types of revenues. In one, money must be expended for specific purposes or projects before any intergovernmental revenues will be received by the County; therefore, revenues are recognized based on the timing of expenditures incurred. In the other, intergovernmental revenues are virtually unrestricted and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

## **HILLSBOROUGH COUNTY, FLORIDA**

### **Notes to Financial Statements**

The availability period used for revenue recognition under the modified accrual basis of accounting is as follows: Property taxes are recognized as revenue in the fiscal year for which taxes are levied, provided they are collected within thirty days after fiscal year-end. Special assessments are recorded as revenue in the year the payments are due. Investment earnings such as interest revenues are recorded as earned. Fire Rescue billings are recognized as revenue if expected to be collected within 90 days. Intergovernmental grant revenues are recognized when eligibility requirements are met and related amounts are available from grantors. Certain other revenues such as sales taxes and state shared revenues are recognized as revenues if expected to be received within 60 days. Certain other miscellaneous revenues are recorded as revenues when received because they are generally not measurable until actually received.

#### **D. Cash, Cash Equivalents and Investments**

Cash consists of checking and savings accounts, collectively designated as cash deposits. Cash deposits are carried at cost. For purposes of financial statement presentation, cash equivalents are highly liquid investments with maturities of three months or less from date of purchase.

The County deposits cash in qualified public depositories. The deposits are insured by the Federal Deposit Insurance Corporation and/or secured by the multiple financial institution collateral pool established under Chapter 280, Florida Statutes. In accordance with these statutes, qualified public depositories are required to pledge eligible collateral in varying percentages. Any losses to public depositors are covered by applicable deposit insurance, by the sale of pledged securities, and if necessary, by assessments against other qualified public depositories.

County Ordinance 08-6 and Section 218.415, Florida Statutes, authorize the County to invest in obligations of the US government, its agencies and instrumentalities, and certain other investments. Investments are stated at fair value. More information is provided in Note 3, Deposits and Investments.

The County follows GASB Statement No. 72, Fair Value Measurement and Application. GASB Statement No. 72 covers determining fair value measurement for certain investments and disclosures related to all fair value measurements. See Note 3, Deposits and Investments, for more information on GASB Statement No. 72 as well as GASB Statement No. 79, Certain External Investment Pools and Pool Participants.

#### **E. Unbilled Utility Service Receivables**

Billings to water and wastewater customers are generally based on metered consumption, which is determined at various dates each month. At fiscal year-end, unbilled receivables are recorded and revenue is recognized in the Water Enterprise Fund based on estimated water consumption since the last billing cycle.

#### **F. Inventories and Prepaid Items**

Inventories are valued at the lower of cost (using the first-in, first-out or average cost methods), or net realizable value. The cost of inventories or prepaid items in all funds are recorded as an expense at the time individual inventories or prepaid items are consumed (consumption method). Inventories on hand in governmental funds at fiscal year-end are reported as assets on the balance sheet. The amount held in inventories and prepaid items when applicable, is shown as nonspendable fund balance in the fund financial statements because the amount held in inventories may not be spendable during the current period.

#### **G. Capital Assets**

Property, plant, and equipment, and infrastructure assets (such as roads, sidewalks, bridges, and drainage systems), are reported in the applicable governmental or business-type activities columns of the government-wide Statement of Net Position. Except for intangible assets described later in this note, capital assets are defined as those assets with an initial, individual cost of over \$1,000. Capital contributions are recorded at their acquisition value after the receipt of the asset and formal acceptance by the BOCC. Depreciation is calculated using the straight-line method over estimated useful lives ranging from 5 to 50 years for buildings, 10 to 35 years for building improvements, and greater than 1 year up to 10 years for equipment. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset

## HILLSBOROUGH COUNTY, FLORIDA

### Notes to Financial Statements

lives are not capitalized. Infrastructure assets are not depreciated since the County has an asset management system in place and has made a commitment to preserve infrastructure assets at or above the condition levels set by the BOCC. See Infrastructure Condition and Maintenance Data section (required supplementary information after the Notes to the Financial Statements) for more information.

All capital assets, including buildings and building improvements, associated with Solid Waste and Water Funds are recorded and depreciated within these two enterprise funds. However, only equipment is recorded and depreciated within the Self-Insurance and Fleet Internal Service Funds. Therefore, the internal service funds are set up to recover the costs of operations, except for costs associated with the depreciation of buildings and building improvements.

The County follows GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*. Intangible assets are assets that lack physical substance, are non-financial in nature, and have initial useful lives of over one year. Intangible assets under GASB Statement No. 51 include easements and internally or externally generated software, but exclude investments, capital leases, or goodwill. Intangible assets are capitalized and treated like capital assets for accounting purposes, but are amortized rather than depreciated. The County uses a capitalization threshold of \$5,000 for intangible assets.

There are three stages involved in internally generated software. The *preliminary project* stage includes conceptual formulation, surveying the existence of needed technology, evaluation of alternatives, and final selection of alternatives for the development of the software. The *application development* stage includes designing the software, including configuration and interfaces, coding, installation to hardware, and testing, including the parallel processing phase. The *post-implementation/operation* stage includes training and software maintenance. Only application development stage costs are capitalized as intangible assets. Preliminary project stage costs and post-implementation stage costs are expensed. Data conversion is considered a part of the application development stage only to the extent it is necessary to make the software operational, that is, in condition for use. Otherwise, data conversion is considered a post-implementation/operation stage activity. Purchased software is handled like internally generated software.

GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, was implemented prospectively, so only intangible assets acquired or generated on or after October 1, 2009 are capitalized. During fiscal year 2017, the County capitalized \$4,607,000 of software but did not capitalize any easements.

In the governmental fund financial statements, the costs associated with the acquisition or construction of capital assets are shown as capital outlay expenditures. Capital assets are not shown on the governmental fund balance sheets. In the proprietary fund financial statements, the costs associated with the acquisition or construction of capital assets are recorded as increases in capital assets. See Note 6, Capital Assets, for more information.

#### **H. Deferred Outflows of Resources and Deferred Inflows of Resources**

The County follows GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, GASB Statement No. 68, *Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27*, GASB Statement No. 69, *Government Combinations and Disposals of Government Operations* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date, an amendment of GASB Statement No. 68*.

Deferred outflows of resources represent a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense or expenditure) until then. The Hillsborough County primary government has several items that qualifies for reporting in this category. One item is the loss on refunding resulting from the difference in the carrying value of refunded debt and its reacquisition price. This amount is amortized using the effective-interest method in the government-wide and proprietary fund financial statements over the shorter of the life of the old bonds or the life of the new bonds. At September 30, 2017, the Hillsborough County Primary Government had \$9,468,000 of unamortized bond refunding losses that were reported as deferred outflows of resources. The County had five pension-related items that qualified as deferred outflows of resources. These items total to \$373,666,000 for Governmental Activities and \$19,420,000 for Business-Type Activities at September 30, 2017. See Note 8, *Employee Retirement Plans*, for more information. The County also had deferred outflow of resources for purchase price of utility systems in excess of book value in the Water Enterprise Fund. These items had a balance of \$2,155,000 at September 30, 2017 reported in Business-Type Activities. For fiscal year 2017, purchase price in excess of book value of \$78,000 was amortized to operating expense and included in “depreciation and amortization” in the proprietary fund financial statements.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

The Housing Finance Authority Component Unit had “hedging derivatives” of \$35,000 reported as deferred outflow of resources. See Note 1.U., *Derivative Instruments*, for more information.

Deferred inflows of resources represent acquisition of resources that apply to future reporting period(s) and will not be recognized as an inflow of resource (revenue) until then. In governmental funds, revenues that do not meet the revenue recognition criteria described in Note 1.C., *Measurement Focus and Basis of Accounting*, are deferred until collected as they do not meet the availability criteria. The County has several items that fall in this category. The fund financial statements had a total of \$72,357,000 of unavailable revenues that are measurable, and eventually expected to be collected through taxpayer payments, liens or foreclosures, but are not currently available. Such amounts are reported as deferred inflows until the amounts become available. The County had pension and OPEB-related items that qualify as deferred inflows of resources. These items total to \$64,771,000 for Governmental Activities and \$4,083,000 for Business-Type activities at September 30, 2017. See Note 8, *Employee Retirement Plans*, for more information.

**I. Restatement of Net Position, Beginning of Year**

Net position, beginning of year, as reported in the Statement of Activities, was restated for the effect of implementing GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. GASB Statement No. 75 specifies that governments must recognize their total OPEB liability and related deferred outflows of resources, deferred inflows of resources, and OPEB expense in the financial statements based on the actuarial present value of projected benefit payments, rather than the smaller net OPEB obligation based on contribution requirements under GASB Statement No. 45. See Note 9 Other Postemployment Benefits (OPEB).

	<b>Governmental Activities</b>	<b>Business- Type Activities</b>
<i>(Amounts in Thousands)</i>		
Total OPEB liability, beginning of year, as previously reported	\$ 13,544	--
Restatement for implementation of GASB Statement No. 75	63,018	6,650
Total OPEB liability, beginning of year, as restated	<u>76,562</u>	<u>6,650</u>
Deferred inflows, beginning of year, as previously reported	--	--
Restatement for implementation of GASB Statement No. 75	1,436	125
Deferred inflows, beginning of year, as restated	<u>1,436</u>	<u>125</u>
Net position, beginning of year, as previously reported	7,187,256	1,505,179
Restatement for implementation of GASB Statement No. 75	(65,435)	(6,860)
Net position, beginning of year, as restated	<u>\$ 7,121,821</u>	<u>1,498,319</u>

**J. Compensated Absences**

In accordance with GASB Statement No. 16, *Accounting for Compensated Absences*, the County accrues a liability for compensated absences, as well as certain other salary-related costs associated with the payment of compensated absences. The County’s compensated absences liability at September 30, 2017 consisted of accruals for vacation, sick leave and personal time off (PTO). Vacation leave is accrued as a liability as the benefits are earned by employees. Sick leave is also accrued as a liability as the benefits are earned by employees, but only to the extent that it is probable that the County will compensate employees for the benefits through cash payments at termination, such as retirements. Vacation and sick leave apply to all employees at the County other than the Clerk. PTO is a combined leave benefit that Clerk employees can use for either sick and/or vacation time. PTO is accrued as a liability as benefits are earned, similar to vacation time.

Hillsborough County Civil Service Rules state that sick leave termination payments are to be made under two conditions. Compensation for employees in “Plan A” includes a sick leave payment at termination for all hours of sick time accrued up to 480 hours and half of the sick time accrued over 960 hours. Compensation for employees in “Plan B” includes a sick leave payment at termination if any of the employee’s sick leave hours accrued at February 2, 1997 remain unused, with payment only for sick time hours accrued up to 480 hours and half of the sick time hours accrued over 960 hours. A liability is recorded for each employee who has a termination payment under Plan A or Plan B. Employees in Plan B hired after February 2, 1997, will not receive a sick leave payment at termination, so no liability is recorded for these employees.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

The Clerk started a PTO program during fiscal year 2017. To reduce compensated absences liabilities prior to implementation, the Clerk offered an optional sick leave buy out of amounts that would be payable at termination to employees in Plan A and employees in Plan B hired before February 2, 1997. Remaining sick hours were converted partly to PTO and partly to a “catastrophic leave account” based on the formulas set for employees in Plan A, Plan B (hired by February 2, 1997) and Plan B (hired after February 2, 1997). Hours placed in the catastrophic leave account cannot be used by employees except in the event of catastrophic health problems where all PTO balances have been exhausted and use is approved by the Clerk. There is no payout at termination for any catastrophic leave account balance. Because the conditions under which “catastrophic leave account” balances may be used are so restrictive, these balances are not included in the compensated absences liability calculation.

The compensated absences liability also includes other salary-related costs incrementally associated with the payment of compensated absences such as the County’s share of Social Security and Medicare taxes. The entire compensated absences liability, both short-term and long-term portions, is recorded in the government-wide financial statements and the separate proprietary fund financial statements.

**K. Conduit Debt Obligations**

The County's conduit debt obligations are certain limited-obligation revenue bonds or similar debt instruments issued for the specific purpose of providing capital financing for a specific third party that is not a part of the County's financial reporting entity. Although conduit debt obligations bear the name of a non-County related organization, neither the County nor the related organization has an obligation for such debt. See Note 7.J., *Non-Commitment Conduit Debt Obligations*, for more information.

**L. Landfill Closure and Postclosure Care Costs**

In accordance with governmental accounting standards, the County, as a municipal solid waste landfill owner, records a current expense and the related long-term liability for certain future landfill closure and postclosure care costs for landfills accepting solid waste. The portion of these future costs currently recognized is based on the amount of landfill capacity consumed as of each balance sheet date. The County also records the current estimated liability for remediation and monitoring costs for landfills that closed on or before October 9, 1991. More information on these expenses and related long-term liabilities is shown in Note 15, *Accounting for Municipal Solid Waste Landfill Costs*.

**M. Deferred Losses on Debt Refundings, and Original Issue Discounts and Premiums**

In the government-wide financial statements and proprietary fund financial statements, there are several situations where amounts are amortized to interest expense. When losses are incurred from issuing new debt to refund outstanding debt, they are presented as deferred outflows of resources. Original issue discounts are reported as deductions from the principal balance of long-term bonds. Conversely, original issue premiums are reported as additions to the principal balance of long-term bonds.

Deferred refunding losses, original issue premiums and discounts are amortized using the effective interest method and reported as a component of interest expense on the governmentwide and proprietary fund Statements of Activities. The amortization period is the remaining life of either the old debt or the new debt, whichever is shorter. In addition during fiscal year 2017, deferred refunding losses, and original issue discounts and premiums amortized were, in total, a reduction of \$2,138,000 for governmental activities and a reduction of \$3,868,000 for business-type activities as shown in the following chart.

<i>(Amounts in Thousands)</i>	<b>Deferred Refunding Loss</b>	<b>Original Issue Discount</b>	<b>Original Issue Premium</b>	<b>Total Amortized to Interest</b>
Governmental activities	\$ 5,649	7	(7,450)	(1,794)
Business-type activities	124	36	(4,028)	(3,868)
Totals	<u>\$ 5,773</u>	<u>43</u>	<u>(11,478)</u>	<u>(5,662)</u>

## HILLSBOROUGH COUNTY, FLORIDA

### Notes to Financial Statements

#### **N. Self-Insurance**

The County has self-insurance internal service funds maintained by the BOCC and Sheriff. These self-insurance funds include both *risk management* and *employee group health insurance* activities.

Risk management deals with risks related to workers' compensation, and general and automotive liability. The County is substantially self-insured for workers' compensation claims as permitted by Florida law. The BOCC is self-insured for workers' compensation claims up to a maximum of \$650,000 per occurrence for regular employees and \$1,000,000 for firefighters, with unlimited excess coverage above the self-insurance cap. The Sheriff is self-insured for workers' compensation claims up to a maximum of \$500,000 per occurrence with unlimited excess coverage above the self-insurance cap. The County is also self-insured against general liability and automotive claims with limited liability per Section 768.28, Florida Statutes, of \$200,000 per person and \$300,000 per occurrence. Negligence claims in excess of the statutory limits can only be recovered through federal lawsuits or acts of the Florida Legislature.

The County also provides a group health insurance plan for its employees and their eligible dependents. The County has an employee group health self-insurance plan in order to account for and finance its uninsured risks of loss. Under this plan, the County is self-insured for up to \$550,000 per person annually. Stop-loss insurance was purchased to cover an unlimited lifetime amount per person above the \$550,000 per person deductible.

Based on actuarial estimates, liabilities have been established in the self-insurance fund for claims reported but not paid, and incurred but not reported. In addition, premiums charged to customer departments are recorded as revenues in the self-insurance fund and as insurance assessment expenditures in the customer departments. See Note 14 for more information on the Self-Insurance Fund and the actuarially determined claims liabilities.

#### **O. Other Postemployment Benefits (OPEB)**

The County provides health-related benefits to retirees and certain former employees through a limited stipend to offset the cost of health insurance for regular retirees from ages 62 to 65 and to special risk retired employees from ages 55 to 65. This monthly stipend is \$6 for each year of service up to a maximum benefit of \$240 per month for Sheriff's employee or \$5 for each year of service up to a maximum benefit of \$150 per month for all other County employees. In addition the County is deemed to provide an "implicit subsidy" because Florida Statute 112.0801 requires governments to allow retirees and certain former employees to obtain healthcare at the same "group rates" that current employees are charged.

Effective October 1, 2016, the County elected to early implement GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. See Note 9, Other Postemployment Benefits (OPEB), for more information.

#### **P. Employee Retirement Plans**

With a few exceptions, all full-time and part-time employees working for the County in regularly established positions are members of the Florida Retirement System (FRS), a multiple-employer cost-sharing public retirement system administered by the state of Florida. The governmentwide Statement of Net Position and Proprietary Fund Financial Statements present the County's proportionate shares of the net pension liabilities associated with the retirement plans offered by the Florida Retirements System. The County follows GASB Statement No. 68, *Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date; an amendment of GASB Statement No. 68*. See Note 8, Employee Retirement Plans, for more information. GASB Statements 68 and 71 cover the measurement of the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense for the retirement plans offered. GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68*, and Amendments to Certain Provisions of GASB Statements 67 and 68 and GASB Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans* does not apply to Hillsborough County.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

**Q. Use of Restricted Versus Unrestricted Net Position**

When both restricted and unrestricted net position are available, it is the County's policy that restricted resources are used first if appropriate.

**R. Interfund Transfers In and Out**

In the Statement of Activities, interfund activity, such as transfers in and out as well as transfers within the Internal Service Funds and within the Governmental Activities category, is eliminated. Interfund activity between Governmental and Business-type activities is not eliminated. Interfund services provided and used between functions are not eliminated because removing interfund services used would distort the functional expenses presented in the Statement of Activities. Except for intrafund activity between the BOCC and Constitutional Officers within the General Fund, intrafund activity in the fund financial statements was eliminated. Intrafund activity between the Constitutional Officers and the BOCC was significant and necessary for effective presentation. See Note 11, *Interfund Transfers In and Out*, for details.

**S. Goodwill**

During fiscal year 2004, the County's Water Enterprise Fund recorded goodwill of \$10,155,000 related to the purchase of four independent water and wastewater franchise providers. Goodwill represents the excess of the total price paid compared to the fair value of the tangible capital assets acquired. Through these transactions, the Water Enterprise Fund added over 4,700 customers. The goodwill was scheduled for straight-line amortization over thirty years. For fiscal year 2017, goodwill of \$417,000 was amortized to operating expense and included in "depreciation and amortization" in the proprietary fund financial statements. The County follows GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*. As a result of this statement, purchase price in excess of book value on or after October 1, 2014 was reported as a deferred outflow of resources rather than as an intangible capital asset. See Note 1H., *Deferred Outflows of Resources and Deferred Inflows of Resources*, for more information.

**T. Sales and Pledges of Receivables**

The County follows GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*. Governments sometimes exchange an interest in their expected cash flows from collecting specific receivables or specific future revenues for immediate cash payments—generally in a lump sum. This Statement sets criteria to determine whether the proceeds received should be reported as revenue or as a collateralized borrowing resulting in a liability. If a government retains control or continues to be involved with the receivables or future revenues, then the transaction is more likely to be considered a collateralized borrowing. If transactions involving receivables are to be recognized as a sale, a gain or loss is reported in the period of the sale. If transactions involving future revenues are to be recognized as a sale, the revenue should be deferred and amortized in most cases. The County has certain revenues pledged for debt service. See Note 7, *Long-Term Liabilities*, for more information.

**U. Pollution Remediation Obligations**

The County follows GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. This GASB standard requires the recognition of a liability when any of the following events occur: (a) The government is compelled to take remediation action because of imminent danger to public health, welfare, or the environment. (b) The government is in violation of a pollution-prevention-related permit or license under state or federal law. (c) The government is named, or evidence indicates that it will be named, by a regulator as a responsible party or potentially responsible party for remediation. (d) The government is named, or evidence indicates that it will be named, in a lawsuit to compel the government to participate in remediation. (e) The government commences, or legally obligates itself to commence, cleanup activities or monitoring or operation and maintenance of the remediation effort. During fiscal year 2017, the County had no pollution remediation obligations.

# HILLSBOROUGH COUNTY, FLORIDA

## Notes to Financial Statements

### V. Fund Balance Reporting and Governmental Fund-Type Definitions

The County follows GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which clarifies governmental fund balance classifications and fund-type definitions. Fund balances are reported in classifications based on whether the amounts are nonspendable or spendable. Spendable amounts are further classified based on the extent to which there are external and/or internal constraints in how fund balance amounts may be spent. See Note 13, *Governmental Fund Balances*, for more information.

### W. Tax Abatements

The County implemented GASB Statement No. 77, *Tax Abatement Disclosures*, for fiscal year 2017. Under this statement, the County discloses the nature of its tax abatement programs and amounts paid to qualified participants. See Note 18, *Tax Abatements*, for more information.

### X. Subsequent Events

In accordance with GASB Statement No. 56, *Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statements on Auditing Standards*, the County has, while preparing this annual financial report, evaluated events occurring after the balance sheet date through March 26, 2018, which is the date this report was available to be issued. See Note 19, *Subsequent Events: Debt Issuances*, for more information.

### Note 2 Budgetary Accounting

Chapter 129, Florida Statutes, requires each county to prepare, approve, adopt, and execute an annual budget, for such funds as required by law, sound financial practice, or GAAP. The budget controls the levy of taxes and the expenditures of money for County purposes. County funds have annually appropriated budgets, meaning that their budgets are established annually.

Chapter 129, Florida Statutes, requires that budgetary controls be established at the fund level, and provides that it is unlawful to expend more than is budgeted in a fund, and in no instance may expenditures exceed total appropriations. The Constitutional Officers and component units exercise budgetary control at a legal level of control, which is at the fund level. The legal level of control is that level of detail at which the governing body must approve expenditures or transfers which exceed appropriated amounts. The BOCC exercises budgetary control at a legal level of control, which is at the fund, department, and character level. A character is a category such as personnel services, operating expenditures, capital outlay, debt service, or grants and aids. A separate *Supplemental Budget Versus Actual Expenditures Report for the Fiscal Year Ended September 30, 2017* has been prepared to present the data of the BOCC at its legal level of control for funds with annually appropriated budgets.

During a fiscal year the BOCC may amend its adopted budget. These amendments provide supplemental appropriations in a fund and department to meet operational requirements resulting from: unanticipated circumstances; error corrections; or the need to expend new funds received from grant awards, contributions, insurance recoveries or bond/loan proceeds. During fiscal year 2017, supplemental appropriations to the BOCC budget, excluding Component Units, were approximately \$456,641,000 or 9.3% of the originally adopted budget, compared to supplemental appropriations of 4.7% during the prior year. Some of these supplemental appropriations were due to a variety of reasons including the adjustment of estimated fund balances to actual fund balances where advisable and grant awards received after October 1, 2016.

At the end of the fiscal year, the appropriations of annually adopted budgets lapse. Budget amendments may be used to reduce appropriations in cases where actual revenues are anticipated to fall short of original estimates. The intent of the County is to establish a revised budget that provides for the use of available funds where permitted by law.

The County uses encumbrance accounting in governmental funds. Encumbrances represent commitments for future expenditures, based on purchase orders or contracts issued, where the goods or services have been ordered but have not been received. Encumbrances are used to help ensure that the sum of actual expenditures and commitments for future expenditures do not exceed the total level of appropriations authorized. Encumbrances do not constitute expenditures or liabilities because no resources are expended until the goods or services are received.

## HILLSBOROUGH COUNTY, FLORIDA

### Notes to Financial Statements

County budgets are prepared on a basis of accounting consistent with GAAP except for the budgets of the General Fund, Countywide Special Purpose Fund, and County Transportation Fund, which are prepared on a basis of accounting that differs from GAAP. With the Sheriff portion of the General Fund, there are differences between the budgetary basis of accounting and GAAP in the treatment of grants and contract revenues and related expenditures. On a budgetary basis, cost-reimbursement type grant revenues, contract-related charges for services, and associated expenditures are netted. On a GAAP basis, revenues and expenditures from these grants and contracts are presented at gross amounts in the financial statements.

Florida Statutes require entities that receive property appraisal and tax collection services to pay commissions to the Property Appraiser and Tax Collector, respectively. In addition, Florida Statutes require any unused money to be returned at year-end to the entities that paid these commissions. On the budgetary basis, distributions of excess fees paid to governmental entities outside of the County's reporting entity are shown as other financing uses and caused a negative variance on the budgetary basis in the General Fund for fiscal year 2017 because distributions exceeded appropriations. The negative variance was not unfavorable because it represented the return of savings from the Clerk, Property Appraiser and Tax Collector operations.

With the Property Appraiser and Tax Collector portions of the General Fund, there are differences between the budgetary basis of accounting and GAAP in the treatment of excess fee distributions to governmental entities outside of the County's reporting entity. On a budgetary basis, distributions of excess fees through these two funds are reported as other financing uses. On a GAAP basis, these distributions are reported as expenditures because there is a reduction in the net financial resources of the County.

The actual results of operations of the Sheriff, Property Appraiser, and Tax Collector portions of the General Fund are presented on a GAAP basis in the Statement or Schedules of Revenues, Expenditures and Changes in Fund Balances. These funds, however, are presented on a budgetary basis on the Schedules of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual.

The Sheriff's Child Protective Investigations Fund, Inmate Welfare Fund, Misdemeanor Probation Services Fund, Communication 911 Fund, BOCC Special Projects Fund, and Supervisor's Grant Fund did not have legally adopted budgets. Therefore, these funds are not included in the Nonmajor Special Revenue Funds or Individual Fund Schedules of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual. Reconciliations of the fund balance as reported on the budgetary basis to the fund balance reported on the GAAP basis are presented on the face of the applicable statements or schedules on the budgetary basis.

The General Fund was \$35,895,000 over budget in transfers out primarily because residual funds sent back to the BOCC at year-end are not budgeted. The Sheriff, Tax Collector and Clerk returned \$38,516,000, \$1,615,000 and \$2,030,000, in residual funds respectively. In addition, the Countywide Special Revenue Fund was \$199,000 over budget in transfers out due to greater than expected transfers out of Sheriff revenues to the Sheriff during the year.

The County's legal level of control is at the fund, department and character level. The budget and actual statements and schedules are presented at a function level. There were apparent over budget conditions at the function level in the following funds: The Countywide Special Purpose Fund was \$599,000 over budget in culture and recreation expenditures. The County Transportation Fund was \$2,264,000 over budget in general government, \$6,000 over budget in public safety expenditures, \$225,000 over in physical environment, and \$38,000 over budget in human services expenditures. The Infrastructure Surtax Projects Fund was \$1,000 over budget in transfers out due to rounding to the nearest thousand dollars. These over budget conditions did not violate the legal level of control, but resulted from a mismatch in either budgeting or charging at the function level.

There were similar over budget conditions in the following nonmajor funds: Unincorporated Area Special Purpose Special Revenue Fund was \$583,000 over budget in public safety because additional salary costs for building inspections which were not budgeted in that function; \$150,000 over budget in transportation expenditures because these costs were budgeted in the general government function, but charged to the transportation function; and \$2,030,000 over budget in culture and recreation

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

expenditures because maintenance costs were budgeted in the general government function, but charged to the culture and recreation function. The Library Special Revenue Fund was \$24,000 over budget in general government expenditures due to Law Library salaries (in a court system related general government function) being charged to the Library Special Revenue Fund, which is budgeted in the culture and recreation function. The Sheriff Special Use Special Revenue Fund was \$2,869,000 over budget in transfers out because residual funds returned to the BOCC were not known when the budget was adopted. The 5<sup>th</sup> Cent Tourist Development Tax Debt Service Fund was \$20,000 over budget in the general government expenditures due to unbudgeted bond refunding costs. Bond refundings were not anticipated because the refundings were done on an accelerated basis during fiscal year 2017 to take advantage of favorable federal tax law before it changed.

**Note 3 Deposits and Investments**

**A. Deposits**

At September 30, 2017, the total of the carrying amounts of the County's deposits (unrestricted and restricted) was \$93,681,000 and the total of the bank balances was \$110,495,000. The County's deposits consisted of demand deposits, and money market accounts. The bank balances are fully insured by federal deposit insurance and/or secured by the multiple financial institution collateral pool established under the "Florida Security for Public Deposits Act," Chapter 280, Florida Statutes. Cash in excess of the operating requirements of each fund are pooled and invested by the County in a variety of deposits and investments with the objectives of optimizing safety, liquidity, and yield, in that order. Earnings from pooled investments are allocated to each of the funds based on the average daily cash equity balance of each fund or as prescribed by BOCC resolution. Amounts that may not be commingled in accordance with certain bond resolutions or other agreements are invested outside the investment pool. For the component units which are in the County reporting entity figures shown above, the carrying amounts and bank balances were both \$1,696,000.

**B. Investments**

In accordance with GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and External Investment Pools*, investments are carried and reported at fair value, except for investments in qualifying pools, certificates of deposits and money market funds, which are reported at amortized cost as described later in this note. Fair value is the amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. If quoted market prices are available, they are used to determine fair value. For investments in open-end mutual funds, amortized cost is determined by the fund's current share price. Investments made by the County (unrestricted and restricted) are summarized in the following table. The investments are classified by investment category and show fair value, modified duration in years, and credit rating. All investment income, including changes in the fair value of investments, is reported as a part of interest revenue in the financial statements.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

<b>Investments</b>	<i>(Amounts in Thousands)</i>		<b>Fair Value Level</b>	<b>Modified Duration In Years</b>	<b>Credit Ratings</b>
<b>Fair Value</b>	<b>Primary Government</b>	<b>Component Units</b>			
U.S. treasury securities	\$ 1,060,820	--	2	1.3	AA+/A-1+ <sup>(b)</sup>
U.S. government sponsored agency securities	510,545	--	2	1.3	AA+/A-1+ <sup>(b)</sup>
Commercial paper notes	53,573	--	2	0.3	A-1
Corporate notes	82,314	--	2	1.4	AA+ & AA
Municipal bonds	21,318	--	2	0.6	AA
Subtotal	<u>1,728,570</u>	--			
<b>Amortized Cost</b>					
State Board of Administration (SBA):					
Florida PRIME	356,647	--	--	0.2	(c) AAAM
Certificates of deposit	--	702	--	--, 0.5	(a) unrated
AAA,					AAA,
Open-end money market mutual funds,	1,065	7,043	--	0.1, 0.5	(a) unrated <sup>(a)</sup>
Total investments	<u>\$ 2,086,282</u>	<u>7,745</u>			

(a) First figure is for the primary government; second figure is for the Housing Finance Authority component unit.

(b) Standard & Poor's long-term credit rating of AA+ if security's maturity exceeds a year or short-term rating of A-1+ if security's maturity is a year or less.

(c) Weighted average life (WAL) of (80 days)/(365 days) = 0.2 was used to approximate modified duration.

Modified duration is a measure of interest rate risk. It measures the sensitivity of an investment's price to interest rate changes. For example, if an investment security has a modified duration of two years, then a one-percentage point increase in the market interest rate will cause the value of the security to decline by two percent. Conversely, a one-percentage point decline in the market interest rate will cause the value of the security with a modified duration of two years to increase in value by two percent. The modified duration of the investment portfolio of the primary government, as a whole at year-end, was approximately 1.08 years. The duration of callable securities was calculated using the call date as the maturity date.

In accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, the fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs are unadjusted quoted prices in active markets for identical assets. Level 2 inputs are significant observable inputs other than quoted prices included in Level 1. Level 3 inputs are significant unobservable inputs. If the fair value of an asset or liability is measured using inputs from more than one level of the hierarchy, then the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

Bond investments are shown in Level 2 because the price of similar bonds would be a Level 2 input. Bond investments are valued monthly with a pricing service that uses matrix pricing. Investments in Florida Prime, certificates of deposit and open-end money market mutual funds are not placed in a category because their values are measured at amortized costs.

A credit rating is a measure of credit risk, the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Custodial credit risk, a subset of credit risk, is the risk that counterparties fail to fulfill their obligations. All of the investments of the County are insured or registered, or held by the County or its agent in the County's name. Excluding the investment pools managed by the State Board of Administration (SBA), securities issued by the US government, its agencies or instrumentalities, and mutual funds investing in such securities, no one issuer represents 5% or more of the total investments of the County.

**C. SBA's Florida PRIME**

The SBA manages Florida PRIME, an external investment pool that essentially operates as a money market fund for Florida governmental entities. Regulatory oversight of the SBA is provided by three state of elected officials designated as trustees: the Governor serves as Chairman of the SBA; the Chief Financial Officer serves as Treasurer of the SBA; and the Attorney General serves as Secretary of the SBA. External oversight of the State Board of Administration is provided by the Investment Advisory Council, which reviews investment performance, strategy and decision-making, and provides insight, advice and counsel on these and other matters when appropriate. A six-member participant Local Government Advisory Council was created to review the administration of the fund and make recommendations to the trustees. Audit oversight is also provided by the state of Florida Auditor General. Since 2007, Florida PRIME has received Standard & Poor's AAAM

## HILLSBOROUGH COUNTY, FLORIDA

### Notes to Financial Statements

In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, Florida PRIME measures its investments at amortized cost, but the County's position in Florida PRIME is considered to be equivalent to fair value. Florida PRIME has a constant net asset value of one dollar and penny rounding.

Florida PRIME currently does not have withdrawal limits or redemption notice periods. With regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes has several provisions. The principal of each account in Florida PRIME is subject to payment at any time from money in Florida PRIME. However, the Executive Director of the SBA may in good faith limit contributions to or withdrawals from Florida PRIME for 48 hours due to the occurrence of an event that has material impact on liquidity or operations. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review of the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity of the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time test, but in no case may the time set by the Trustees exceed 15 days.

Although Florida Statute 218.409(4) gives the SBA authority to impose early withdrawal penalties if the amount and purpose of such fees are disclosed in the enrollment materials, the SBA has not made any of these disclosures. As of September 30, 2017, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to full account values.

#### **D. Investment Policy**

The County's investment policy manages interest rate risk, credit risk, and concentration of credit risk by following Section 218.415, Florida Statutes, and County Ordinance No. 08-6. Section 218.415, Florida Statutes, authorizes the County to invest surplus funds in the following:

- a. The state of Florida's Local Government Investment Pool, known as Florida PRIME.
- b. Direct obligations of the US government.
- c. Obligations of US government agencies such as the Government National Mortgage Association.
- d. Obligations of US government sponsored agencies (instrumentalities) such as the Federal Farm Credit System Banks, Freddie Mac (Federal Home Loan Mortgage Corporation), the Federal Home Loan Banks, or Fannie Mae (Federal National Mortgage Association).
- e. Interest-bearing time deposits or savings accounts in qualified public depositories as defined in Section 280.02, Florida Statutes.
- f. US Securities and Exchange Commission registered money market funds with the highest credit quality ratings from a nationally recognized rating agency.
- g. Securities of, or other interests in, any open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940 as amended, provided the portfolio is limited to obligations of the US government or its agencies and instrumentalities, and to repurchase agreements fully collateralized by such investments, provided the investment company or investment trust takes delivery of the collateral either directly or through an authorized custodian.
- h. Other investments authorized for the County by law, county ordinance, or resolution.

In addition to the above, County Ordinance 08-6 restricts the County's investments as follows:

- a. The entire portfolio may be invested in US Treasury securities with a maximum maturity length of 10 years, but investments in Treasury strips are limited to 10% of the portfolio.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

- b. A maximum of 50% of the portfolio may be invested in the state of Florida's Local Government Investment Pool, known as Florida PRIME.
- c. A maximum of 50% of the portfolio may be invested in US government agency securities, with no more than 10% of the portfolio in any individual US government agency.
- d. A maximum of 60% of the portfolio may be invested in obligations of US government instrumentalities with a maturity length of 10 years, provided that no more than 30% of the portfolio is invested in any one issuer and no more than 25% of the portfolio is invested in callable securities.
- e. A maximum of 20% of the portfolio may be invested in repurchase agreements excluding one-business day agreements and overnight sweep agreements, with no more than 10% of the portfolio in the repurchase agreements of a single institution.
- f. A maximum of 20% of the portfolio may be invested in nonnegotiable interest-bearing time certificates of deposit of an institution with deposits secured by the Florida Security for Public Deposits Act, provided that the maximum maturity on any certificate is no greater than one year and no more than 10% of the portfolio is deposited with any one issuer.
- g. A maximum of 20% of the portfolio may be invested in prime commercial paper (i.e. rated Prime-1 by Moody's, A-1 by Standard & Poor's, or AA by two nationally recognized rating agencies if backed by a letter of credit), with no more than 5% of the portfolio in the commercial paper of a single issuer. The maximum length to maturity shall be 270 days from the date of purchase.
- h. A maximum of 50% of the portfolio may be invested in money market funds offered by registered investment companies and operated in accordance with 17 CFR 270.2a-7, provided that the money market funds are rated AAAM or AAAM-G or better by Standard & Poor's or the equivalent by another nationally recognized rating agency. No more than 25% of the portfolio may be invested in any one money market fund.
- i. A maximum of 15% of the portfolio may be invested in high quality corporate notes (rated Aa by Moody's and AA by Standard & Poor's), with no more than 5% of the portfolio in the notes of a single issuer.
- j. A maximum of 20% of the portfolio may be invested in intergovernmental investment pools, provided that the total investment does not exceed 25% of the intergovernmental pool.
- k. A maximum of 25% of the total portfolio may be invested in state or local government taxable and/or tax exempt general obligation and/or revenue bonds (rated at least Aa by Moody's and AA by Standard and Poor's) or short-term debt (rated at least MIG-2 by Moody's and SP-2 by Standard & Poor's).
- l. A maximum of 20% of the total portfolio may be invested in bankers' acceptances issued by a domestic bank or federally chartered domestic office of a foreign bank (rated at least P-1 by Moody's Investors Service and A-1 by Standard & Poor's), with a maximum of 5% of available funds with any one issuer. The maximum length to maturity shall be 180 days from purchase.
- m. Reverse repurchase agreements and securities lending transactions are not permitted.
- n. The maximum maturities shown above may be exceeded if investments are purchased to fulfill long-term debt service reserve requirements, in which case investments are permitted to have maturity dates up through the life of the debt service reserves.

**E. Other**

At year-end, the County had \$93,751,000, in callable securities of US government sponsored agencies. These securities were purchased because the advantage gained from their higher interest rates more than offset the reinvestment risk—the risk that securities could be called and the proceeds reinvested at lower interest rates.

For the Hillsborough County reporting entity, deposits of \$93,681,000 plus investments of \$2,094,027,000 shown in the notes to the financial statements equal: the total of restricted and unrestricted cash and cash equivalents and investments of

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

\$2,119,845,000 presented on the Statement of Net Position; plus the cash and cash equivalents and investments of \$67,863,000 shown on the Statement of Fiduciary Assets and Liabilities - Agency Funds; since the cash and cash equivalents and investments of Fiduciary Funds are included in the notes to the financial statements, but not in the Statement of Net Position.

**Note 4 Property Taxes**

Property taxes based on assessed values at January 1 are payable on November 1 of each year. A four percent discount is allowed if the taxes are paid in November, with the discount declining by one percentage point each month thereafter. Taxes become delinquent on April 1 of the following year and tax certificates for the full amount of any unpaid taxes and assessments are auctioned beginning June 1 of that year. Property tax revenue is recorded when it becomes available. Available means when due and collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. No accrual for the property tax levy becoming due in November of 2017 is included in the accompanying financial statements since such taxes are collected to finance expenditures of the subsequent period. Section 200.071, Florida Statutes, limits aggregate ad valorem tax millage against property of the County to 10 mills each for countywide and unincorporated area services unless increased by voter referendum.

**Note 5 Accounts Receivable, Amounts Due From Other Governments, and Mortgages Receivable**

Accounts receivable at September 30, 2017, for the County’s individual major funds and nonmajor funds in total, including applicable allowances for doubtful accounts, were as follows:

<i>(Amounts in Thousands)</i>	<b>Accounts Receivable, Gross</b>	<b>Allowance for Doubtful Accounts</b>	<b>Accounts Receivable, Net</b>
General Fund	\$ 40,122	(31,030)	9,092
Countrywide Special Purpose Fund	154	--	154
Intergovernmental Grants Fund	67	--	67
Nonmajor governmental funds	1,890	(1,499)	391
Internal service funds	271	--	271
Water Resource Services Enterprise Fund	166,671	(51)	166,620
Solid Waste Resource Recovery Enterprise Fund	5,891	(41)	5,850
Amounts reported only under accrual basis of accounting (i.e. not reported in funds)	234	--	234
Total for primary government	<u>215,300</u>	<u>(32,621)</u>	<u>182,679</u>
Component units	124	--	124
Total for Hillsborough County reporting entity	<u>\$ 215,424</u>	<u>(32,621)</u>	<u>182,803</u>

On the following chart of amounts due from other governments at September 30, 2017, “due from grantors” refers to amounts receivable from federal, state, or other grantors. “Due from state of Florida” refers to amounts receivable such as sales taxes, state shared revenues or other non-grant receivables from the state of Florida. Most accounts receivable and amounts due from other governments are expected to be collected within one year.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

	<b>Due From Other Governments</b>			<b>Totals</b>
	<b>State/Federal Grants</b>	<b>State of Florida</b>	<b>Other</b>	
<i>(Amounts in Thousands)</i>

Component units	--	--	689	689
Total for Hillsborough County reporting entity	<u>\$ 21,078</u>	<u>78,098</u>	<u>869</u>	<u>100,045</u>

The Agency funds have a due from other governments balance of \$18,000, which is considered to be in the "other" category.

The County has a multi-family, single-family, construction and rehabilitation loan program to allow real estate developers with approved construction or rehabilitation projects to receive low interest mortgage loans where interest may be deferred until the end of the loan period under certain conditions. Most of the funding for this affordable housing program comes from the state of Florida's State Housing Initiative Partnership (SHIP) program and the federal government's HOME Investment Partnerships and Community Development Block Grant (CDBG) programs.

The County has two other programs to help provide affordable housing to County residents: (a) The First Time Home Buyers Down Payment Assistance program provides qualified first-time home buyers with a mortgage loan for down payment assistance which is payable upon sale of the house, but will be forgiven if the borrower remains in the house for an agreed upon period of up to 30 years. (b) The owner-occupied rehabilitation loan program allows qualified residents to apply for a mortgage loan for rehabilitation purposes. In certain cases a third-party administrator manages loan repayments. Both of these programs are funded by SHIP, CDBG, and HOME Investment Partnership grant programs.

The County also receives grant funding from the federal government's Neighborhood Stabilization Program (NSP). Under this program, the County uses NSP funding primarily to provide mortgages to nonprofit organizations to buy foreclosed and abandoned residential properties, renovate them, and sell them to members of the public to repeat the process.

Liens have been recorded in official records for the properties acquired for each of the loan programs described above. Mortgages receivable, net of applicable allowances for doubtful accounts, for these programs at September 30, 2017, which are reported in "notes and loans receivable," were as follows:

	<b>Mortgages Receivable, Gross</b>	<b>Allowance for Doubtful Accounts</b>	<b>Mortgages Receivable, Net</b>
<i>(Amounts in Thousands)</i>			
Intergovernmental Grants Fund	\$ 58,498	(23,303)	35,195
Local Housing Assistance Fund	45,195	(25,475)	19,720
Total for primary government	<u>103,693</u>	<u>(48,778)</u>	<u>54,915</u>
Component units	7,061	(542)	6,519
Hillsborough County reporting entity	<u>\$ 110,754</u>	<u>(49,320)</u>	<u>61,434</u>

During the current year, it was noted that County staff had not included mortgage receivables managed by the Florida Home Partnership in the "loans and notes receivables" balances reported in the September 30, 2016 financial statements. Although liens for these mortgages had been properly recorded in the official records of the Clerk of Circuit Court and mortgages issuances and repayments had been properly recorded in the County's financial records, certain balance sheet amounts had not been reported correctly. As a result, the September 30, 2016 financial statement amounts were restated as follows:

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

<i>(Amounts in Thousands)</i>	<u>Amount Reported at Sept. 30, 2016</u>	<u>Restatement</u>	<u>Amount as Restated Sept. 30, 2016</u>
<b>Intergovernmental Grants Fund</b>			
Mortgages receivable, net	\$ 35,161	869	36,030
Deferred inflows of resources - unavailable revenues	(35,161)	(869)	(36,030)
<b>Local Housing Assistance Fund</b>			
Mortgages receivable, net	19,720	(262)	19,458
Deferred inflows of resources - unavailable revenues	<u>(19,720)</u>	<u>262</u>	<u>(19,458)</u>
<b>Total for primary government</b>			
Mortgages receivable, net	54,881	607	55,488

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

During fiscal year 2017, interest costs of \$5,553,000 were capitalized to a combination of construction work-in-progress and completed capital assets on the Statement of Net Position - Proprietary Funds and deducted from interest expense on the Statement of Activities – Proprietary Funds. The interest expense capitalized represents the net amount after deducting the bond proceeds’ investment income from the related tax-exempt debt interest cost. Total business-type interest costs incurred during fiscal year 2017 were \$13,177,000.

Depreciation and/or amortization expense was charged for fiscal year 2017 to functions of the primary government as shown below:

<i>(Amounts in Thousands)</i>	<b>Depreciation and Amortization</b>
Governmental activities:	
General government	\$ 14,672
Public safety	37,750
Physical environment	1,257
Transportation	2,850
Economic environment	2,479
Human services	8,541
Culture and recreation	3,173
Internal service funds	12,461
Total depreciation expense - governmental activities	<u>\$ 83,183</u>
Business-type activities:	
Water Resource Services	\$ 67,805
Solid Waste Resource Recovery	17,411
Total depreciation/amortization expense-business-type activities	<u>\$ 85,216</u>

Construction or capital improvement commitments outstanding as measured by purchase orders and contracts outstanding of the primary government at September 30, 2017 were as follows:

<i>(Amounts in Thousands)</i>	<b>Construction Commitments Outstanding</b>
Intergovernmental Grants	\$ 9
County Transportation Fund	34,638
Infrastructure Surtax Projects Fund	13,724
Nonmajor special revenue funds	7,844
Nonmajor capital projects funds	17,751
Water Enterprise Fund	206,115
Solid Waste Enterprise Fund	450
Total construction commitments outstanding	<u>\$ 280,531</u>

The Capital Improvement Program is a financial plan of proposed capital projects covering a five or six-year period. Project costs can include project development, site acquisition, design, construction, renovation, initial fixtures and equipment, and administration. Major categories of projects include fire services, government facilities, libraries, parks programs, solid waste, stormwater, transportation, and water and wastewater. The Capital Improvement Program does not identify all project costs. It only identifies what will probably be appropriated during the period. Total capital costs will be greater. The Capital Improvement Program for fiscal years 2018 through 2023 incorporates projects with a total cost of \$1,588,068,000.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

**Note 7 Long-Term Liabilities**

**A. Changes in Long-Term Liabilities**

The following is a summary of changes in non-current liabilities for the year ended September 30, 2017, for both governmental activities and business-type activities:

<b>Governmental Activities:</b> <i>(Amounts in Thousands)</i>	<b>Beginning Balance (Restated)</b>	<b>Additions</b>	<b>Reductions</b>	<b>Ending Balance</b>
General obligation bonds	\$ 61,345	--	2,405	58,940
Unamortized bond issue premiums	131	--	51	80
Revenue bonds	428,345	73,970	76,320	425,995
Unamortized bond issue premiums	42,760	2,397	7,405	37,752
Notes payable	120,387	24,753	22,126	123,014
Unamortized note issue discount	(41)	--	(7)	(34)
Compensated absences payable*	51,121	64,469	64,849	50,741
Net pension liability	775,286	107,835	12,162	870,959
Total OPEB liability** (restated)	77,417	--	855	76,562
Insurance claims payable***	33,561	135,122	134,565	34,118
Governmental activity long-term liabilities- primary government	<u>1,590,312</u>	<u>408,546</u>	<u>320,731</u>	<u>1,678,127</u>
Component units	<u>3,087</u>	<u>6</u>	<u>3,058</u>	<u>35</u>
Governmental activities long-term liabilities- reporting entity	<u>\$ 1,593,399</u>	<u>408,552</u>	<u>323,789</u>	<u>1,678,162</u>

\*Compensated absences payable are liquidated as sick and vacation leave expenditures are recorded for employees in the General Fund, Countywide Special Purpose Fund, Sales Tax Revenue Fund, Intergovernmental Grants Fund, County Transportation Fund, Infrastructure Surtax Fund, Water Enterprise Fund, Solid Waste Enterprise Fund, and various nonmajor funds with personnel expenditures.

\*\*Total OPEB liability is liquidated as the medical claims of retirees covered by Hillsborough County are paid through the Self-Insurance Internal Service Fund.

\*\*\*September 30, 2017, the Hillsborough County health care program for low-income residents had an "insurance claims payable, current" liability of \$4,396,000 reported for claims incurred but not reported and reported but not paid, which was shown in the Statement of Net Position and the Balance Sheet – Governmental Funds. That liability was not included in the chart above because it was a current liability.

<b>Business-type Activities</b> <i>(Amounts in Thousands)</i>	<b>Beginning Balance (Restated)</b>	<b>Additions</b>	<b>Reductions</b>	<b>Ending Balance</b>
Revenue bonds	\$ 499,675	114,230	141,867	472,038
Unamortized bond issue premiums	13,961	19,281	4,028	29,214
Unamortized bond issue discounts	(444)	--	(35)	(409)
Compensated absences payable	3,832	3,794	3,837	3,789
Net pension liability	44,980	5,200	1,060	49,120
Total OPEB liability (restated)	6,724	--	74	6,650
Other long-term liabilities (see Note 7.D.)	36,940	749	385	37,304
Business-type activity, long-term liabilities	<u>\$ 605,668</u>	<u>143,254</u>	<u>151,216</u>	<u>597,706</u>

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

See Note 20 Exhibit A “Schedule of Changes in Long-Term Debt” at the end of the Notes to the Financial Statements for more information on the long-term debt of governmental and business-type activities, including the current portion of long-term debt. Deferred refunding losses and unamortized bond issuance discounts are recorded as reductions of bonds payable on the Statement of Net Position. Unamortized bond issuance premiums are recorded as additions to bonds payable on the Statement of Net Position.

**B. Bonds Payable**

Bonds payable, including current maturities, at September 30, 2017 were as follows:

<i>(Amounts in Thousands)</i>	<b><u>Long-term Debt, Governmental</u></b>
<b>General Obligation Bonds:</b>	
\$18,540 August 28, 2002, General Obligation Refunding Bonds (Unincorporated Area Parks and Recreation Program), Series 2002, due in annual installments through 2025; interest cost at 4.20%. (Note 20 - Exhibit B)	\$ 7,660
Unamortized bond issue premium	41
\$11,305 December 29, 2009, General Obligation Bonds (Environmental Land Acquisition and Protection Program), Series 2009A, due in annual installments through 2019; interest cost at 3.87%. (Note 20 - Exhibit C)	3,155
Unamortized bond issue premium	39
\$48,125 December 29, 2009, General Obligation Bonds (Environmental Land Acquisition and Protection Program), Series 2009B (Federally Taxable Build America Bonds Direct Subsidy), due in annual installments through 2039; interest cost at 4.00%. (Note 20 - Exhibit D)	48,125
Net general obligation bonds, governmental activities	<u>\$ 59,020</u>
<b>Revenue Bonds</b>	<b><u>Long-term Debt, Governmental</u></b>
\$191,800 October 31, 2007, Community Investment Tax Revenue Bonds, Series 2007, due in annual installments through 2026; interest cost at 4.5%. (Note 20 - Exhibit E)	\$ 10,690
\$19,195 May 7, 2008, Capital Improvement Non-Ad Valorem Refunding Revenue Bonds (Warehouse and Sheriff’s Facilities Projects), Series 2008, due in annual installments through 2028; interest cost at 4.2%. (Note 20 - Exhibit F)	905
\$38,130 May 23, 2012, Community Investment Tax Refunding Revenue Bonds, Series 2012A, due in annual installments through 2025; interest cost at 2.42%. (Note 20 - Exhibit G)	28,360
Unamortized bond issue premium	2,382
\$51,625 May 23, 2012, Community Investment Tax Refunding Revenue Bonds, Series 2012B, due in annual installments through 2025; interest cost at 2.42%. (Note 20 - Exhibit H)	44,195
Unamortized bond issue premium	3,577
\$67,445 June 21, 2012, Capital Improvement Program Revenue Bonds, Series 2012, due in annual installments through 2026; interest cost at 2.16%. (Note 20 - Exhibit I)	48,185
Unamortized bond issue premium	\$ 5,615

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

<b>Revenue Bonds</b>	<b><u>Long-term Debt, Governmental</u></b>
\$67,800 April 10, 2015, Communications Services Tax Revenue Bonds, Series 2 2015, due in annual installments through 2045; interest cost at 2.16%. (Note 20 - Exhibit J)	\$ 66,675
Unamortized bond issuance premium	5,009

\*The Build America Bonds federal subsidy for fiscal year 2018 will be reduced 6.6% due to sequestration mandated by the American Taxpayer Relief Act of 2012.

**C. Notes Payable**

On April 5, 2000, the BOCC adopted a resolution for the issuance of Capital Improvement Program Commercial Paper Notes, Series A (Non Alternative Minimum Tax), Series B (Alternative Minimum Tax), and Series C (Taxable) not to exceed \$200,000,000. Commercial paper notes were issued as part of a long-term financing program where notes are issued, rolled over as needed, and ultimately refinanced with long-term debt as favorable longer-term rates become available in the financial markets. The BOCC has currently authorized notes payable issuances of up to \$300,000,000. The commercial paper notes are issued at face values of \$100,000 or more. The notes are payable in full plus accrued interest on maturity which is not greater than 270 days from the issue date. To facilitate an efficient and effective use of available cash, the County will periodically issue new money notes and reissue maturing notes at current market interest rates to fund its cash needs. During fiscal year 2017, market interest rates ranged from 0.56% to 1.49%. The County intends to redeem a portion of outstanding notes with program revenues and to refinance the remaining notes with future long-term financing. Payment of the maturing commercial paper notes payable is secured by an irrevocable direct pay letter of credit in the amount of \$300,000,000. Interest on the notes is payable at the time each note matures.

At September 30, 2017, total notes payable outstanding were \$123,014,000 as shown below.

**Governmental activities:**

*(Amounts in Thousands)*

	<u>Issue Date</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Face Amount</u>
Commercial paper notes:	9-7-17	11-16-17	0.86%	\$ 2,400

Total notes payable				<u>\$ 123,014</u>

Notes payable are presented on the Statement of Net Position.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

**D. Other Long-Term Liabilities**

The County had no other long-term liabilities reported in the Governmental Activities column of the Statement of Net Position at September 30, 2017. The County had no arbitrage rebate liabilities at September 30, 2017. See Note 7.F., Arbitrage Rebate Liability, for more information. Note 11, *Transfers In and Out*, provides information on the funds that provided financial resources to individual debt service funds during fiscal year 2017.

Other long-term liabilities, including current maturities, for the Enterprise Funds at September 30, 2017, were as follows:

<i>(Amounts in Thousands)</i>	<b>Other Long-Term Liabilities Business-Type</b>
Open landfill closure and postclosure costs	\$ 33,985
Closed landfill remediation/monitoring	3,319
Total other long term liabilities, business-type activities	\$ 37,304

The other long-term liabilities for governmental and business-type activities shown above will be liquidated as presented on the following chart:

<i>(Amounts in Thousands)</i> <b>Year Ending Sept. 30</b>	<b>Other Long-Term Liabilities Business-Type Amount</b>
2018	\$ 217
2019	224
2020	229
2021	235
2022	241
2023-2027	1,192
2028-2032	653
2033-2037	299
2038-2042	28
2043-2047	--
2048-2052	4,358
2053-2057	5,447
2058-2062	5,447
2063-2067	5,447
2068-2072	5,447
2073-2077	5,664
2078-2082	1,307
2083-2087	217
2088-2092	217
2093-2097	217
2098-2102	218
Total principal	\$ 37,304

There is no interest on the other long-term liabilities in the governmental and business-type activities.

**E. Defeasance of Debt Obligations**

On October 27, 2016, the County legally defeased \$22,900,000 of outstanding 2006 Fifth Cent Tourist Development Refunding Bonds using proceeds from the issuance of 2016 Fifth Cent Tourist Development Refunding Revenue Bonds and cash available for accrued interest. Proceeds and available cash of \$22,984,000 were deposited in an irrevocable trust fund to pay future debt service on the refunded bonds.

The debt defeasance of the 2006 Fifth Cent Tourist Development Refunding Bonds resulted in accounting gain of \$92,000, which was reported as a part of general government expenses in the government wide Statement of Activities and as a “deferred outflow of resources” in the government wide Statement of Net Position in accordance with GASB Statement No. 65, *Items Previously Recorded as Assets and Liabilities*. Even though there was an accounting loss, there was an overall

## HILLSBOROUGH COUNTY, FLORIDA

### Notes to Financial Statements

economic gain of \$744,000 from this transaction because the present value of the principal and interest payments avoided exceeded the amount placed in escrow for these bonds. On November 1, 2016 the escrow agent Zions Bank redeemed all outstanding principal for these bonds. At September 30, 2017 these bonds were legally defeased and related liabilities were removed from the Statement of Net Position.

On February 16, 2017, the County legally defeased \$14,025,000 of outstanding 2006 Fourth Cent Tourist Development Tax Revenue Bonds using proceeds from the issuance of 2017A Fourth Cent Tourist Development Refunding Revenue Bonds and available cash. Proceeds and cash available for accrued interest of \$13,664,000 were deposited in an irrevocable trust fund to pay future debt service on the refunded bonds.

The debt defeasance of the 2006 Fourth Cent Tourist Development Tax Revenue Bonds resulted in an accounting loss of \$3,000 which was reported as a part of general government expenses in the government wide Statement of Activities and as a “deferred outflow of resources” in the government wide Statement of Net Position in accordance with GASB Statement No. 65, *Items Previously Recorded as Assets and Liabilities*. There was an also an overall economic gain of \$197,000 from this transaction because the present value of the principal and interest payments was less than the amount placed in escrow for these bonds. On April 1, 2017 the escrow agent Zions Bank redeemed all outstanding principal for these bonds. At September 30, 2017 these bonds were legally defeased and related liabilities were removed from the Statement of Net Position.

On September 26, 2017, the County legally defeased \$11,420,000 of outstanding 2008 Non Ad Valorem Refunding Bonds using proceeds from the issuance of 2017 Non Ad Valorem Refunding Note. Proceeds and accrued interest of \$117,194 were deposited in an irrevocable trust fund to pay future debt service on the refunded bonds.

The debt defeasance of the 2008 Non Ad valorem Refunding Revenue Bonds resulted in an accounting loss of \$642,000 which was reported as a part of general government expenses in the governmentwide Statement of Activities and as a “deferred outflow of resources” in the governmentwide Statement of Net Position in accordance with GASB Statement No. 65, *Items Previously Recorded as Assets and Liabilities*. Even though there was an accounting loss, there was an overall economic gain of \$47,000 from this transaction because the present value of the principal and interest payments avoided exceeded the amount placed in escrow for these bonds. At September 30, 2017 these bonds were legally defeased and related liabilities were removed from the Statement of Net Position.

The purpose of these cash defeasances was to obtain several benefits. The first benefit was that a higher rate of return was obtained when cash and investments earning a composite yield of approximately 0.97% during fiscal year 2017 were irrevocably deposited with an escrow agent and invested in higher yielding longer-term securities, i.e. through the refunded bonds’ call date in fiscal year 2017. The second benefit was that by extinguishing these liabilities using cash available in debt service reserves, the County’s overall debt service requirements were reduced, which freed up a total of approximately \$585,000 annually for operational purposes. The third benefit was that the County reduced its liabilities and improved its credit worthiness.

On November 21, 2016, the County legally defeased \$133,660,000 of outstanding 2006 Solid Waste and Resource Recovery Revenue Bonds using proceeds from the issuance of 2016A and 2016B Solid Waste and Resource Recovery Revenue Bonds and available cash. Proceeds and cash associated with accrued interest and principal due through the refunding date of \$135,580,000 in total were deposited in an irrevocable trust to pay future debt service on the refunded bonds.

The debt defeasance of the 2006 Solid Waste and Resource Recovery Revenue Bonds resulted in an overall economic gain of \$1,718,000 from this transaction because the present value of the principal and interest payments avoided exceeded the amount placed in escrow for these bonds. At September 30, 2017 these bonds were legally defeased and related liabilities were removed from the Statement of Net Position. See Note 20 Exhibit A "Schedule of Changes in Long-Term Debt" for information on the affected bond issues.

#### **F. Arbitrage Rebate Liability**

Certain long-term debt obligations of the County are subject to Section 148 of the Internal Revenue Code which requires that interest earned on proceeds from tax-exempt debt be rebated to the federal government to the extent that those earnings exceed the interest cost on the related tax-exempt debt. The County had no arbitrage rebate liability at September 30, 2017.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

**G. Debt Compliance**

Various bond indentures or resolutions contain covenants which specify certain limitations and restrictions for the County regarding annual debt service requirements, the use of certain restricted accounts, minimum sinking fund balances, and minimum revenue bond coverage. Management believes that the County has complied with these covenants.

**H. Defeased Debt**

Defeased debt is unredeemed debt that is not reported on the financial statements because the cash and investments necessary for repayment have been irrevocably placed with an independent escrow agent, who will make debt service payments until the call date. Once defeased debt is called, it is no longer considered defeased because the liability for the bonds has been totally extinguished. The principal balances on bond issues defeased at September 30, 2017, are listed below:

<i>(Amounts in Thousands)</i>	<b>Governmental Activities</b>
2007 Community Investment Tax Revenue Bonds	\$ 103,745
2008 CIP Non-Ad Valorem Refunding Bonds	11,420
<i>(Amounts in Thousands)</i>	<b>Business-Type Activities</b>
2006 Solid Waste and Resource Recovery Revenue Bonds	\$ 128,860

**I. Non-Commitment Special Assessment Debt**

On May 3, 2006, the County issued \$101.1 million in Capacity Assessment Special Assessment Revenue Bonds, Series 2006. These bonds had interest rates from 3.55% to 5.00% with interest payable semiannually and principal payable annually. The County irrevocably pledged its long-term capacity assessment accounts receivable and related annual special assessment collections of approximately \$10 million to secure repayment of the bonds. In exchange, the Water Enterprise Fund received net proceeds of \$93.8 million for capital expansion. On September 4, 2015 these Series 2006 bonds were refinanced using available equity of \$7,219,000, debt service reserves of 8,895,000, and a \$42,835,000 Capacity Special Assessment Refunding Revenue Note, Series 2015, with a fixed interest rate of 1.67%. Interest is payable semiannually to Wells Fargo Municipal Capital Strategies, LLC. To secure repayment of this note, the County irrevocably pledged its annual special assessment collections of approximately \$10 million. This refinance resulted in a savings of \$25,308,000 in debt service costs over the ten years that would have remained on the Series 2006 bonds. At September 30, 2017, Capacity Special Assessment Refunding Revenue Note, Series 2015 had \$26,495,000 outstanding. These obligations are not recorded by the County since the County is not obligated in any manner for the repayment of these debt obligations.

**J. Non-Commitment Conduit Debt Obligations**

The County follows GASB Interpretation No. 2, *Disclosure of Conduit Debt Obligations, an Interpretation of NCGA Statement 1*. Conduit debt obligations are certain limited-obligation revenue bonds or similar debt instruments issued for the purpose of providing capital financing for a specific third party that is not a part of the County's financial reporting entity. Although conduit debt obligations bear the name of a "related organization" of the County, neither the County nor the Housing Finance Authority has an obligation for such debt.

The BOCC created the Housing Finance Authority of Hillsborough County (HFA) in fiscal year 1986 for the purpose of alleviating a shortage of affordable residential housing facilities for persons and families of low and moderate income within Hillsborough County. At September 30, 2017, the HFA had \$146,661,000 of Multi-Family Housing Revenue and Refunding Bonds outstanding consisting of 18 separate bond issues. Both of these types of bonds are payable solely from revenues, receipts, and resources of the HFA pledged under related trust indentures. The HFA, the County, the State, or any political subdivisions of the State, are not obligated in any manner for the repayment of these notes or bonds. However, the HFA routinely makes financial contributions to the Single Family Bond Programs and receives fees and other income from the Single Family Bond Programs. In addition any residual funds remaining in any Single Family Bond Program after the bonds are retired are released to the HFA. As a result of the HFA's financial relationship to the Single Family bond issues, all

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

transactions related to the Single Family Bond Programs are included in the financial statements of the HFA, which is disclosed as a related organization of the County. The HFA's Multi-Family Housing Revenue and Refunding Bonds are not considered obligations of the County, so they are not reported as liabilities in the accompanying financial statements.

**K. Pledged Revenues for Debt Service**

The following chart shows information on revenues pledged or used for debt service.

Percentage of Pledged Revenues Used for Debt Service -- Governmental Revenue Bonds

Revenue Bonds for Governmental Activities (a)	Revenues Pledged Used for Fiscal Year 2017 Debt Service Payments						Debt Service Payments Until Final Bond Maturity
	CIT (b)	Fourth Cent TDT (c)	Fifth Cent TDT (c)	Court Revenues (d)	Communications Services Tax	Non-Ad Valorem (e)	
<i>(Amounts in Thousands)</i>							
2007 Community Investment Tax Revenue Bonds, for facilities	\$ 12,440	--	--	--	--	--	\$ 10,957
2008 Capital Improvement Non-Ad Valorem Refunding Revenue Bonds, for warehouse and Sheriff facilities	--	--	--	--	--	1,391	941

2017 Fourth Cent Tourist Development Tax Bonds	--	1,637	--	--	--	--	17,500
2017 Fourth Cent Tourist Development Tax Bonds	--	1,358	--	--	--	--	37,932
Total debt service on bonds.....							\$ 585,773
Total pledged revenues for fiscal year 2017 debt service	\$ 32,643	2,995	1,941	270	2,580	3,120	\$ 43,549
Total pledged revenues available for fiscal year 2017 debt service (f)	\$ 62,360	6,218	6,218	2,231	14,722	70,739	\$ 162,488
FY 2017 pledged revenues used as a percentage of revenues available	52.3 %	48.2 %	31.2 %	12.1 %	17.5 %	4.4 %	26.8 %

(a) See Notes 7 B. for maturity dates and other information on these revenue bonds.

(b) A discretionary sales surtax known as the Community Investment Tax (CIT).

(c) A local option tourist development tax (TDT).

(d) Court revenues consist of noncriminal traffic infraction revenues.

(e) Non-Ad Valorem revenues consist primarily of \$104,072,000 from the Half Cent Sales Tax, \$1,836,000 from Guaranteed Entitlement Revenues, \$1,555,000 from Local Business Taxes, \$403,000 from mobile home license fees, \$436,000 from alcoholic beverage licenses, \$595,000 from the annual license payment for George M. Steinbrenner Field baseball stadium by the New York Yankees, and \$436,000 from arena special events fees from the Tampa Bay Lightning.

(f) Although specific revenues are pledged for specific revenue bonds for governmental activities shown on the chart above, non-ad valorem revenues are also available for debt service on these revenue bonds if specific revenues are insufficient.

# HILLSBOROUGH COUNTY, FLORIDA

## Notes to Financial Statements

### Note 8 Employee Retirement Plans

#### Florida Retirement System – General Information

Substantially all County employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two multiple-employer cost-sharing defined benefit plans administered by the Florida Department of Management Services, Division of Retirement: the FRS Pension Plan and the Retiree Health Insurance Subsidy (HIS Program). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (Investment Plan) administered by the State Board of Administration. Employees may choose the Investment Plan as an alternative to the FRS Pension Plan. As a general rule, membership in the FRS is compulsory for employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the state of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida Legislature.

The state of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. This report includes an "emphasis of matters" paragraph in the auditor report in which the Florida Retirement System's consulting actuary noted that the reduced investment return assumption adopted by the Florida Retirement System Actuarial Assumption Conference conflicted with the actuary's judgment of a reasonable assumption as defined by Actuarial Standard of Practice No. 27. The auditor's opinion, however was not modified with respect to that matter. For additional details, see: [www.dms.myflorida.com/workforce\\_operations/retirement/publications/annual\\_reports](http://www.dms.myflorida.com/workforce_operations/retirement/publications/annual_reports). The report may also be obtained by writing to the state of Florida Division of Retirement, PO Box 9000, Tallahassee, Florida 32315-9000.

#### Plan Descriptions for Cost-Sharing Defined Benefit Plans

- The FRS Pension Plan is a multiple-employer cost-sharing qualified defined benefit pension plan with a Deferred Retirement Option Program (DROP) available for eligible employees.
- The Retiree Health Insurance Subsidy (HIS) Program is a multiple-employer cost-sharing, defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The Florida Legislature sets and amends the contribution requirements and benefit terms of the HIS Program.

#### Benefits Provided

##### FRS Pension Plan

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. Regular Class, Senior Management Service Class and Elected Officers Class plan members hired prior to July 1, 2011 at age 62 with 6 years of credited service or 30 years of service regardless of age are entitled to an annual retirement benefit payable monthly for life, equal to 1.6% of their final average compensation for each year of credited service. Average final compensation is the average of the employee's five highest fiscal years of salary earned during credited service. Vested employees with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Class and Special Risk Administrative Support Class members employees such as sworn law enforcement officers, firefighters, and correctional officers who retire at or after age 55 with 6 years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life equal to 3.0% of their final average compensation for each year of credited service.

Regular Class, Senior Management Service Class and Elected Officers Class plan members hired after June 30, 2011 at age 65 with 8 years of credited service or 33 years of service regardless of age are entitled to annual retirement benefits payable monthly for life, equal to 1.6% of their final average compensation for each year of credited service. Average final compensation will be the average of the employee's eight highest fiscal years earned during credited service. Vested employees with less than 33 years of service may retire before age 65 and receive reduced retirement benefits. Special risk class employees such as sworn law enforcement officers, firefighters, and correctional officers who retire at or after age 60 with 8 years of credited service, or with 30 years of service regardless of age, are entitled to a retirement benefit payable monthly for life.

## **HILLSBOROUGH COUNTY, FLORIDA**

### **Notes to Financial Statements**

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

#### **HIS Program**

The benefit under the HIS Program is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. For the fiscal year ended June 30, 2017, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive an HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which may include Medicare.

#### **Contributions**

##### **FRS Pension Plan**

Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute 3% of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2016 through June 30, 2017 and from July 1, 2017 through September 30, 2017, respectively, were as follows: Regular—7.52% and 7.92%; Special Risk Administrative Support—28.06% and 34.63%; Special Risk—22.57% and 23.27%; Senior Management Service—21.77% and 22.71%; Elected Officers—42.47% and 45.50%; and DROP participants—12.99% and 13.26%. These employer contribution rates include 1.66% and 1.66% HIS Program subsidies.

##### **HIS Program**

The HIS Program is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. The HIS contribution for the period October 1, 2016 through September 30, 2017 was 1.66%. The employer contribution rates shown in the FRS Pension Plan section above include the HIS Program contribution rate of 1.66%, for the periods of October 1, 2016 through September 30, 2017. HIS Program contributions are deposited in a separate trust fund from which payments are authorized. HIS Program benefits are not guaranteed and are subject to annual legislative appropriation. In the event that legislative appropriations and/or available funds are not sufficient, HIS benefits may be reduced or canceled.

Total County contributions, including employee contributions, to the FRS Pension Plan were \$61,141,000 for the fiscal year ended September 30, 2017. Total County contributions to the HIS Program were \$9,300,000 for the fiscal year ended September 30, 2017.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

**Pension Liabilities** - At September 30, 2017, the County reported net pension liabilities of \$730,553,000 and \$189,526,000, respectively, for its proportionate shares of the FRS Pension Plan and HIS Program net pension liabilities. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The County's proportionate share of the net pension liability was based on the County's contributions as a percentage of all contributions from participating members for the state of Florida fiscal year ended June 30, 2017. At June 30, 2017, the County's proportionate shares for the FRS Pension Plan and HIS Program were 2.47% and 1.77%, respectively, which were 0.02 and 0.03 percentage points higher than the respective proportionate shares measured as of June 30, 2016. The components of the County's net pension liabilities at September 30, 2017 were as follows:

	<u>FRS Pension Plan</u>	<u>HIS Program</u>	<u>Total</u>
Total pension liability	\$ 4,535,372,000	192,687,000	4,728,059,000
Plan fiduciary net position	(3,804,819,000)	(3,161,000)	(3,807,980,000)
Net pension liability	<u>\$ 730,553,000</u>	<u>189,526,000</u>	<u>920,079,000</u>
Plan fiduciary net position as a percentage of the total pension liability	83.89 %	1.64 %	80.54 %

“Plan fiduciary net position” represents cash and investment assets held to pay pension liabilities as they mature. “Net pension liability” represents the equity in the applicable pension plan. “Plan fiduciary net position” represents the portion of the total pension liability that is funded by cash and investments. Detailed information regarding the FRS Pension Plan and HIS Program fiduciary net position is available in the separately issued *FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report*. To obtain this report, see the second paragraph of Note 8.

**Pension (Benefit) Expense** - For the fiscal year ended September 30, 2017, the County recognized pension expense of \$60,809,000, which consisted of \$54,813,000 associated with the Pension Plan and \$5,996,000 associated with the HIS Program. Changes in net pension liability are recognized in pension expense during the fiscal year except for as indicated in the section on Deferred Outflows and Inflows of Resources

**Deferred Outflows/Inflows of Resources** – For the fiscal year ended September 30, 2017, the County reported pension-related deferred outflows of resources and deferred inflows of resources from the following sources:

<u>Description</u>	<u>FRS Pension Plan</u>		<u>HIS Program</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 67,047,000	(4,047,000)	--	(395,000)
Changes in assumptions	245,517,000	--	26,641,000	(16,389,000)
Net difference between projected and actual earnings on plan investments	--	(18,105,000)	105,000	--
Changes in proportion and differences between County contributions and proportionate share of contributions	26,379,000	(25,319,000)	8,168,000	(3,038,000)
County contributions subsequent to the measurement date	16,903,000	--	2,326,000	--
Total	<u>\$ 355,846,000</u>	<u>(47,471,000)</u>	<u>37,240,000</u>	<u>(19,822,000)</u>

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

The deferred outflows of resources totaling \$16,903,000 and \$2,326,000 resulting from County contributions to the Pension Plan and HIS Program, respectively, which were subsequent to the June 30, 2017 measurement date, will be recognized as a pension expense in the fiscal year ending September 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the FRS Pension Plan and HIS Program will be recognized in pension expense as follows:

<b>Fiscal Year Ending September 30</b>	<b>FRS Pension Plan</b>	<b>HIS Program</b>
2018	\$ 38,045,000	4,705,000
2019	101,119,000	4,675,000
2020	70,703,000	4,660,000
2021	14,446,000	3,494,000
2022	48,860,000	1,378,000
Thereafter	\$ 18,298,000	(3,820,000)

**Actuarial Assumptions** – The total pension liabilities for the FRS Pension Plan and HIS Program in the June 30, 2017 actuarial valuation were determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate of 2.60%

Average rate of salary increases of 3.25%, including inflation

Investment rate of return, net of pension plan investment expense of 7.10%, including inflation for FRS Pension Plan; this was a decrease from 7.65% in the prior year

Investment rate of return, net of pension plan investment expense of 3.58%, including inflation for HIS Plan; this was a decrease from 3.80% in the prior year

Average expected remaining service life of employees provided with FRS Pension Plan at June 30, 2016 was 6.4 years

Average expected remaining service life of employees provided with HIS Program at June 30, 2016 was 7.2 years

Mortality rates were based on the Generational RP-2000 with Projection Scale BB tables

The actuarial assumptions used in the July 1, 2017, FRS Pension Plan valuation were based on the results of an actuarial experience study for the period July 1, 2008 through June 30, 2013.

The long-term expected rates of return on FRS Pension Plan and HIS Program investments were not based on historical returns, but instead were based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions. A mean inflation rate of 2.6% was assumed along with a standard deviation of 1.9%. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Annual Arithmetic Return</b>	<b>Compound Annual (Geometric) Return</b>	<b>Standard Deviation</b>
Cash	1 %	3.0 %	3.0 %	1.8 %
Fixed income	18 %	4.5 %	4.4 %	4.2 %
Global equity	53 %	7.8 %	6.6 %	17.0 %
Real estate (property)	10 %	6.6 %	5.9 %	12.8 %
Private equity	6 %	11.5 %	7.8 %	30.0 %
Strategic investments	12 %	6.1 %	5.6 %	9.7 %
	<u>100.0 %</u>			

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

**Discount Rates** – The FRS Pension Plan discount rate used to measure the total pension liability was 7.10%. The FRS Pension Plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

The HIS Program discount rate used to measure the total pension liability was 3.58%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Program sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

**Sensitivity of Net Pension Liability to Changes in the Discount Rate** – The County’s proportionate share of the FRS Pension Plan and HIS Program will change under varying discount rate assumptions. For example, a higher discount rate would lead to a lower net pension liability. Conversely a lower discount rate would lead to a higher net pension liability. The following chart show the effects on the FRS Pension Plan and HIS Program net pension liabilities under discount rates that are one percentage point higher or lower than the discount rate actually used. The chart specifically shows the net pension liability of the FRS Pension Plan if its discount rates were 6.10%, 7.10%, or 8.10% as well as the net pension liability of the HIS Program if its discount rates were 2.58%, 3.58%, or 4.58%.

*(Amounts in thousands)*

<b>Proportionate Share of FRS Net Pension Plan Net Pension Liability</b>			<b>Proportionate Share of HIS Program Net Pension Liability</b>		
<b>1% Decrease</b>	<b>Current Discount Rate</b>	<b>1% Increase</b>	<b>1% Decrease</b>	<b>Current Discount Rate</b>	<b>1% Increase</b>
6.10%	7.10%	8.10%	2.58%	3.58%	4.58%
\$1,322,256	730,553	239,303	216,275	189,526	167,247

The County remits contractually required FRS Pension Plan and HIS Program contributions as established by the Florida Legislature. The County did not have a payable for outstanding contributions to the FRS Pension Plan, HIS Program or Investment Plan at September 30, 2017.

**Investment Plan**

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA’s annual financial statements and in the state of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS Pension Plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member’s accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.) as the FRS Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of plan members. See FRS Pension Plan contribution rates in the Contributions section of this note for more information.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the

## HILLSBOROUGH COUNTY, FLORIDA

### Notes to Financial Statements

employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2017, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County remits contractually required FRS Investment Plan contributions as established by the Florida Legislature. The County's total employer contributions to the Investment Plan were approximately \$6,246,000 for fiscal year 2017.

#### **Note 9 Other Postemployment Benefits (OPEB)**

The County has a single-employer defined benefit OPEB plan. Some non-County employers participate in the County OPEB plan, but their participation is immaterial individually and in total. These non-County employers are the Arts Council, Port Authority, Tampa Sports Authority, Children's Board and Expressway Authority and they represent less than 5% of total assessments for the County's OPEB plan. The County expenses the cost of OPEB over the active service lives of its employees rather than using a "pay-as-you-go" basis. Expensing the cost of a future benefit over the active work-lives of employees is a fiscally sound approach because employees earn the future benefits over their working careers.

#### **OPEB Plan Description and Benefits Provided**

*County OPEB Plan Description.* The County provides the following health-related benefits to retirees and certain former employees, which together represent the County OPEB Plan: (a) The County is required by Florida Statute 112.0801 to allow retirees and certain former employees to buy healthcare coverage at the same "group rates" that current employees are charged. Although retirees pay for healthcare at group rates, they receive a valuable benefit because they can buy insurance at costs that are lower than the costs associated with the experience rating for their age bracket. The availability of this lower cost health insurance represents an *implicit subsidy* for retirees. (b) The County offers a monthly stipend of \$5 for each year of service up to a maximum benefit of \$150 per month (or \$6 for each year of service up to a maximum benefit of \$240 per month). The stipend is payable to regular retired employees from ages 62 to 65 and to special risk retired employees from ages 55 to 65. The stipend is to be used to offset the cost of health insurance. Although the implicit subsidy is required by state law when healthcare is offered as an employee benefit, the stipend may be cancelled at any time. The County does not issue separate OPEB Plan financial statements. As a result all required disclosures are included in this report.

Substantially all full-time employees may qualify for these OPEB benefits. At September 30, 2017, the OPEB Plan covered approximately 9,011 active employees, consisting of those currently eligible and those not yet fully eligible, as well as 1,404 retirees or other inactive employees.

#### **Total OPEB Liability**

**Actuarial Method and Assumptions** - The total OPEB Liability was actuarially determined based on several actuarial assumptions. September 30, 2017 was the actuarial measurement date. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The actuarial assumptions used in the September 30, 2017 OPEB Plan valuation were based on the results of an actuarial experience study for the period from October 1, 2016 through September 30, 2017.

The entry age normal actuarial cost method was used in the September 30, 2017 actuarial valuation. Other actuarial assumptions included a composite inflation rate of 2.8% and a composite discount rate of 3.6%. In addition, the initial annual healthcare cost trend rate assumptions were 6.0% (5.5% post-Medicare) grading down to ultimate rates of 5.0% for the Sheriff,

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

7.0% (7.0% post-Medicare) grading down to ultimate rates of 4.5% for the BOCC, and 7.31% (8.51% post-Medicare) generally grading down to 5.18% (5.15% post-Medicare) for the Tax Collector. In addition, the average age of active participants was 44.5 years and the average age of inactive participants was 61.2 years. Mortality rates were based on the RP-2014 generation table scaled using MP-2017 and applied on a gender-specific basis (except for the Sheriff’s portion, which was based on RP-2014 mortality fully generational using scale MP-2016).

*Sensitivity of Total OPEB Liability to Changes in Either the Discount Rate or Changes in the Healthcare Trend Rate* – The first chart below presents the County’s total OPEB liability, as well as what the County’s total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.6%) or 1 percentage-point higher (4.6%) than the current discount rate. The second chart below presents the County’s total OPEB liability, as well as what the County’s total OPEB liability would be if it were calculated using a healthcare trend rate that is 1 percentage point lower (5.4%) or 1 percentage-point higher (7.4%) than the current healthcare trend rate.

Sensitivity of Total OPEB Liability to Changes in Discount Rate			Sensitivity of Total OPEB Liability to Changes in Healthcare Trend Rate		
1% Decrease (2.6%)	Discount Rate (3.6%)	1% Increase (4.6%)	1% Decrease (5.4%)	Healthcare Trend Rate (6.4%)	1% Increase (7.4%)
\$ 93,689,000	83,212,000	73,916,000	74,002,000	83,212,000	97,342,000

The Healthcare trend rate of 6.4% is a composite initial rate. The total OPEB liability shown on the preceding chart, however, is based on the following healthcare trend rates. Approximately 6.0% (5.5% post-Medicare) grading down 1% each year to ultimate rates of 5.0% for the Sheriff. Approximately 7.0% (7.0% post-Medicare) grading down 1% per year to ultimate rates of 4.5% for the BOCC. Approximately 7.31% (8.51% post-Medicare) generally grading down to 5.18% (5.15% post-Medicare) for the Tax Collector.

**Implementation of New GASB Statement** – During fiscal year 2017, the County elected to early implement GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. GASB Statement No. 75 specifies that governments must recognize their total OPEB liability and related deferred outflows of resources, deferred inflows of resources, and OPEB expense in the financial statements based on the actuarial present value of projected benefit payments, rather than the smaller net OPEB obligation based on contribution requirements, under GASB Statement No. 45. See the last section of this note for information on the effect of implementation on beginning net position in the government wide and proprietary fund financial statements.

**OPEB Liabilities, Expense, Deferred Outflows of Resources and Deferred Inflows of Resources**

**OPEB Liabilities** - At September 30, 2017, the County reported total OPEB liabilities of \$83,212,000. The total OPEB liability was measured as of September 30, 2017. The components of the County’s net OPEB liability at September 30, 2017 were as follows:

	<b>OPEB Plan</b>
Total OPEB Liability	\$ 83,212,000
Plan fiduciary net position	--
Net OPEB Liability	<u>83,212,000</u>
Plan fiduciary net position as a percentage of the total OPEB liability	<u>0 %</u>
Covered payroll (active plan members)	<u>563,864,000</u>
Total OPEB liability as a percentage of covered payroll	<u>14.8 %</u>

If cash and investments were placed in an irrevocable trust for OPEB, then the cash and investments would be subtracted from “total OPEB liability” to determine the “net OPEB liability.” The County has set aside \$27.791 million in the Self-

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

Insurance Internal Service Fund for OPEB. Fair value was used to value the cash and investments set aside. This \$27.791 million represents 33.4% of the total OPEB liability at September 30, 2017. However, since an irrevocable trust was not established, none of this \$27.791 million in cash and investment is considered to be “plan fiduciary net position.” Therefore “total OPEB liability” equals “net OPEB liability.” Total OPEB liability is reported in the accompanying financial statements of net position because an irrevocable trust was not established.

The change in the total OPEB liability during fiscal year 2017 as well as the beginning and ending total OPEB liability is shown below:

	<b>Total OPEB Liability</b>
Balance at October 1, 2016	<u>\$ 84,141,000</u>
Changes for the fiscal year:	
Service cost	2,716,000
Interest	3,060,000
Changes in benefit terms	--
Differences between expected and actual experience	(490,000)
Changes in assumptions and other inputs	(1,171,000)
Contributions-employer	--
Benefit payments	(5,044,000)
Administrative expense	--
Net changes	<u>(929,000)</u>
Balance at September 30, 2017	<u><u>\$ 83,212,000</u></u>

*Funding Policy, Status and Progress.* In order for OPEB obligations to be considered funded, an irrevocable trust fund must be used. Since that would be considered very restrictive, the County did not “fund” the total OPEB obligation, but instead chose to appropriate and set aside amounts annually in the Self-Insurance Internal Service Fund so the total OPEB liability is completely offset by cash and investments over time.

Since the OPEB Plan was not considered funded, GASB Statement 75 requires that the plan’s discount rate be obtained using the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. As a result of implementation, the discount rate was reduced from 4.0% to 3.6%.

*Contributions.* Assessments were made to participating funds with the goal of accumulating the cash and investments in the Self-Insurance Internal Service Fund to offset the total OPEB liability. The level of assessments are set annually by County management. There are no statutory or other legally required contribution levels. It is the County’s intent to continue setting aside additional money each year for OPEB. Total assessments were \$3,331,000 for fiscal year 2017.

**OPEB Expense** - For the fiscal year ended September 30, 2017, the County recognized OPEB expense (benefit) of (\$929,000). Changes in net OPEB liability are recognized in OPEB expense during the fiscal year except for as indicated in the section on Deferred Outflows/Inflows of Resources.

**Deferred Outflows/Inflows of Resources** – “deferred outflows of resources” are a consumption of net position by the County that is applicable to a future reporting period. “Deferred inflows of resources” are an acquisition of net position by the County that is applicable to a future reporting period. For each of the following, a portion was recognized in OPEB expense during fiscal year 2017, and the balance was amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience regarding economic and demographic factors are amortized over the average expected remaining service life of all employees that are provided with OPEB through the OPEB plan, including both active and inactive employees.
- Changes in assumptions or other inputs are amortized over the average expected remaining service life of all employees covered by the OPEB plan, including both active and inactive employees.
- Differences between expected and actual earnings on OPEB plan investments are amortized over five years.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

Deferred outflows of resources and deferred inflows of resources related to the County's OPEB Plan were as follows:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ --	(483,000)
Changes in assumptions	--	(1,079,000)
Total	<u>\$ --</u>	<u>(1,562,000)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB Plan will be recognized in OPEB expense as follows:

Fiscal Year Ending September 30	OPEB Expense (Benefit)
2018	\$ (137,000)
2019	(137,000)
2020	(137,000)
2021	(137,000)
2022	(137,000)
Thereafter	\$ (877,000)

The County funds did not have any interfund payables to the Self-Insurance Fund's OPEB Plan at September 30, 2017.

The effect on beginning net position of implementing GASB Statement No. 75 is presented in Note 1.I., Restatement of Net Position, Beginning of Year.

**Note 10 Interfund Receivable and Payable Balances**

Interfund receivable and payable balances at September 30, 2017 are shown on the following pages.

Interfund Receivable Fund	Interfund Payable Fund	Amounts in Thousands

\* These amounts represent residual and/or excess fees paid by Constitutional Officers to the Board of County Commissioners during fiscal year 2017 in accordance with Florida Statutes.

\*\* These amounts represent transfers of Local Government Half-Cent Sales Tax revenues or other revenues from the Sales Tax Revenue Fund to the General Fund for general governmental purposes.

+ This amount represents transfers of Community Investment Tax revenues from the Sales Tax Revenue Fund (where they are collected) to the Infrastructure Surtax Projects Fund (where such proceeds are spent).

+ + These amounts represent statutory commissions paid to the Tax Collector and Property Appraiser for collecting taxes and valuing taxable property, respectively.

<> Proceeds from the 2015 Community Investment Tax Bonds were used to liquidate certain commercial paper notes as well as reduce principal on the 2007 Community Investment Tax Bonds.

During the fiscal year ended September 30, 2017, significant transactions between the Hillsborough County, Florida primary government and the discretely presented component units were as follows: the Hillsborough County City-County Planning Commission discretely presented component unit received \$2,904,000 from the General Fund. These amounts are classified as Operating Grants and Contributions in the discretely presented component units and as general government expenditures in the primary government's Statement of Activities.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

**Note 12      Restricted Net Position**

The County follows GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation, an amendment of GASB Statement No. 34*. This Statement clarified the meaning of restricted net assets (now using the term “net position”) and expanded the presentation of net position in the Statement of Net Position. Under this Statement, restricted net position is either: (a) restricted externally, having constraints imposed externally by creditors, such as for debt service or through debt covenant, by grantors, or by law; or (b) restricted by enabling legislation, such as legislation authorizing capital projects, grants and other restricted purposes. The restricted net position shown on the government-wide Statement of Net Position is categorized on the following page:

**Restricted Net Position**  
**September 30, 2017**

<i>(Amounts in Thousands)</i>	<b>Governmental Activities</b>	<b>Business-Type Activities</b>	<b>Total Primary Government</b>
<b>Restricted for:</b>			
Bond covenants, renewal and replacement	\$ 31,598	42,633	74,231
Debt Service	57,107	66,257	123,364
Grants and similar projects	28,827	1,109	29,936
Statute/ordinance enabled projects	359,439	--	359,439
Capital projects	32,839	--	32,839
Other purposes	14,400	--	14,400
 Total restricted net position	 \$ 524,210	 109,999	 634,209

The County uses restricted amounts first when both restricted and unrestricted fund balances are available unless there are legal documents/contracts prohibiting this, such as grant agreements requiring dollar for dollar spending of restricted and unrestricted amounts.

**Note 13      Governmental Fund Balances**

The County follows GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This GASB Statement clarifies governmental fund balance classifications and fund-type definitions. Fund balances are classified either as non-spendable or as spendable. Spendable fund balances are further classified in a hierarchy based on the extent to which there are external and internal constraints on the spending of these fund balances. These classifications are described as follows:

Non-spendable fund balances include amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact. At the County, inventories and prepaid items fall in this category.

Spendable fund balances are classified based on a hierarchy of the County’s ability to control the spending of these fund balances.

*Restricted* fund balances are fund balances constrained for specific purposes which are externally imposed by either creditors, grantors, contributors, or laws or regulations, or imposed by law through constitutional provisions or enabling legislation. Examples include debt service, grant programs and projects, federal and state law, impact fees, Hillsborough Healthcare, and other purposes.

*Committed* fund balances are fund balances constrained for specific purposes imposed by the government’s own governing bodies, which consist of the Board of County Commissioners and the five Constitutional Officers. Committed fund balances are formally established, modified, or rescinded by County ordinances enacted by the Board of County Commissioners.

*Assigned* fund balances are fund balances intended to be used for specific purposes, but are neither restricted nor committed. The BOCC has not delegated its authority to other parties. However, when the BOCC adopts resolutions,

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

associated fund balances are shown as assigned because resolutions are at a level of authority lower than County Ordinances. The County had assigned fund balances because the BOCC adopted resolutions for capital project budgets, major maintenance or repair project budgets, and other purposes.

*Unassigned* fund balance is the residual positive fund balance within the General Fund, which has not been assigned to other funds and has not been restricted, committed, or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances.

The fund balance categories of the governmental funds are shown on the face of the Balance Sheet - Governmental Funds in the Fund Financial Statements and are summarized as follows:

**Governmental Fund Balances by Category**  
**September 30, 2017**

<i>(Amounts in Thousands)</i>	<b>Total Governmental Funds</b>
Nonspendable	\$ 5,986
Spendable:	
Restricted	553,524
Committed	38,192
Assigned	94,680
Unassigned	<u>337,048</u>
Total fund balances	<u>\$ 1,029,430</u>

The County uses restricted amounts first when both restricted and unrestricted fund balances are available unless there are legal documents/contracts prohibiting this, such as grant agreements requiring dollar for dollar spending. In addition, the County uses committed prior to assigned fund balances and assigned fund balances prior to unassigned fund balances.

**Note 14      Accounting and Financial Reporting for Risk Financing and Related Insurance Issues**

The County engages in self-insurance in the form of internal service funds maintained by both the BOCC and Sheriff. The self-insurance funds of both the BOCC and Sheriff encompass two major sections--risk management and employee group health insurance. This note provides the disclosures required by GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

**Risk Management**

The County is exposed to various risks of loss related to injuries to employees; torts; thefts of, damage to, and destruction of assets; errors and omissions; and natural disasters. As permitted by Florida law, the County is substantially self-insured for workers' compensation claims. The BOCC is self-insured for workers' compensation claims up to a maximum of \$650,000 per occurrence for regular employees and \$1,000,000 for firefighters, with unlimited excess coverage above the self-insurance cap. The BOCC has authorized a commercial third-party administrator to administer the County's automobile, general liability, and workers' compensation claims payments. The Sheriff is self-insured for workers' compensation claims up to a maximum of \$500,000 per occurrence with unlimited excess coverage above the self-insurance cap.

The County is also self-insured against automotive and general liability claims with limited liability per Section 768.28, Florida Statutes, of \$200,000 per person and \$300,000 per occurrence. Negligence claims in excess of the statutory limits can only be recovered through federal lawsuits or acts of the Florida Legislature. While a majority of the County's automotive and general liability exposures are self-insured, the County has commercial insurance contracts to cover the risk of claims determined by the Florida Legislature or federal courts. Commercial insurance for excess automotive and general liability claims above the limits set by Section 768.28, Florida Statutes, has a limit of \$2,000,000 per occurrence with a general aggregate limit of \$5,000,000. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

With the exception of the Sheriff, all County funds including the BOCC and Constitutional Officers participate in the risk management portion of the Self-Insurance Fund. The Sheriff has a separate self-insurance fund for risk management and is not

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

a participant in the BOCC workers' compensation and automotive and general liability programs. The Arts Council of Hillsborough County also participates in the BOCC workers' compensation program. The County, however, is the predominant participant in the Self-Insurance Fund.

Payments to the risk management portion of the self-insurance fund are assessed based on actuarial estimates of the amounts needed to pay prior and current year claims and to establish a "reserve" (i.e. net position or equity) for catastrophic losses. That reserve was \$94,275,000 at September 30, 2017. If reserves for workers' compensation and automotive and general liability are included, the total reserve for risk management was \$120,395,000 at September 30, 2017. See the chart of net position at the end of this note for a description of the unrestricted net position of the Self-Insurance Fund by category.

The claims liability reported in the BOCC self-insurance fund at September 30, 2017, for risk management was \$15,470,000. The BOCC claims liability was presented undiscounted. These amounts are actuarially determined based on the requirements of GASB Statement No. 10, which specifies that a liability for claims should be reported if it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. Claims are reevaluated periodically to consider effects of inflation, recent settlement trends, incremental and other claim adjustment expenses regardless of whether allocated to specific claims. The liability is shown net of estimated salvage and subrogation recoveries on unsettled claims. During fiscal years 2016 and 2017, changes recorded to the claims liability for BOCC risk management were as follows:

<u>Fiscal Year</u>	<u>Claims Liability, Beginning of Fiscal Year</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Claims Liability, End of Fiscal Year</u>
2016	\$ 14,303,000	7,312,000	(6,536,000)	15,079,000
2017	15,079,000	7,633,000	(7,242,000)	15,470,000

During fiscal years 2016 and 2017, changes recorded to the claims liability for Sheriff risk management were as follows:

<u>Fiscal Year</u>	<u>Claims Liability, Beginning of Fiscal Year</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Claims Liability, End of Fiscal Year</u>
2016	\$ 10,149,000	3,181,000	(4,687,000)	8,643,000
2017	8,643,000	2,549,000	(3,123,000)	8,069,000

**Employee Group Health Insurance**

The County provides group health insurance for its employees and their eligible dependents. The County purchased insurance for this risk through September 30, 1993. On October 1, 1993, the County established an employee group health self-insurance plan to account for and finance its uninsured risks of loss. The County entered into an administrative services agreement with a commercial insurance carrier to provide administrative support for this self-insurance plan. The County is self-insured for up to \$550,000 per person annually. Stop-loss insurance was purchased to cover an unlimited lifetime amount per person above the \$550,000 per person deductible.

All County employees may participate in the County's employee group health insurance program except for those of the Tax Collector and Sheriff. Employees of the Children's Board, Tampa Port Authority, Tampa Sports Authority, Tampa-Hillsborough County Expressway Authority, and Arts Council may also participate in the County's employee group health insurance program. The County, however, is the predominant participant in the plan. Payments to the employee group health insurance plan are assessed based on actuarial estimates of the amounts needed to pay current year claims and to establish a "reserve" (i.e. net position or equity) for catastrophic losses. The employee group health insurance plan equity was \$30,426,000 at September 30, 2017. The County's plan also holds \$29,889,000 of equity from the Sheriff's employee group health insurance plan. At September 30, 2017, the claims liability reported for the BOCC employee group health insurance plan was \$5,678,000 and the claims liability reported for the Sheriff employee group health insurance plan was \$4,901,000. The Sheriff's employee group health claims liability was actuarially determined based on the requirements of GASB Statement No. 10, which specifies that a liability for claims should be reported if it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. Claims are reevaluated periodically to consider effects of inflation, recent settlement trends, incremental and other claim adjustment expenses regardless of whether allocated to specific claims. During fiscal years 2016 and 2017, changes recorded to the claims liability for the BOCC employee group health insurance plan were as follows:

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

<u>Fiscal Year</u>	<u>Claims Liability, Beginning of Fiscal Year</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Claims Liability, End of Fiscal Year</u>
2016	\$ 5,939,000	80,176,000	(81,041,000)	5,074,000
2017	5,074,000	85,278,000	(84,674,000)	5,678,000

During fiscal years 2016 and 2017, changes recorded to the claims liability for the Sheriff's employee group health insurance plan were as follows:

<u>Fiscal Year</u>	<u>Claims Liability, Beginning of Fiscal Year</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Claims Liability, End of Fiscal Year</u>
2016	\$ 4,724,000	37,893,000	(37,852,000)	4,765,000
2017	4,765,000	39,662,000	(39,526,000)	4,901,000

**Net Position of the Self-Insurance Fund**

The BOCC Self-Insurance Fund had reserves of \$208,502,000, which was reported as unrestricted, in net position at September 30, 2017 as follows:

**BOCC Self-Insurance Fund Net Position**

Unrestricted, designated for risk management (catastrophic losses)	\$ 94,275,000
Unrestricted, designated for risk management (workers' compensation and auto/general liabilities)	26,120,000
Unrestricted, designated for employee group health insurance (BOCC)	30,373,000
Unrestricted, designated for employee group health insurance (Sheriff)	29,889,000
Unrestricted, designated for other postemployment benefits (OPEB)	27,791,000
Total net position	<u>\$ 208,448,000</u>

Net position of \$29,889,000 is being held by the BOCC for the Sheriff's employee group health insurance plan to meet two distinct requirements of Florida Statutes. By holding Sheriff employee health plan dollars in the BOCC Self-Insurance Fund, the Sheriff meets the state of Florida's reserve requirements and also follows state law requiring the return of Sheriff residual funds to the BOCC at the end of each fiscal year. Net position designated for OPEB represents the net position for the entire Hillsborough County primary government including employees participating in the BOCC, Tax Collector and Sheriff plans.

**Note 15      Accounting for Municipal Solid Waste Landfill Costs**

**A. Open Landfill**

GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*, requires municipal solid waste landfill owners to record a current expense and the related long-term liability for certain future landfill closure and postclosure care costs. GASB Statement No. 18 is based on a US Environmental Protection Agency rule, *Solid Waste Disposal Facility Criteria*, and has two components. The first component establishes closure requirements for landfills receiving solid waste after October 9, 1991. The second component establishes thirty-year postclosure care requirements for landfills receiving solid waste after October 9, 1993. In addition, the Florida Department of Environmental Protection, through rule 62-701.630, Florida Administrative Code (FAC), establishes certain financial accountability standards related to landfill closure and postclosure care. The County, as an owner and operator of one open landfill, must accumulate financial resources to close the landfill after it stops accepting solid waste and to perform certain postclosure maintenance and monitoring functions at the landfill site for thirty years.

GASB Statement No. 18 requires the County to record a portion of these future closure and postclosure care costs as a current period operating expense and as a long-term liability based on the cumulative amount of landfill capacity consumed as of each balance sheet date. Based on an independent engineer's cost projection at September 30, 2017, County management estimated that the total future closure and postclosure care costs will be \$59,888,000. The County decreased its GASB Statement No. 18 liability from the prior year by \$750,000 or 2%. The actual costs for future landfill closure and postclosure care costs may differ from projections due to changes in price levels, technology, and environmental law.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

Of the total cost projection of \$59,888,000, a life-to-date liability of \$33,985,000 was recorded at September 30, 2017 as a part of other long-term debt for business-type activities. See Note 7.D. This liability for future landfill closure and postclosure care costs was determined from the consulting engineer's certification, that 35.6% or 16,540,000 cubic yards of the estimated 46,463,000 cubic yards landfill capacity had been consumed at September 30, 2017. Although only 35.6% of the overall landfill capacity was consumed, a total of 56.7% of the total closure and postclosure costs were reported as a liability because the landfill consists of two separate sections and the calculations were done separately on each section. Section One has total projected closure and postclosure care costs of \$48,867,000 of which 66.9% was consumed. Section Two has total projected closure and postclosure care costs of \$11,021,000 of which only 11.8% was consumed. The County will record the balance of the projected future closure and postclosure care costs of \$33,985,000, as adjusted by future estimated cost revisions, as the remaining landfill capacity is consumed. The County anticipates closing Section One of the landfill in 31 years (fiscal year 2048) and Section Two of the landfill in 55 years (fiscal year 2072). At September 30, 2017, the County had reserved assets of \$33,985,000 to meet future landfill closure and postclosure care obligations.

**B. Closed Landfills**

The County conducts monitoring and maintenance programs at a number of closed solid waste disposal sites to detect any potential incidents of environmental contamination. If any contamination is detected, the County will submit a plan to the Florida Department of Environmental Protection to remedy the problems discovered. In addition, the County annually reviews the estimates for future remediation and monitoring costs of landfills closed prior to October 9, 1991. At September 30, 2017, the liability for future remediation and monitoring costs of these closed landfill sites was \$3,319,000. The County does not believe that any additional liabilities arising from closed landfill remedial actions would materially affect the County's financial condition.

**C. Fiscal Responsibility for Future Landfill Closure Costs**

As required by Subpart H of 40 Code of Federal Regulations, Part 264, as adopted by reference in Rule 62-701.630 of the Florida Administrative Code (FAC), the County must annually certify that sufficient financial resources are available to pay future landfill closure and postclosure care costs. The County chose an annual financial test to comply with this requirement. This financial test requires a government to demonstrate that its tangible net worth is at least six times greater than the combined total estimated amount of closure and postclosure care costs as of the balance sheet date. At September 30, 2017, the Hillsborough County BOCC's tangible net worth met the requirements of the annual responsibility test and management believes the County complied with all rule requirements.

**Note 16            Commitments**

**A. Operating Leases**

The County has entered into numerous operating leases. The Hillsborough County Primary Government's operating lease and rent expenditures as a lessee totaled \$3,261,000 for leased facilities and equipment for the fiscal year ended September 30, 2017. The component units had operating lease and rent expenditures of \$1,000 for the fiscal year. A majority of these operating leases were for a one-year period. To present the commitment associated with the County's largest operating leases, lease commitments on all operating leases with annual payments during fiscal year 2017 in excess of \$150,000 per year are summarized below.

<u>Year Ending September 30</u>	<u>Governmental Activities</u>
2018	\$ 2,660,000
2019	2,329,000
2020	1,684,000
2021	1,717,000
2022	1,614,000
2023-2027	8,071,000
2028-2032	7,772,000
2033-2037	7,726,000
Total payments	<u>\$ 33,573,000</u>

Commitments for future non-cancelable minimum operating lease receipts were insignificant.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

**B. Debt-Related Guarantees and Interlocal Agreements**

*Tampa Sports Authority (TSA).* The County and the TSA have entered into a number of interlocal agreements over a period of many years. The city of Tampa and the County have agreed to pay one-third and two-thirds, respectively, of any operation and maintenance cash shortfall as reflected in the TSA’s current annual budget, for as long as any TSA project bonds are outstanding. At September 30, 2017, the County is not obligated on the project bonds issued by the TSA, but makes non-commitment debt service contributions as described in Note 7.K., “Non-Commitment Debt Service Contributions.” See Note 7.K. for more information including project bonds issued by the TSA.

**Note 17           Contingent Liabilities**

Impact fees were established by the BOCC to fund infrastructure for transportation, rights-of-way, parks, schools, and fire/rescue. These fees are intended to compensate governments such as the County for a portion of the additional costs of providing infrastructure for new real estate developments in the County, rather than assessing existing taxpayers. Florida’s concurrency laws in effect through June 2009 required that developers have infrastructure in place before developing their parcels. Sometimes developers agree to donate additional infrastructure needed by the County in exchange for a credit against impact fees that may be imposed on future development. There is no guarantee that the developer will incur impact fees in the future and benefit from an impact fee offset at that time. When the County accepts a donation of infrastructure from a developer, County maintenance of the assets relieves the developer of that responsibility. The County does not report the impact fee offsets as liabilities because impact fees are *fees* rather than taxes and impact fee offsets are viewed as reductions of future revenues, which are not yet due to or earned by the County. Impact fees are not due until a certificate of occupancy is issued. Infrastructure contributions are recorded by the County when received.

Contingent liabilities may arise from any of the following conditions. From the normal course of operations, the County is a defendant or plaintiff in various lawsuits. In the opinion of legal counsel, the resolution of these lawsuits is not likely to have a materially adverse affect on the County’s financial condition. Grant funds received or receivable by the County are subject to audit by federal and state grantor agencies and independent auditors. Such audits may result in requests for repayments due to disallowed expenditures. The liability for the remediation and monitoring of closed landfills may increase. See Note 15.B. The County believes that contingent liabilities arising from lawsuits, disallowed costs on grants, and landfill remediation/monitoring costs, if any, would be immaterial.

**Note 18           Tax Abatements**

The County provides tax abatements through two programs—the Ad Valorem Property Tax Exemption Program and the Qualified Target Industry (QTI) Program. A tax abatement is defined as a reduction in tax revenues resulting from an agreement where the government forgoes tax revenues and the qualified program participant promises to take a specific action after the agreement is executed that contributes to economic development or otherwise benefits the County or its residents.

*Ad Valorem Property Tax Exemption Program.* In accordance with County Ordinance 11-1, the Ad Valorem Property Tax Exemption Program exempts 50% of certain new ad valorem property taxes of qualified businesses that make capital investments in improvements and tangible personal property as well as bring new higher-paying jobs to the County. Each tax exemption agreement must be approved by the BOCC for it to take effect. The County makes tax abatement payments after determining that program requirements are met. If a participant does not comply with all requirements, partial benefits are not permitted. Because property taxes are abated after compliance requirements have been met, there is no provision for recovering previously abated real property taxes. However, abated tangible personal property taxes may be recovered after the fact. The following chart shows all property tax abatements that took place during fiscal year 2017.

<u>Program Participant</u>	<u>Total Property Tax Exemptions Expected</u>	<u>Fiscal Years Affected</u>	<u>Capital Investment Expected</u>	<u>New Jobs Promised</u>	<u>Taxes Abated During Fiscal Year 2017</u>
Amazon.com.dedc, LLC	\$ 6,395,760	2016 - 2022	\$200 million	75 jobs at over \$47,581/year	\$ 881,717

There are other similar ad valorem tax exemption agreements in place with other program participants. These tax abatements are expected to take effect in fiscal year 2018 and later after verification that program requirements were met.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Notes to Financial Statements**

*Qualified Target Industry Program.* The state of Florida’s QTI Program is authorized by Section 288.106, Florida Statutes. Under the QTI Program, an applicant must create a certain number of jobs and have average wages of at least 115% of the County’s (or State’s) average wage rates during the years covered by its commitment. The County, and other local government such as the city of Tampa, if applicable, provide a total local government match of 20% of the total tax refunds organized by the Florida Department of Economic Opportunity in exchange for the program participant relocating to or expanding headquarters operations within Hillsborough County. There is an application process under which the County must approve the applicant prior to agreeing to make the match payment to the state of Florida. If approved, the County issues a Resolution documenting its approval. The County sends the match payment to the state of Florida only if the state of Florida determines that the participant met program requirements. If approved, the amount is given to the participant, but only up to the amount of state and/or local government taxes actually paid by the participant. Because QTI payments are paid after compliance requirements have been met, there is no provision for recovering previously made payments. If the participant complied with program requirements only partially, prorated benefits are permitted under certain conditions. The following chart shows each of the County’s QTI match payments for 2017 that were over \$30,000 during fiscal year 2017. Smaller payments were aggregated.

<b>QTI Program Participant in Hillsborough County</b>	<b>Job Creation Requirement</b>	<b>Actual Jobs Created</b>	<b>Average Wage Exceeded Required Level?</b>	<b>County’s QTI Payments During Fiscal Year 2017</b>
Bristol-Myers Squibb Company	410	412	Yes	\$ 123,000
WellCare Health Plans, Inc.	700	2,313	Yes	105,000
Amazon.com.dedc, LLC	375	381	Yes	56,250
Depository Trust & Clearing Corporation*	255	210	Yes	34,968
All others (14 entities)	1,000	2,058	Yes	82,633
	<u>2,740</u>	<u>5,374</u>		<u>\$ 401,851</u>

\*Received a reduced amount

Similar types of match payments are expected to be made to these and/or different QTI Program participants in future years.

**Note 19 Subsequent Events - Debt Issuances**

In fiscal year 2018, the System plans to dispose of the Delwood/Carrollwood water treatment plant, Sheldon Road water treatment plant as part of the northwest water and wastewater facility improvement funded by the Utility Revenue Bonds, Series 2016.

On December 21, 2017 the County legally partially defeased \$24,035,000 of outstanding 2012 CIP Non Ad Valorem Capital Improvement Bonds using proceeds from the issuance of 2017 CIP Non Ad Valorem Refunding Revenue Note (Wells Fargo Bank) and accrued interest. Proceeds and accrued interest of \$27,593,000 were deposited in an irrevocable trust fund to pay future debt service on the refunded bonds.

The debt defeasance of the 2012 Non Ad Valorem Capital Improvement Bonds resulted in an overall economic gain of \$905,000 from this transaction because the present value of the principal and interest payments avoided exceeded the amount placed in escrow for these bonds. On December 21, 2017 these bonds were legally defeased and related liabilities were removed from the Statement of Net Position.

At September 30, 2017, the County’s governmental activities had short-term commercial paper notes and loans outstanding with a face amount of \$122,980,000. Including the new 2017 CIP Non-Ad Valorem Refunding Revenue Bonds mentioned in this Subsequent Events Note, the total commercial paper notes and loans outstanding at February 19, 2018 were \$144,831,000.

**Note 20 Changes in Long-Term Debt and Future Debt Service Requirements**

Exhibit A is a schedule of changes in long-term debt. Exhibits B through V show future debt service requirements, including sinking fund purchases, for each debt issue described in Note 7, *Long-Term Liabilities*.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Infrastructure Condition and Maintenance Data**  
**For the fiscal year ended September 30, 2017**  
*(Required Supplementary Information)*

Hillsborough County maintains a comprehensive network of transportation-related infrastructure assets. At September 30, 2017 these infrastructure assets included:

- 7,142 traffic lane-miles
- 2,920 miles of curbs
- 3,096 miles of road shoulders
- 4,073 miles of markings
- 14,256 pavement legends
- 215 miles of dividers
- 30 miles of guard railing
- 170 railroad crossings
- 2,148 pedestrian crossings
- 87,223 end treatments with head wall
- 16,578 intersections
- 3,059 miles of sidewalks
- 15 miles of sidewalk handrails
- 29,434 sidewalk ramps for the disabled
- 145,131 signs
- 517 pedestrian poles
- 253 bridges
- 509 box culverts
- 6.70 million linear feet of culverts
- 27,951 curb inlets
- 7,650 ditch bottom inlets
- 1,659 grate top inlets
- 2,752 speed humps
- 2,720 control structures
- 359 junction boxes
- 144 sea walls
- 39 stormwater lift stations
- 7,565 stormwater manholes

To maximize the life of its infrastructure assets with the least overall cost, the County developed the Hillsborough County Asset Management System to record the quantity, location, and condition of each infrastructure asset managed by the Public Works Department using a highly accurate Geographic Information System map of the County. The County developed comprehensive asset condition data and entered the data into a centralized database system housed on a countywide computer system. With its various software modules, the system is used to plan multi-decade preventive maintenance and to prioritize replacement schedules based on customized asset deterioration models, which enable the County to cost-effectively extend the useful lives of infrastructure assets.

During fiscal year 2001, the County implemented Governmental Accounting Standards Board Statement No. 34 *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, with retroactive reporting of all major general government infrastructure assets. To reflect the County’s commitment to preserve and maintain infrastructure assets, the County selected the *modified approach* for the accounting of those assets. Under the modified approach, the County recorded infrastructure assets at estimated original cost, but did not record accumulated depreciation against these assets. Instead of recording depreciation, the County is committed to incur the maintenance expenses necessary to (a) preserve infrastructure at a condition of fair or higher on a scale from failed, poor, fair, and good to excellent and (b) preserve its paved roadway lane miles at an overall average of 55 or more on the American Society for Testing and Materials (ASTM) pavement condition index. This index has a scale of 0 to 100, with 100 as the highest level. A failed infrastructure asset is one whose condition is deemed unsafe and should be repaired or replaced immediately. An excellent infrastructure asset is one that is newly constructed and functioning as intended. Improvements that lengthen the lives of infrastructure assets are not recorded unless they increase capacity or service potential, in which case they are recorded as additions to infrastructure at original cost. Therefore, resurfacing done to existing streets is not capitalized, but is treated as a maintenance expenditure under the modified approach.

The County conducts periodic physical condition assessments and theoretical deterioration modeling covering all assets once every three years to determine whether infrastructure assets are being maintained at the levels required. The condition of the County’s infrastructure including its paved roadway subset is provided in the chart below.

<b>Hillsborough County, Florida</b>			
<b>Infrastructure Condition Assessment Results</b>			
	<b>September 30, 2017</b>	<b>September 30, 2016</b>	<b>September 30, 2015</b>
Infrastructure	at or above fair	at or above fair	at or above fair
Paved roadway subset	60.85	60.20	62.80

Prior to 2008, the County established a commitment to maintain and preserve its paved roadway lane miles at an overall average of 6 to 7 based on an Overall Condition Index of 0 to 10. On September 17, 2008, the Hillsborough County BOCC adopted the standard to preserve its paved roadway lane miles at an overall average ASTM International Standard Practice for Pavement Condition Index Surveys, D-6433-03 condition index of 55 or more. The condition index of 55 on the new 100-point

**Infrastructure Condition and Maintenance Data**  
**For the fiscal year ended September 30, 2017**  
*(Required Supplementary Information)*

scale is considered to be equivalent to 6 to 7 on the previous scale, so the change in condition index is not expected to change estimated maintenance/preservation costs. The County spends the amount necessary to maintain its infrastructure assets at or above its condition levels of fair and 55. As a measure of County’s maintenance efforts, the following chart shows estimated and actual infrastructure maintenance expenditures. These infrastructure maintenance costs consist of: all personnel and operating costs within the physical environment function used for flood control by the Public Works Department; all personnel and operating costs within the transportation function used for road and street facilities by the Public Works Department; as well as road resurfacing and roadway landscaping costs.

<b>Hillsborough County, Florida</b>					
<b>Estimated Versus Actual Infrastructure Maintenance and Preservation Costs</b>					
<b>(amounts in millions)</b>					
	<b>Fiscal Year</b>				
	<b>2017</b>	<b>2016</b>	<b>2015</b>	<b>2014</b>	<b>2013</b>
Estimate	\$149.8	114.6	171.8	106.2	87.9
Actual	\$115.8	103.3	85.8	75.1	68.3

By using the modified approach, the County’s accounting practices for infrastructure assets are in harmony with the County’s plans for maintaining its infrastructure at the least overall cost over individual asset life cycles.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Schedule of Changes in Hillsborough County's Total OPEB Liability and Related Ratios**  
**Last Two Fiscal Years**  
*(Required Supplementary Information)*  
*Amounts in thousands*

	<b>2017</b>	<b>2016</b>
County's total OPEB liability	\$ 83,212	84,141
County's covered payroll	563,864	553,735
County's total OPEB liability as a percentage of its covered payroll	14.8 %	15.2 %
Plan fiduciary net position as a percentage of the total OPEB liability	0 %	0 %

Since GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, was implemented for fiscal year 2017, the total OPEB liability was not available prior to fiscal year 2017.

The County had \$27.791 million set aside in the Self-Insurance Internal Service Fund for OPEB at September 30, 2017. This amount represented 33.4% of the total OPEB liability at September 30, 2017. However, since an irrevocable trust was not established, none of this \$27.791 million in cash and investment was considered to be "plan fiduciary net position."

**Schedule of Contributions**

**OPEB Plan**

**Last Two Fiscal Years**

*(Required Supplementary Information)*

*Amounts in thousands*

	<u>2017</u>	<u>2016</u>
Actuarially determined contribution*	\$ 5,676	Not available
County contributions in relation to the actuarially determined contribution**	<u>3,331</u>	<u>3,329</u>
Contribution deficiency (excess)	<u>(2,345)</u>	<u>Not available</u>
County's covered payroll	\$ 563,864	553,735
County's contributions as a percentage of covered payroll	0.59 %	0.60 %

\*Since GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, was implemented for fiscal year 2017, the actuarially determined contribution was not available prior to fiscal year 2017. The actuarial determined contribution was not specifically obtained for fiscal year 2017, however, the actuarially determined OPEB expense (without deductions for claim payments or contributions) was used instead because it indicated the annual change in the County's total OPEB liability with deferred recognition provided for certain items.

\*\*These contributions represented amounts "set aside" for OPEB during fiscal year 2017 and 2016. The County had a total of \$27.791 million accumulated in the Self-Insurance Internal Service Fund for OPEB at September 30, 2017. This amount represented 33.4% of the total OPEB liability at September 30, 2017. However, since an irrevocable trust was not established, none of this \$27.791 million in cash and investment was considered to be "plan fiduciary net position."

**Notes to Schedule**

Actuarially determined contribution rates were calculated as of September 30, 2017. Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Inflation	2.8 %
Discount rate	3.6 %
Initial healthcare cost trend rate	6.4 %

## GENERAL FUNDS BY CATEGORY

The seven categories shown below together represent the General Fund, the primary operating fund of the County.

**General Fund–Countywide** – To account for the revenues and expenditures of the Countywide portion of the General Fund—which are activities that benefit all County residents. Countywide activities include Administration, Management and Budget, Animal Services, Consumer Protection, County Attorney, Economic Development, Emergency Management, Family and Aging Services, Parks, Recreation and Conservation, Public Works, the Environmental Protection Commission, and certain payments to the court system, Constitutional Officers, and nonprofit agencies.

**General Fund–Unincorporated Area** – To account for the revenues and expenditures of the Unincorporated Area portion of the General Fund—which are activities that benefit County residents who do not live in the three municipalities (Tampa, Plant City or Temple Terrace). Unincorporated Area activities include Affordable Housing, Code Enforcement, Fire Rescue, Planning and Growth Management, Parks and Recreation, Public Works, and certain payments to Constitutional Officers.

**General Fund–Sheriff** – To account for the revenues and expenditures necessary to carry out the duties and obligations of the Sheriff as specified in Section 30.15, Florida Statutes. The funds for the Sheriff's operation are received from the BOCC pursuant to Section 30.49, Florida Statutes.

**General Fund–Tax Collector** – To account for revenues and expenditures of the Tax Collector pursuant to Section 197, Florida Statutes.

**General Fund–Property Appraiser** – To account for revenues and expenditures of the Property Appraiser in the performance of Constitutional responsibilities. These responsibilities include determining the taxable value of all real and tangible property within the County, maintaining associated financial and property records, and providing the Tax Collector with the certified value of real and tangible property and tax millages levied by the respective taxing authorities.

**General Fund–Supervisor of Elections** – To account for revenues and expenditures of the Supervisor of Elections in the performance of Constitutional responsibilities pursuant to Chapters 100, 101, and 102, Florida Statutes. The funds for the Supervisor of Elections' operation are received from the BOCC pursuant to Section 129.202, Florida Statutes.

**General Fund–Clerk of Circuit Court** – To account for revenues and expenditures of the Clerk of Circuit Court whose responsibilities include: County recorder for official records of Hillsborough County; accountant for the BOCC, custodian of all County funds, County auditor, and keeping BOCC records and meeting minutes as ex-officio Clerk to the Board of County Commissioners; as well as court-related activities that are not accounted for in the “Clerk of Circuit Court - Court Operations and Public Records Fund.”

## NONMAJOR SPECIAL REVENUE FUNDS

### BOARD OF COUNTY COMMISSIONERS:

**Unincorporated Area Special Purpose Revenue Fund** – To account for special purpose revenues used to provide services for residents of the unincorporated areas of the County.

**Library Fund** – To account for ad valorem taxes and state grant funds designated to operate and maintain the countywide Tampa-Hillsborough County Public Library System.

**Hillsborough County Civil Service Board Fund** – To account for the revenues and expenditures of the Hillsborough County Civil Service Board, which administers a uniform classified merit employment system. The Civil Service Board's responsibilities include: developing personnel rules, records, and reports related to employees and positions; handling recruitment functions; coordinating an employee performance management system; and conducting other programs to ensure compliance with the Civil Service Act and other statutory requirements.

### SHERIFF:

**Child Protective Investigations Fund** – To account for revenues and expenditures for child protection investigations.

**Special Use Fund** – To account for specific revenue sources designated for law enforcement within the unincorporated areas of the County.

**Inmate Welfare Fund** (formerly Jail Inmate Canteen Fund) – To account for the revenues and expenditures related to sales to inmates of merchandise such as toiletries, cigarettes, and snacks, as well as inmate phone calls, and to fund inmate programs.

**Misdemeanor Probation Services Fund** – To account for the revenues and expenditures related to the Sheriff's provision of misdemeanor probation services.

**Communications 911 Fund** – To account for the revenues and expenditures related to the Sheriff's 911 operations.

**BOCC Special Projects Fund** – To account for the revenues and expenditures related to funds that may be only be expended for certain major maintenance and renovation projects.

### SUPERVISOR OF ELECTIONS:

**Grants Fund** – To account for federal, state, or other grants received by the Supervisor of Elections for programs including voter education and equipment as well as the recruiting and training of poll workers.

### CLERK OF CIRCUIT COURT:

**Court Operations and Public Records Fund** – To account for the Clerk of Circuit Court's court operations as an officer of the court including clerical and administrative functions of the courts, keeping records, maintaining dockets, providing courtroom clerks for the judiciary, and collecting and disbursing fines, forfeitures and other court costs, and keeping custody of court funds. The Clerk of Circuit Court also conducts court-ordered sales of property, as well as runs the depository for collecting and disbursing court-ordered child support and alimony payments.

To account for the following: Public Records Modernization Trust Fund for equipment, maintenance, personnel training, and technical assistance for modernizing public records per Florida Statute 28.24(12)(d). Public Records Court Technology Trust Fund to operate/support an integrated computer system for judicial agencies and support state court system operations per Florida Statute 28.24(12)(e)(1). Foreclosure Public Education Fund to educate the public of their rights in foreclosure proceedings per Florida Statute 45.035(2)(a), and Public Records Court Operations Trust Fund for Clerk court-related operational needs and program enhancements per Florida Statute 28.37(2).

## NONMAJOR DEBT SERVICE FUNDS

### BOARD OF COUNTY COMMISSIONERS:

**2002 Parks and Recreation Fund** – To account for the annual debt service requirements of the Unincorporated Area Parks and Recreation Program General Obligation Refunding Bonds, Series 2002. Interest and principal payments are due through final maturity in July 2025. Payment of debt service is secured by ad valorem taxes levied on the assessed value of taxable real property in the County's unincorporated area.

**2005 Court Facilities Improvement Fund** – To account for the annual debt service requirements of the Court Facilities Revenue Bonds, Series 2005. Interest and principal payments are due through final maturity in November 2029. Payment of debt service is secured by a pledge of court surcharge and Community Investment Tax revenues (until the earlier of December 1, 2026 or the date such tax is released pursuant to Section 33 of the Bond Resolution).

**2005 Tampa Bay Arena Refunding Revenue Bonds Fund** – To account for the annual debt service requirements on the Tampa Bay Arena Refunding Revenue Bonds, Series 2005. Interest and principal payments are due through final maturity in October 2026. Payment of debt service is secured by a pledge on legally available non-ad valorem revenues. Non-ad valorem revenues include Guaranteed Entitlement Revenues, Mobile Home License Fees, Alcoholic Beverage License Taxes, Local Business Taxes, and Local Government Half-Cent Sales Tax revenues.

**2016 Capital Improvement Program Refunding Revenue Bond Fund** – To account for the annual debt service requirements on the Capital Improvement Program Refunding Revenue Bonds, Series 2006 and Series 2016.

**2017 Fourth Cent Tourist Development Tax Refunding and Improvement Revenue Bonds Fund** – To account for the annual debt service requirements on the Fourth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2006 and Fourth Cent Tourist Development Tax Refunding Revenue Bonds Series 2017A and B. Interest and principal payments on the 2006 Series were paid through the defeasance date of February 16, 2017. Interest and principal payments on the 2017 Series are due through final maturity in 2035. Payment of debt service is secured by a pledge limited to Fourth Cent Tourist Development Tax revenues.

**2017 Fifth Cent Tourist Development Tax Refunding Revenue Bonds Fund** – To account for the annual debt service requirements on the Fifth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2006A and Fifth Cent Tourist Development Tax Refunding Revenue Bonds Series 2017. Interest and principal payments on the 2006 Series were paid through the defeasance date of October 27, 2016. Interest and principal payments on the 2017 Series are due through final maturity in October 2046. Payment of debt service is secured by a pledge limited to Fifth Cent Tourist Development Tax revenues.

**2007 Community Investment Tax Revenue Bonds Fund** – To account for the annual debt service requirements on the Community Investment Tax Revenue Bonds, Series 2007. Interest and principal payments are due through final maturity in November 2025. Payment of debt is secured by the County's Community Investment Tax revenues and all related investment earnings.

**2008 Capital Improvement Non-Ad Valorem Refunding Revenue Bonds and 2017 Note Fund** – To account for the sinking fund requirements of the Capital Improvement Non-Ad Valorem Refunding Revenue Bonds, Series 2008. These bonds were partially refunded on September 26, 2017. Interest and principal payments on the 2008 Series are due through final maturity in July 2028. Principal and interest payments on the 2017 Series are due through final maturity in July 2028. Payment of this debt is secured by a pledge on legally available non-ad valorem revenues, which include Guaranteed Entitlement Revenues, Mobile Home License Fees, Alcoholic Beverage License Taxes, Local Business Taxes, and Local Government Half-Cent Sales Tax revenues.

**2009 Environmentally Sensitive Lands Acquisition and Protection Program (ELAPP) Fund** – To account for the annual debt service requirements of the General Obligation Bonds, Series 2009A and 2009B. Interest and principal payments are due through final maturities in 2019 and 2039, respectively. Payment of debt service is secured by a pledge on all taxable property in the County’s unincorporated area. The Series 1998 and 2003 Bonds were also accounted for in this fund in prior years. This fund was also used to account for money set aside for a new ELAPP bond issue that was planned but not issued during fiscal year 2016.

**2012 Community Investment Tax Refunding Revenue Bonds Fund** – To account for the annual debt service requirements on the Community Investment Tax Refunding Revenue Bonds, Series 2012A and 2012B. Interest and principal payments are due through final maturity in November 2025. Debt service is secured by a pledge of the Community Investment Tax revenues and related investment earnings.

**2012 Capital Improvement Program Revenue Bonds Fund** – To account for the annual debt service requirements on the Capital Improvement Program Revenue Bonds, Series 2012. Interest and principal payments are due through final maturity in November 2025. Debt service is payable solely from a pledge of the local government half-cent sales tax revenues.

**2015 Community Investment Tax Refunding Revenue Bonds** – To account for the annual debt service requirements of the Community Investment Tax Refunding Revenue Bonds, Series 2015. Interest and principal payments are due through final maturity in November 2025. Debt service is secured by a pledge of the Community Investment Tax revenues and related earnings.

**Redevelopment Seed Money Program Fund** – To account for debt service on a capital project to address uneven growth patterns in the following underserved areas of the County: University Community Area, Orient Road/Fairgrounds, Palm River and Westshore.

**Commercial Paper Program (M2Gen, Arena, etc.)** – To account for commercial paper notes for the Community Investment Tax (CIT) Program, Amalie Arena as well as the sinking fund requirements of commercial paper issued for the H. Lee Moffitt Cancer Center & Research Institute / Merck (M2Gen) project. Although the commercial paper notes are expected to be rolled over as needed, there is also a plan to “amortize” this liability over the 30-year life of the project.

**2015 Communications Services Tax Revenue Bonds** – To account for the annual debt service requirements of the Communication Services Tax Revenue Bonds, Series 2015. Interest and principal payments are due through final maturity in October 2045. Debt service is secured by a pledge of the Communications Services Tax revenues and related earnings.

## NONMAJOR CAPITAL PROJECTS FUNDS

### BOARD OF COUNTY COMMISSIONERS:

**Environmentally Sensitive Lands Acquisition Fund** – To account for capital projects for the acquisition and restoration of environmentally sensitive land.

**Court Facilities Improvement (Non-Bond) Fund** – To account for court system contributions to acquire, construct, equip, and renovate the County’s court system facilities.

**Commercial Paper Non-CIT - Capital Improvement Program Fund** – To account for the proceeds and debt service of the 2000 Capital Improvement Program Commercial Paper Notes, Series A, Series B (Alternative Minimum Tax), and Series C (Taxable) that are related to non-CIT backed general governmental purposes. These proceeds are used for purposes such as Moffitt/Merck’s M2Gen project, and arena improvements. Interest and principal payments are due at the time each note matures.

**Public Safety Operations Complex (PSOC) Project Fund** (formerly Emergency Operations Center Project Fund) – To account for a capital project to construct a new emergency operations center.

**Countywide Capital Projects Fund** – To account for capital projects, that are not included in any other capital project fund, that benefit residents throughout the County.

**Unincorporated Area Capital Projects Fund** – To account for capital projects, that are not included in any other capital project fund, that benefit residents of the unincorporated area of the County.

**Next Generation 911 Projects Fund** – To account for a capital project for acquisition of next generation equipment for handling 911 emergencies.

**Yankee Stadium Project Fund** – To account for a capital project for a contribution to the George M. Steinbrenner Field Renovation.

**HILLSBOROUGH COUNTY, FLORIDA**

## INTERNAL SERVICE FUNDS

### BOARD OF COUNTY COMMISSIONERS:

**Self-Insurance Fund** – To account for the revenues and expenses of the County's risk management, employee group health insurance, and Other Postemployment Benefits (OPEB) programs. Risk management includes workers' compensation, automotive and general liability, and catastrophic disaster recovery programs. Employee group health insurance is a self-insurance program funded by employer contributions and employee payroll deductions. The OPEB program consists of collecting assessments from County departments to set aside funds for the actuarial liability associated with the implicit subsidy resulting from providing insurance to retirees and certain other former employees, as well as a limited stipend program for regular retired employees from ages 62 to 65 and special risk retired employees from ages 55 to 65.

**Fleet Management Fund** – To account for the revenues and expenses of handling vehicle and equipment repairs and maintenance, short-term vehicle rentals and fuel sales to departments, and other fleet management services.

### SHERIFF:

**Risk Management Self-Insurance Fund** – To account for the revenues and expenses of the Sheriff's workers' compensation and general liability self-insured risk management programs as well as the medical plan for Sheriff's employees. This fund is also used to account for the Sheriff's flexible spending program for participating employees.

## AGENCY FUNDS

### BOARD OF COUNTY COMMISSIONERS:

**General Agency Fund** – To account for various funds placed in escrow. These amounts are being held by the County as agent for various individuals and entities. Items recorded in this fund include employee payroll deductions, the employer's payroll deduction match, and stale-dated checks.

### SHERIFF:

**General Agency Fund** – To account for cash bonds and other funds held by the Sheriff as a trustee and for such non-budgeted receipts as civil process fees, held by the Sheriff until remitted to the BOCC.

### TAX COLLECTOR:

**Motor Vehicle Fund** – To account for the collection of motor vehicle registration receipts, and the subsequent remittance of those receipts to the state of Florida.

**Tax and License Fund** – To account for the collection and distribution of local property taxes and funds generated from the sale of miscellaneous licenses for the state of Florida.

### CLERK OF CIRCUIT COURT:

**General Agency Fund** – To account for the collection and disbursement of trust accounts including tax accounts, escheated bond accounts, fines and forfeitures accounts, and other trust accounts.

**Registry of the Court Fund** – To account for the collection and disbursement of funds required to be deposited into and disbursed from the Registry Account by court orders.

**Support Collections Fund** – To account for the collection and disbursement of court-ordered child support and/or alimony.

**Jury and Witness Fund** – To account for the collection and disbursement of funds advanced to the Clerk of Circuit Court by the state of Florida for the purpose of compensating jurors and certain witnesses. In addition, it is used to account for the collection and disbursement of County funds for the payment of witnesses summoned on behalf of the state of Florida in circuit and county courts.

# STATISTICAL SECTION

## Public Education and Outreach

The Emergency Management Department provides a variety of educational resources to help residents prepare for emergencies or disasters. For more information, visit:

[www.hillsboroughcounty.org/en/residents/public-safety/emergency-management](http://www.hillsboroughcounty.org/en/residents/public-safety/emergency-management)

## EVACUATION ZONES & SHELTERS

SM

**Hillsborough**  
**County** Florida

## **HILLSBOROUGH COUNTY, FLORIDA**

### **Overview of Statistical Section Contents**

#### **Financial Trends Information**

These schedules show trend information to help the reader understand how the County's financial condition and performance changed over time.

#### **Revenue Capacity Information**

These schedules provide information to help the reader assess the County's most significant local revenue source, property taxes.

#### **Debt Capacity Information**

These schedules present information to help the reader assess the County's current debt load and its ability to issue additional debt in the future.

#### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County operates.

#### **Operating Information**

These schedules provide service and infrastructure data related to County services and activities in order to help the reader better understand the information presented in the financial statements.

#### **Miscellaneous Information**

These items provide supplemental data and statistics of interest to readers of the financial statements.

This chart shows state shared revenue by source as presented in the fund financial statements. State Shared revenues are a part of intergovernmental revenues. Other components of intergovernmental revenues are federal, state, and local government grants. "Other state shared revenues" are revenues collected by the state and shared with the County such as those associated parimutuel distributions replacement, alcoholic beverages licenses, mobile home licenses, and insurance agent County licenses.

- (a) Assessed values shown for fiscal year 2017 on the chart above will be the basis of property taxes collected during fiscal year 2018, starting in November 2017.
- (b) Section 192.001, Florida Statutes, defines assessed value of property as "an annual determination of the just or fair market value of an item or property." Therefore, gross assessed value is defined as Estimated Actual Value.
- (c) Exemptions allowed include those for governmental as well as qualified, religious, or other non-profit properties. In addition, there are also additional exemptions if a property owner is a widow, widower, disabled, or 65 or older. A new expanded homestead exemption and the existing 3% and new 10% homestead cap differentials are not included in this chart. The new homestead exemption does not apply to property taxes for the School Board.
- (d) Assessed value is the estimated actual value less exemptions.
- (e) Tangible personal property represents business property such as furniture, computers, machinery and equipment, as well as mobile homes that are not permanently affixed to land. With the passing of Amendment 1 on January 29, 2008 an exemption of \$25,000 for tangible property is included in the chart above.
- (f) Centrally assessed property is primarily railroad that is assessed by the state of Florida rather than by the Property Appraiser since the property is located in more than one county.
- (g) Total Direct Tax Rate shows Hillsborough County tax rates applicable to residents of the unincorporated areas of the County. This amount is the sum of Countywide (BOCC) and Unincorporated Area (BOCC) total millage shown on "Property Tax Millage Rates for Direct and Overlapping Governmental Entities." See following page.

Total millage for unincorporated area within the Alafia River Basin excluding any special district assessments (for analysis only)	18.748	19.093	19.596	19.596	19.985	20.211	20.470	20.103	20.217	20.306

- (a) Section 200.071, Florida Statutes, states that the maximum ad valorem tax millage for either the countywide or unincorporated area (municipal services taxing unit) of the BOCC is set at 10 mills plus any voted levies.
- (b) Overlapping rates depend on whether the taxpayer resides in the Unincorporated Area or one of the three municipalities. In addition, Countywide overlapping rates apply to all taxpayers. As a result, overlapping rates are not totaled, but total millage figures are shown at the bottom of this chart for comparisons over time or other analysis purposes.
- (c) Dependent on its location, property within Tampa may either be in the Alafia, the Hillsborough River, or the NW Hillsborough Watershed Basin. Plant City property may be in either the Alafia or the Hillsborough River Basin.

This chart shows the total taxes levied against the ten largest ad valorem property taxpayers in the most recent year as well as nine years earlier. Property located within the geographic boundaries of Hillsborough County is subject to tax levies by Hillsborough County as well as several other taxing authorities. The Hillsborough County Tax Collector collects taxes for all of these taxing authorities. Taxing authorities such as the city of Tampa and the School Board are not a part of the Hillsborough County financial reporting entity. Their tax levies, however, are included in the chart above in order to show the total taxes due from each of the ten largest taxpayers. The total taxes levied by all of these taxing authorities against property located within the geographic boundaries of Hillsborough County was \$1,828,563,000 for 2016 and \$1,949,200,000 for 2007.

Since 2017 property tax rolls were not opened for collections until November 1, 2017, final data for the 2017 property tax levy is not available. Taxes levied during a fiscal year are collected in the following fiscal year. Therefore, the amounts shown as levied in fiscal year 2016 were actually received in fiscal year 2017.

# HILLSBOROUGH COUNTY, FLORIDA

## Property Tax Levied and Collected

Last Ten Fiscal Years (a)

*(in thousands of dollars)*

Fiscal Year	Taxes Levied for the Fiscal Year	Collected within the Fiscal Year of the Levy		Collected in Subsequent Years	Total Taxes Collected	
		Amount	Percentage of Levy		Amount	Percentage of Levy
2008	\$ 801,724	795,084	99.2	1,321	796,405	99.3
2009	757,541	745,239	98.4	1,483	746,722	98.6
2010	660,228	648,894	98.3	1,529	650,423	98.5
2011	588,376	576,072	97.9	3,048	579,120	98.4
2012	562,933	557,341	99.0	1,306	558,647	99.2
2013	550,006	544,073	98.9	1,983	546,056	99.3
2014	577,539	573,890	99.4	3,196	577,086	99.9
2015	618,412	615,353	99.5	647	616,000	99.6
2016	664,593	661,251	99.5	723	661,974	99.6
2017	715,683	712,837	99.6	540	713,377	99.7
	(b)	(c)		(d)		

- (a) Since 2017 property tax rolls were not opened for collections until November 1, 2017, final data for the 2017 property tax levy is not available. Taxes levied during a fiscal year are collected in the following fiscal year. Therefore, the amounts shown as levied in fiscal year 2016 were actually received in fiscal year 2017.
- (b) The tax levy is the entire property tax due to Hillsborough County before any tax reductions are determined by the Value Adjustment Board and before any tax amounts are determined to be uncollectible due to insolvencies. The tax levy represents only the taxes due to the Hillsborough County financial reporting entity and therefore, excludes taxes due to the School Board, the city of Tampa, and certain other governmental entities.
- (c) There is a four percent early payment discount available to taxpayers who pay their property taxes in November, with the discount declining one percentage point each month thereafter. To accurately compare taxes collected to the taxes levied, discounts taken were added into the amounts collected, making them directly comparable.
- (d) Includes all delinquent tax collections received during the year regardless of the year in which the taxes were originally levied.

2017	59,020	--	463,747	122,980	500,843	--	1,146,590	54.6	848
	(a)				(a) (b)			(c)	

(a) Bonds are shown net unamortized bond issue premiums or discounts (as well as related deferred losses on bond refundings for fiscal year 2013 and prior).

(b) During fiscal year 2017, the County issued \$114,2300,000 in Solid Waste Resource Recovery Revenue Bonds, Series 2016A&B, which were used to refund the 2006 Solid Waste Refunding Revenue Bonds and to pay for construction. As a result there was an increase in revenue bonds in business-type activities.

(c) "Personal income" is earned income, dividends, interest, and rent, as well as transfer receipts received such as Social Security payments. Due to a time lag in receiving personal income figures, ratios were calculated using personal income figures for the prior fiscal year. See "Demographic and Economic Statistics" for actual personal income figures used above.

			(a)	(b)	

- (a) Total debt service represents debt service on all governmental revenue bonds outstanding at the end of the fiscal year. See Note 7 for more information on governmental revenue bonds.
- (b) Available pledged revenues are not limited to those revenues specifically pledged for governmental revenue bonds, but represent all pledged revenues that may support these governmental revenue bonds. Available pledged revenues include the Local Government Half-Cent Sales Tax, Community Investment Tax (a discretionary sales surtax), Guaranteed Entitlement Revenues, Mobile Home License Fees, Alcoholic Beverage License Taxes, Local Business Taxes, Fuel Tax, Local Option Fuel Tax, and certain court surcharge revenues. It excludes ad valorem and other taxes and intergovernmental revenues.

	(a)	(b)			(c)		(d)

- (a) Operating revenues plus other income excluding any extraordinary gains.
- (b) Total expenses excluding depreciation, bond interest, amortization, and extraordinary losses.
- (c) Bond interest requirements before capitalization of interest expense to construction-in-progress, interest paid to defease serial bonds, amortization of deferred refunding losses, amortization of bond market issue premiums or discounts, and capitalized interest deduction.
- (d) Net revenue available for debt service divided by total debt service requirements. Since capacity fees and meter installation fees are recorded as capital contributions, these amounts are excluded from the figure presented above for net revenue available for debt service. For rate covenant test purposes, capacity fees and meter installation fees are eligible to be treated as net revenue available for debt service.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Miscellaneous Data and Statistics**  
**September 30, 2017**

**GENERAL INFORMATION**

Hillsborough County was established on January 25, 1834. The County takes its name from Will Hills (1718-1793), a viscount of Hillsborough, who became secretary of state for the colonies in 1768. Hillsborough County's boundaries of 1834 included the present-day counties of Pasco, Charlotte, Desoto, Hardee, Pinellas, Sarasota, Manatee and Polk. The County is located on central Florida's western coast, nestled between Tampa Bay on the West and Polk County on the East. The County is bounded to the north by Pasco County and to the south by Manatee County. In area, it is the seventh largest county in the state of Florida. Hillsborough County covers a total area of 1,266 square miles, of which 215 square miles is water area. The County is part of a four-county Metropolitan Statistical Area (MSA) referred to as Tampa, St. Petersburg-Clearwater MSA. Tampa, Plant City and Temple Terrace are the three incorporated cities in the County. Tampa, the largest of the three incorporated cities in the County is the county seat and also a center of international, national, and intrastate commerce. The Tampa International Airport and the Port of Tampa connect Hillsborough County to other major cities in the nation and major markets throughout the world.

**GOVERNMENT**

Hillsborough County operates under a home-rule charter enacted by the voters on September 20, 1983. Under the charter, the Board of County Commissioners (BOCC) consists of seven Commissioners; three elected county-wide and four elected from single member districts. As a result of this charter, each voter has a chance to influence the election of a majority of board members. The BOCC is restricted to performing the legislative functions of government and developing policy for the management of Hillsborough County. The County Administrator, appointed by the BOCC, together with his staff is responsible for implementing these policies throughout the County.

In addition to the members of the BOCC, there are five elected Constitutional Officers: the Clerk of Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector.

The County provides a variety of services characteristic of multi-purpose local governments including law enforcement, maintenance of roads and bridges, animal services, social services programs, planning and growth management, environmental protection, fire protection and emergency rescue, consumer protection, parks and recreation programs, mosquito control, employment services, emergency disaster preparedness, traffic control, water/wastewater utilities, solid waste disposal, medical examiner services, agricultural cooperative extension services, children's services, indigent health care, public assistance programs, aging services programs, emergency medical services, and library services.

In addition to their legislative duties, members of the BOCC serve as the County's Environmental Protection Commission. Individual members of the BOCC also take turns serving on various boards, authorities, commissions, and private non-profits such as the Children's Board, Tampa Bay Regional Planning Council, Metropolitan Planning Organization, Hillsborough County Tourist Development Council, Tampa Bay Water, Tampa Port Authority, Hillsborough County Aviation Authority, Hillsborough Transit Authority, Hillsborough County Public Transportation Commission, Tampa-Hillsborough County Expressway Authority, Tampa Sports Authority, Arts Council of Hillsborough County, Value Adjustment Board, Hillsborough County Hospital Authority, Council of Governments, and the Tampa Hillsborough Economic Development Corporation.

**POPULATION**

Hillsborough County is the fourth most populous county in the state of Florida. The County's population in 2017 was estimated to be 1,379,302, an increase of 12.2% from 2010. Hillsborough County's population exceeds the population of 10 states (Alaska, Delaware, Maine, Montana, New Hampshire, North Dakota, Rhode Island, South Dakota, Vermont and Wyoming) and the District of Columbia. A majority of the County's 2017 population (941,536) resides in the unincorporated part of the county. Population in unincorporated Hillsborough County grew 13.1 percent from 2010. Communities in southern unincorporated Hillsborough County saw the biggest increases in population growth. The median age for Hillsborough County in 2017 was 36 years.

**EDUCATION**

Hillsborough County Public Schools is the eighth largest district in the nation and third largest in Florida. The district operates with more than 213,500 students, 26,000 employees, and a \$2.83 billion budget. Educational opportunities include: Head Start and adult education programs, pre-k through 12th grade traditional schools, magnet schools, career centers, technical education, exceptional student education, single gender middle schools, International Baccalaureate schools, and charter schools. The district is fully accredited.

Hillsborough County also has several universities and colleges. The University of South Florida serves more than 49,000 students (including campuses outside of Hillsborough County) representing over 130 different countries. The University of Tampa is a private university located on approximately 100 acres of prime riverfront land in the heart of downtown Tampa. Hillsborough Community College has five primary campus locations, three satellite locations, a very active distant learning program (eCampus), and a comprehensive corporate training center. Some other colleges in the area include Florida College, Stetson University College of Law, and Keller Graduate School of Management.

**MEDICAL FACILITIES**

There are thirteen general, specialty, and military hospitals in Hillsborough County with approximately 4,198 hospital beds, and 3,944 nursing home beds. The County's medical resources include more than 5,549 licensed physicians, with specialists in all types of medicine and surgery, and 856 licensed dentists.

Source: Florida Department of Health  
Florida Agency for Health Care Administration

**COMMUNICATION**

Thirteen television stations serve the County. Daily newspapers include La Gaceta, Tampa Bay Times (acquired The Tampa Tribune), and tbt\*. There are also three other weekly newspapers. There are 27 radio stations based in the County. Frontier and Spectrum are the primary providers for internet, telecommunications and/or cable services. There are 40 Post Offices in Hillsborough County and 20 internet providers.

**TRANSPORTATION**

Tampa International Airport (TIA) is a major airport for the west central region of Florida serving primarily Hillsborough, Pinellas (which includes the cities of St. Petersburg and Clearwater), Pasco, and Hernando Counties.

TIA, is one of four FAA-coded large hub airports in the state of Florida, TIA occupies approximately 3,400 acres and is primarily an origination-destination airport with a total of 59 gates. It is located five miles from downtown Tampa, and is served by most major airlines which provide non-stop daily service to more than 56 national and international destinations, including London, Toronto, Halifax, Ottawa, San Juan, and Grand Cayman. Inbound and Outbound passengers at TIA for the fiscal year ended September 30, 2017, totaled 19,234,632, an increase of 1.62% from the prior fiscal year. For fiscal year 2017, the top four airlines, in terms of market share were: Southwest with 35.44%, Delta with 17.36%, American Airlines with 16.39% and United Airlines with 10.21%.

Three general aviation airports serve as reliever airports, primarily to accommodate light and medium weight aircraft in the general aviation category. These include Peter O. Knight Airport, a 139-acre facility located six miles southeast of TIA; Plant City Airport, a 199-acre facility located 22 miles east of TIA; and Tampa Executive Airport (formerly Vandenberg Airport), a 407-acre facility located 12 miles east of TIA. In addition, there are two full service general aviation executive terminals located at this airport.

AMTRAK provides passenger rail service to major cities throughout the United States. This rail service is provided by the Palmetto and Silver Service Trains (the Silver Meteor and the Silver Star) which offer service between Florida, Georgia, and New York City. The restored Tampa Union Station has seven northbound and seven southbound departures on AMTRAK weekly. Freight rail service is provided to the County by CSX Transportation Systems. CSX rail units possess some of the world's most technologically advanced terminal equipment and operate on regular schedules throughout the network. Major transports include coal, wood products, phosphate, chemicals, construction materials, semi-tractor trailers, automobiles, and automobile products.

The Hillsborough Transit Authority (HART) is Hillsborough County's public transportation system. HART offers local and express routes for residents and visitors alike. Local service seven days a week provides access to area shopping malls, businesses, government buildings, attractions and recreational facilities. An estimated eleven million riders use the system annually.

The County is also served by numerous intrastate and interstate motor common carriers, moving goods between Tampa, other points in Florida, and markets throughout the United States. Tampa is the transportation hub of the west coast of Florida with major trucking firms maintaining terminals serving Florida and major southern cities.

Three interstates and seven other major highways serve the County. All parts of Florida and bordering states to the north and west can be reached within one day of travel by truck or automobile.

**HILLSBOROUGH COUNTY, FLORIDA**  
**Miscellaneous Data and Statistics**  
**September 30, 2017**

**LOCAL INDUSTRIES**

Service, retail, finance, insurance, and real estate sectors lead regional and county industry. Bioscience and other high-tech industries are expanding, thanks in part to research at university and college campuses throughout the area. Manufacturing in Hillsborough County is also participating in the high-tech trend as the county is home to companies in the microelectronics, medical devices, software, and defense systems industries.

**Business and Information Services**

Tampa Bay has been called “Wall Street South” for the size and scope of its financial services industry. Worldwide organizations which have a major presence in Hillsborough County include JPMorgan Chase, Citigroup, Depository Trust and Clearing Corp, MetLife, Progressive Insurance and USAA Insurance. Hillsborough County is also a major player in a new industry segment called the Shared Accounting Services industry where national and international companies such as Coca-Cola Enterprises create additional value by co-locating their accounting and financial services for multiple businesses in one location.

**Biomedical / Life Sciences Technologies/Health Care**

Tampa Bay is a center of excellence for hospital, research and medical-related firms – and the gateway to the Florida High Tech Corridor, a 23-county area that is home to more than 3,000 high-tech companies. Biomedical and life science centers of excellence in Hillsborough County include University of South Florida, H. Lee Moffitt Cancer Center and Research Institute, and USF Health Byrd Alzheimer’s Institute. In March 2012, USF Health opened its \$38 million Center for Advanced Medical Learning and Simulation (CAMLS) in downtown Tampa. CAMLS combines cutting-edge simulation with research and innovation to move the latest advances in healthcare into practice. Hillsborough County is also home to major health care plan developers and providers such as Wellcare.

**Port / Maritime**

With three seaports, Tampa Bay is a major entry point for domestic and international shipping. The Port of Tampa comprises nearly half of all sea borne commerce in the state, is the state’s largest seaport, and is a major cruise port.

**Manufacturing (Microelectronics, Medical Devices, Software, and Defense Systems)**

High tech manufacturing companies in Hillsborough County include CAE (flight and military simulation systems), B&M Precision (implants and components for brain probes and liposuction), and systems software development companies CIBERsites (application development), Computer Associates (internet security) and Quadrant Software (electronic document distribution).

**AGRICULTURE**

Hillsborough County has 2,800 farms, the 2nd largest number of farms of any county in the state of Florida and 28th highest in the country. Diversity is one of the keys to the success of Hillsborough County agriculture. Due to the increased production of high-value-per-acre commodities in the County such as ornamental plants, strawberries, aquaculture, sod, blueberries and vegetables the amount of farmland in production as decreased 1% since 1997, but the value of production has increased 42%. Hillsborough County ranks as the 4<sup>th</sup> largest producer of agricultural products in the state (out of 67 counties) and 59<sup>th</sup> in the United States (out of 3,076 counties). is in the top 2% of agricultural counties in the country. In 2012, an estimated 263,664 acres were utilized for agriculture production; this represents approximately 40% of the county's land area.

Annual commodity sales and acreage for 2012 are estimated as follows:

**HILLSBOROUGH COUNTY, FLORIDA**  
**Miscellaneous Data and Statistics**  
**September 30, 2017**

<b>Commodity</b>	<b>Acreage</b>	<b>Annual Sales</b>
Aquaculture	836	\$ 22,385,000
Beef cattle/pasture	92,415	25,797,660
Bees/honey production	39	689,132
Blueberries	591	10,700,000
Citrus	9,934	20,142,505
Dairy	1,500	5,934,300
Forestry	117,841	2,200,000
Goats	517	153,836
Hay	6,133	2,458,280
Ornamental plants	3,605	136,970,613
Poultry	37	915,300
Sod	1,531	8,280,083
Strawberries	12,114	265,819,785
Vegetables	12,994	150,000,000
Miscellaneous	3,577	50,078,000
<b>Total</b>	<b>263,664</b>	<b>\$ 702,524,494</b>

Local agriculture generates additional local economic impact by supporting related businesses such as banking, real estate, legal services, transportation, packaging, equipment, seed, agricultural suppliers and services, and marketing firms. Most agriculture goods produced in Hillsborough County are sold outside of the county. According to a study completed in 2005, for every dollar of agriculture goods sold outside of the county, an estimated \$1.86 billion is added to the local economy as a result of indirect and induced benefits. This study also calculated that agriculturalists contribute four times more in revenue (taxes, fees, transfer payments, etc.) to local government than they require in government services, effectively subsidizing government services for the urban residential population. These estimates show that agriculture remains an important part of the local economy.

**PORT FACILITIES**

Port Tampa Bay is Florida’s largest port both in terms of cargo tonnage and geographic acreage and handled over 36 million tons of cargo and 900,000 cruise passengers during fiscal year 2015. It is also one of the most diverse seaports in the country with multiple lines of business providing a solid financial footing and supporting an aggressive capital investment program for new development. Port Tampa Bay has an economic impact of over \$15 billion and supports over 80,000 jobs in the regional economy. One of the world’s premier fertilizer export ports, it is also the gateway for Central Florida’s energy products, construction/building materials and consumer goods. CSX provides on-dock rail service and the Port has nearly 500,000 square feet of warehouse space. The Port is also home to one of the largest shipbuilding and repair centers in the Southeast U.S. Port Tampa Bay is the closest port to the huge and expanding I-4 corridor market, which is Florida’s fastest growing region and home to the largest concentration of distribution centers in the state. To serve this market, the Port expanded its container terminal facilities by including two new post-Panamax cranes to complement its three existing container gantry cranes and heavy-lift mobile harbor crane. Port Tampa Bay has plans to quadruple its container terminal capacity.

**MILITARY FACILITIES**

MacDill Air Force Base is located eight miles south of downtown Tampa on the Southwestern tip of the Interbay Peninsula on the west coast of Florida. The impact of its operations in fiscal year 2014 was \$2.945 billion. The 6th Air Mobility Wing hosts 28 tenant units including the 927th Air Refueling Wing which uses KC-135R Stratotankers and a C-37A Gulfstream aircraft to conduct its air mobility mission, two non-aviation units: the United States Central Command and the United States Special Operations Command and 23 other units.

**HILLSBOROUGH COUNTY WEB SITE**

The Hillsborough County internet web site is located at [www.hcflgov.net](http://www.hcflgov.net). This site provides a convenient directory of government services and other useful information.

**RECREATIONAL FACILITIES**

A variety of entertainment activities may be found in Hillsborough County including numerous parks, beaches, restaurants with international flair, excellent golf courses, racquetball courts, saltwater fishing, tennis and shopping. Recreational facilities that appeal to both County residents and visitors are either located within the County or are only a short drive away. Walt Disney World including Hollywood Studios Theme Park, Universal Studios, and Sea World are all just over an hour's drive to the east. Two thirds of the state's major attractions lie within a 100-mile radius of Tampa. Busch Gardens, located in Tampa, is a family adventure park offering an array of fascinating attractions based on exotic encounters with the African continent. It offers an appealing blend of thrilling rides, one of the country's premier zoos featuring more than 3,000 animals, live shows, restaurants, shops and games. Adventure Island, which is located next to Busch Gardens, features a beach volleyball complex and 15 water play areas situated on 30 acres.

Hillsborough County is home to the Tampa Bay Buccaneers of the National Football League (NFL), who were the Superbowl XXXVII Champions in 2003. The Tampa Bay Buccaneers and University of South Florida Bulls football teams play their home games at Raymond James Stadium in Tampa. Raymond James Stadium is a combination of modern stadium design and its own innovations. Raymond James Stadium has a seating capacity of 65,890, expandable to 75,000, 12,000 club seats, 195 luxury suites, and 600 points of sale for food, beverages and merchandise. Raymond James Stadium has hosted special events such as Super Bowl XXXV in January 2001, and Super Bowl XLIII in February 2009.

In the heart of downtown Tampa's Channelside District, located between the Tampa Convention Center and the Florida Aquarium, lies the Amalie Arena one of the premier entertainment venues in the Southeast and home of the National Hockey League's Tampa Bay Lightning, who were the 2004 Stanley Cup Champions. The Amalie Arena also hosts many concerts, family shows and sporting events each year. In addition, the New York Yankees Major League Baseball franchise has spring training at the County's George M. Steinbrenner Field baseball stadium. The newly renovated University of South Florida Sun Dome is a multipurpose 10,411-seat arena located on the campus of the University of South Florida (USF) and is home to the National Collegiate Athletic Association's USF Men's and Women's basketball teams as well as other University events. Thoroughbred horse racing is also seasonally available in the County.

**CULTURAL FACILITIES**

Hillsborough County offers a variety of cultural facilities to residents and visitors. Lowry Park Zoo was ranked the number-one family-friendly zoo in the United States in 2009 by *Parents* magazine and in 2004 by *Child* magazine and recognized by the state of Florida as a center for Florida wildlife conservation and biodiversity. In 2014 the Lowry Park Zoo won a Travelers' Choice award from Tripadvisor.com and came in at #14 in the top 25 list of zoos in the United States according to Tripadvisor.com. Natural outdoor exhibits covering 60 acres for more than 1,700 animals from Florida and similar habitats include a Florida Manatee and Aquatic Center, Asian Gardens, Primate World, Free-Flight Aviaries, Wallaroo Station, and Safari Africa. The Zoo also features rides, shows and hands-on interactive exhibits. The Florida Environmental Education Center (Zoo School) serves more than 203,000 children annually. Programs offered are summer and holiday camps, daycare, preschool, and kindergarten. The 205,000 sq-ft Florida Aquarium is among the top aquariums in the world and has more than 20,000 aquatic plants and animals from Florida and around the world. The Florida Aquarium's Center for Conservation combines research and rehabilitation programs to give much needed support to animals in distress or imminent danger and ecosystems faced with both natural and man-made threats. This includes, but is not limited to propagating corals in Florida's Keys, rescuing endangered sea turtles and threatened river otters, assisting with dolphin and manatee rescues, assessing stress levels in sharks, documenting underwater cultural assets (a.k.a. shipwrecks) and raising awareness of sustainable seafood issues

The Straz Center for the Performing Arts is located on a nine-acre site along the east bank of the Hillsborough River. As the second largest performing arts complex in the southeast after the Arsht Center in Miami, the 335,000 square-foot Straz Center

**HILLSBOROUGH COUNTY, FLORIDA**  
**Miscellaneous Data and Statistics**  
**September 30, 2017**

provides an environment for a wide variety of world-class events. It boasts one of the nation's leading Broadway series and is nationally respected for producing grand opera, as well as presenting a wide variety of concerts, performances and events. The Tampa Convention Center, located directly on the waterfront in the heart of downtown Tampa, hosts a variety of conventions, tradeshows, and other special events year-round. In August 2012, the Amalie Arena hosted the Republican National Convention. The 600,000 square foot building offers 200,000 square feet of exhibit space, a 36,000 square foot ballroom, and 36 breakout rooms which total over 42,000 square feet of additional meeting space. Add to that, over 84,000 square feet of flexible space and you have the best venue for any meeting, convention or special event. After a busy day of lectures, seminars or classes, attendees are welcome to visit Ybor City or Channelside (movie theaters, restaurants, shops and nightclubs) located just a few steps away.

Museums in the area include the Museum of Science and Industry (MOSI), a science and technology center encompassing over 400,000 square-feet on a 74-acre campus of exhibits and hands-on displays. MOSI is now the largest science center in the southeast and 5th largest in the United States. Features include a hurricane simulator, a planetarium, and an IMAX Dome theater. The new 60,000 square-foot Tampa Bay History Center Museum located in the Channelside district had its grand opening celebration in January 2009. Other museums in the area are the Tampa Museum of Art, the historic H. B. Plant Museum at the University of Tampa, the Contemporary Art Museum at the University of South Florida, the Scarfone/Hartley Gallery at the University of Tampa, the Veteran's Memorial Museum and Park, the Ybor City State Museum, Glazer Children's Museum, and the Florida Museum of Photographic Arts.

Graphicstudio at the University of South Florida is one of the world's premier experimental printmaking facilities, hosting renowned artists on a regular basis to test new theories and methods of producing art. In addition, over 20 other visual art galleries showcase work from local, regional, and national artists. Graphicstudio's editions continue to be acquired by leading museums and collectors including the Museum of Modern Art, the Whitney Museum of American Art, the New York Public Library and the Centre Pompidou in Paris.

# **Other Supplemental Information**

## **Section**

**HILLSBOROUGH COUNTY, FLORIDA**  
**Other Supplemental Information**  
**Schedule of Receipt and Expenditures of**  
**Funds Related to Deepwater Horizon Oil Spill Lawsuit Proceeds**  
**For the fiscal year ended September 30, 2017**

	<u>Amount Received</u>	<u>Amount Expended</u>
US Department of Treasury, Restore Act	\$ --	--
Environmental Clean Up Consortium	--	--
British Petroleum (agreement not applicable)	\$ -- *	--

This Schedule is required by Rules of the Auditor General Rule Section 10.557(3)(n).

This schedule does not include funds related to the Deepwater Horizon Oil Spill that are considered Federal awards or State financial assistance. In addition, the Schedules of Expenditures of Federal Awards and State Financial Assistance do not include any expenditures of Federal awards or expenditures of State financial assistance, respectively, that are related to the Deepwater Horizon Oil Spill.

\*The County received \$22,780,940 as lawsuit proceeds related to the Deepwater Horizon oil spill. This amount was reported as miscellaneous revenues in the General Fund and as other revenues in the Statement of Activities (Governmental Activities) in FY 2015. The BOCC agreed not to spend these funds in FY 2015, FY 2016 nor FY 2017. This amount is not restricted and was not placed in a separate fund. As a result, no interest was allocated to this amount. If interest had been allocated, the cumulative balance would have been \$23,167,529 at September 30, 2017.
